Release schedules[ edit ] Data release schedule for United Kingdom census data The Office for National Statistics is responsible for publishing United Kingdom wide census data. These are co-ordinated releases coinciding with data published by the three national statistical authorities. National and Local Authority geographies. Living arrangements; Household composition; and Accommodation type. Subsequent releases of UK-wide Census specialist products[ edit ] A series of further releases, subsequent to the four main releases of Census statistics including migration tables, workplace tables, detailed religion and ethnic group tables, and statistics relating to alternative population bases. Specialist products would include: It is also suggested that data organised around alternative population bases may be produced. Release OD1a Origin-destination data 25 July â€” Migration, workplace and students for local authorities Release OD1a Origin-destination data 25 November â€” Movement of students from boarding school addresses Release OD1a Origin-destination data 25 November â€” Location of usual residence and place of work Release OD1c Origin-destination data 25 November â€” Internal and international migration. This was increased to five stages in October A detailed commentary accompanies each release along with relevant reference materials. Additionally there will be graphic visualisations providing further clarification and comparison between different data sets and comparison over time using data from earlier censuses. There will also be more specialist reports and products. Certain data bases will also be produced in the Welsh language. July â€” November [ edit ] Population estimates, age and sex, and occupied households estimates for England and for Wales Release 1. December â€” March [ edit ] Key and quick univariate single parameter statistics based on output levels, with release based on geography. It includes population information on international migration, age, ethnicity, national identity, health, housing and religion. Also labour force survey data. For Wales, there is data on the Welsh language and population data on unitary authorities. Background information covering families, general health and disability, unpaid care, language, occupation and industry, qualifications and economic activity. May â€” February [ edit ] Detailed characteristics in some cases determined by geography Release 3. Migration; ethnicity, identity, language and religion; health; and Welsh tables. Based on local authority areas. Number of usual residents and number of households for Postcodes. Key statistics for built-up areas. Based on local authority, regions, country, health areas and national parks. Migration, ethnicity identity, language, religion unpaid care and health. Based on local authority, wards, regions, country, heath areas and national parks. This release provides the first detailed cross tabulations of two or more topics previously issued in Releases 3. July â€” April [ edit ] Topics will include multivariate data based on combinations of; age, sex resident type, ethnic group, economic activity, general health, provision of unpaid leave, country of birth, occupation, dwelling and accommodation type, household space Release 4. Follow up to Release 3. Demography for Output Areas Release 4. Housing for Output Areas Release 4. Labour market for Output Areas Release 4. Occupations for Output Areas Release 4. Non UK born short-term resident population statistics for Local Authorities. Workday population statistics for Output Areas Part 1 Release 5. Workplace Population Statistics using the new workplace zone geography Release 5. Sixth phase releases May [ edit ] Release 6. Supplementary Releases via Nomis[ edit ] Release Sup. Release Small population Dataset SP2 18 December â€” separate ethnic group, religion or national identity by sex, age, economic activity, qualifications, provision of unpaid care and disability. The release phases are closely synchronised with those of the ONS for England and Wales with some marginal variations to allow for local administrative arrangements. Household number and size by geographic units. Second phase releases December â€” February [ edit ] Release 2. Third phase releases May â€” November [ edit].
