Hayate nodded and finished writing on the clipboard before turning it round so that they could see it. The winners of battles one and two will fight each other, the victor to fight the winner of battle three for a place in the final match. The winners of battles four and five will fight each other, the winner from that reaching the final match. Report back to your Jonin-sensei and be ready. Remember, you have one month to prepare. Naruto grinned as he reached out for the ladle, only for Hinata to slap his hand. Now here, eat up. If you manage to win that, you are up against either Naruto or Neji, most likely Naruto. I mean no offence, Neji-sama. The chances of you succeeding against all of them with your current capabilities is low. It was so embarrassing. From victory to defeat in half a second, and all because I let my arrogance take over. Speed as well, Emo needs to go faster, lots faster. I helped him train a bit, teaching him some ninjitsu that he could integrate into his fighting style. And Naruto is just too good. Hinata giggled and lightly slapped his chest. After a few moments, she twitched slightly, looking up at him despite the darkness. The remaining tigers fled, reaching Konoha just before my birth and Kushina snuck them into the Forest of Death, intending to place them somewhere else after I was born, using them as my bodyguards. Of course, the renegade Uchiha screwed things up and the tigers were stuck there until I discovered them. Scrolls, weapons, treasure that was hidden rather than smuggled out during the attack, even a summoning scroll or two. You need to train, Hinata. Let me check something with my tenant, I may be able to come up with something. Your review has been posted.

*A domestic entity may become a dividing association under this chapter by approving a plan of division. The plan shall be in record form and contain all of the following: (1) The name and type of the dividing association.*

TheBeardedOne With a Kekkaï Genkai awoken by an errant stone, Naruto must tame his new powers before he ends up hurting those he cares about. Fiction T - English - Naruto U. Did you really think that would change? Oh, there may be a delay before the next update, need to re-write several of the chapters. Naruto looked around as he stood in the large hall. Several other teams had made it, all of the Konoha 13 and another Konoha team, theSuna siblings and a a trio from Sound. An instant later, Anko appeared by his side and Naruto glanced back to see the Anko behind him vanish in a cloud of smoke. First, before I tell you what the third exam entails, I want to explain something about the test itself. Why do you suppose our country holds these exams in conjunction with our allies? To raise the ability levels of the shinobi and increase friendship between allied nations, to be sure. That was how the Chunin selection exams originally began. These exams give ninja a chance to test themselves against each other, carrying the pride of their nation on their backs. This exam could determine the course of your ninja work from here on out. And more importantly, those rulers will watch your battles, and take note of the strengths that each ninja, and each nation is developing. The strong nations are inundated with job requests for their ninja while conversely, the requests for countries that are deemed weak, decline. In other words, these exams are nothing less that a replacement for war, giving each nation a chance to show the strength of its shinobi, and thus the strength of its military. Before we do so, do any of you feel you cannot proceed any further? If you do, your team will not be penalised as the teamwork portion is over. Does anyone volunteer to participate in more than one battle? Well, with your Kekkei Genkai and training, how could you be otherwise. Could everone else please go up to the balcony to wait your turn. Leaping up, he landed by Kaze and stroked his head. Should you not cease fighting when I command, I am allowed to use any means I deem necessary, even lethal force, to stop you. As Akado jolted backwards, Sasuke stabbed him in the leg, sending him to the ground. Chouji gulped as Naruto vaulted down from the balcony, landing lightly in front of him. Before Hayate could say anything, Naruto spoke. Do I use my sword or my cat? Naruto glanced at him, then back at Chouji, who swallowed before taking his stance. Great Tiger Henge no Jutsu! Chouji backed away, then paused, forming handseals of his own. After a few moments of playing with Chouji, Naruto pushed him up so he flew high into the air, then rolled out of the way as he crashed back down to earth. As Chouji pulled hiself out of the crater, Naruto pounced on him and fastened his jaws to the back of his neck. Hinata stood firm, Kyouka a reassuring presence just behind her, as her opponant stopped opposite her. As he pulled himself up, Hinata landed in front of him. Eight trigrams, sixty-four palms! As Hinata finished, Dosu slumped to the ground, unable to move. Surrender now before you lose. Ino staggered as she tried to fight the effects of the auditory genjitsu, then she fell sideways and vomited. Kin released the genjitsu and threw a single senbon at her, spearing her in the thigh. I think that I win.
