

1: The Queen and the Cure by Amy Harmon - online free at Epub

Before reading The Queen and The Cure: There is no way this will top The Bird and The Sword While re-reading The Bird and The Sword: Nope. No way anything will be better.

Studying the certificate reveals its back, which is covered with strange fairy symbols. Talk to the Fairy chef , south of the bank. The inscriptions are south of the altar, on the wall, next to a tree. You must look at the sign and study the certificate If you were to translate it, the back of the certificate reads: We have fled to safety. Ask him what happened to the Queen, to which he visibly starts panicking and rushes to say that he will create a search party for her. The Godfather gives you permission to use the fairy rings to locate the queen. He asks you to speak to the Co-ordinator outside the room to learn more about the rings. After talking to the Co-ordinator and being informed of the vast history of the fairy rings and the queen, head south-west to the fountains where you should see a fairy ring. Talk to Fairy Fixit. After that, use the fairy rings while wielding a Dramen staff or a Lunar staff if you have partially or fully completed Lunar Diplomacy. See the fairy rings guide for all the possible combinations. Once you have done it correctly once, the sequence of four appears as an option at the bottom of the auto teleports listsâ€”you still need to do all four teleports. The Fairy Queen, on her bed, dying. Just go up the path, and head to the north-eastern room. Talk to Fairy Nuff who, along with Fairy Very Wise , informs you that the queen is not well because the Godfather has hurt her by not returning her magic secateurs. As her essence is drained, she cannot retaliate without obtaining the secateurs, which you accept to bring back. Head back to Zanaris, and pickpocket the Fairy Godfather. This requires level 40 Thieving to be completed successfully. If you fail, you will be teleported outside Zanaris. Try pickpocketing from behind or the side, and make sure neither of his henchmen are looking directly at you. Also, at this point, you will see orks patrolling Zanaris. Magic essence[edit edit source] Back at the fairy hideout, talk to Fairy Nuff , and give her the secateurs. She will use them to rejuvenate the queen, but they do not work completely. To make the potion, you need to collect some Star flowers and gorak claw powder. Star flower[edit edit source] Starflowers Return to the fairy ring and use the code CKP, which transports you to a cosmic plane. Move around for about two minutes whilst the Star flowers grow. You can pass the time by talking to the Cosmic Being who lives there, contemplating the mysteries of the universe. Pick a star flower when ready 49 Farming needed , and add your harvest to the vial of water 57 Herblore neededâ€”however, if you are boosting , wait until you have the gorak claw powder because you need 57 Herblore to finish the potion. Gorak claws[edit edit source] Return to Zanaris , and withdraw any armour and weapons , along with around 10 pieces of good food. Goraks are very accurate, so take the best melee armour you have. They are aggressive, but luckily, they are not located in a multicombat area , therefore you can only fight one at a time. However, by remaining in the fairy ring, they will not be aggressive until they are attacked. A player safespoting the goraks Note: It is possible to safespot the goraks see picture. It may prove a bit difficult, since they are aggressive, so be extra careful if you are low levelled. At the Zanaris fairy ring , use the sequence DIR to get to another plane full of goraks. You must have the certificate in your inventory for this to work! They are level or and occasionally drain stat points. Kill them, eating food when necessary and drink restore potions if needed until you get a gorak claw. To leave, equip your staff of choice and teleport to Zanaris using the right-click option on the fairy ring. Crush the claw with a pestle and mortar to get gorak claw powder. The final scene[edit edit source] Mix the star flower and gorak claw powder into a vial of water to make a magic essence potion 57 Herblore needed. Return to the Resistance Hideout , use a dose of the magic essence potion on the queen , who finally regains her senses. The player uses the magic essence on the Queen, saving her life! As the queen angrily prepares to return to Zanaris and take back her throne, Fairy Very Wise and Fairy Nuff remind her that the Fairy Godfather has thugs and orks at his disposal.

2: The Queen and the Cure by Amy Harmon

The Queen and the Cure is the story of Kjell, brother of King Tiras, bastard son and soldier. He and his men have been traveling the lands hoping to hunt and kill the last of the Volgar, a bird creature hybrid that is dwindling in size.

He had slayed monsters and men, he had bathed his hands in blood and he protected his heart with a shield of stone, afraid to feel, afraid to dream. When he learned he was a Healer, blessed by the Gods, it was not easy for him to find the balance between his sword and the cure he could offer, he could not understand how to care for anyone other than his brother. But one night, under sharp rocks and with sand in his clothes, he met There once was a man named Kjell of Jeru who was not easy to love. But one night, under sharp rocks and with sand in his clothes, he met his Fate. And they saw nothing else. She did not know who she was, where she came from and what was her place in the world. But she did know Kjell of Jeru. She came to love and cherish him, she saw beneath his cold mask and removed it. But love was denied. Stars fell from the sky and ancient trees came to life, harbingers of sorrow, heartache, and truth. And Kjell of Jeru faced a destiny he was sure it was never meant to be his. It was made of strands of light intertwined with the deepest color of the darkest night. And this story needed to be told. To be given to mankind. For this mission, they chose a mortal woman with her soul in her hands. She was a Teller named Amy Harmon. Her Gift was bestowed by the Muses. She could infuse words with a storm of emotions. She could paint green landscapes and tumultuous waters and nightmarish monsters and imposing castles with mere sentences. She could create beauty so devastating, so overwhelming, that the heart could not contain it, but released it in the form of tears. She did their story justice. He was not generous. He was not courageous or compassionate. He simply loved her. And love made him a better man. Kjell, the soldier and the healer, was a man special. And when he loved, he did not hold back. Sasha was the epitome of kindness. She was unaware of the concept of lies, her Gift was mostly a burden, but she never lost faith. She was regal in every way. The only danger to their love, was herself. Their journey was not easy. Their road was not paved with flower petals. Their song was both gleeful and mournful, a ray of sunlight and a lamentation that broke you piece by piece. But it was beguiling, and once you were caught in the nets Amy Harmon intricately wove, you belonged to her. I will try to love you, if you but come back. In our world, it can be found in stories.

3: Fairytale II - Cure a Queen | Old School RuneScape Wiki | FANDOM powered by Wikia

The Queen and the Cure is the story of Kjell of Jeru (he is the brother of King Tiras who we met in book 1). Kjell has never wanted to be king and is content being Captain of the Guard of Jeru. Kjell also has a special gift and is a healer.

He will tell you to come back once his crops are grown, so wait until your quest menu says his crops have had plenty of time to grow; this takes approximately five and a half minutes of logged in time. Talk to him again. He informs you rather crossly that there is still something wrong with the crops, not believing your story about fairies and accusing you of creating this problem. Agree to investigate for him. Studying the certificate reveals its back, which is covered with strange fairy symbols. Talk to the Fairy chef, south of the bank. The inscriptions are south of the altar, on the wall, next to a tree. You must look at the sign and study the certificate. 4: The Queen and the Cure (The Bird and the Sword Chronicles #2) by Amy Harmon – Steamy Reads

The Queen and The Cure took this to a whole new level and it will live in my heart always. Emotional, vivid, lush, heart wrenching and heart healing. Emotional, vivid, lush, heart wrenching and heart healing.

May 9, Publisher: He was the bastard son of the late King Zoltev and a servant girl, and the ignominy of his birth had never bothered him. But there is more to a man than his parentage. More to a man than his blade, his size, or his skills, and all that Kjell once knew has shifted and changed. He is no longer simply Kjell of Jeru, a warrior defending the crown. Now he is a healer, one of the Gifted, and a man completely at odds with his power. Called upon to rid the country of the last vestiges of the Volgar, Kjell stumbles upon a woman who has troubling glimpses of the future and no memory of the past. Armed with his unwanted gift and haunted by regret, Kjell becomes a reluctant savior, beset by old enemies and new expectations. With the woman by his side, Kjell embarks upon a journey where the greatest test may be finding the man she believes him to be. This is the sequel companion to *The Bird and the Sword*, which I reviewed over here. It contains tiny, slight spoilers about the first book. The main character, Lark, was a quietly powerful heroine whose lack of voice made her actions all the more meaningful. While Lark and Tiras have cameos in this story, it centers upon Kjell, the half-brother of Tiras and bastard son of the king who discovered in the previous book that he was Gifted and had the power of healing. *The Queen and the Cure* was another more quiet, yet still emotional read that had tremendous characterization as both Kjell and Sasha tried to find where they belonged in a fantasy world that is progressing and changing. Told at first from the third person perspective of Sasha, and then Kjell, we see Sasha as a slave in a small village where her Seer abilities are feared. From then on, she joins him on his journey to get rid of Volgars, mutant bird-men creatures that only exist to destroy and destruct. I guess the biggest thing reading this book was trying not to compare it with the previous story, which I so dearly loved. He was very easy to like, mostly because of his vulnerabilities and the emotional growth that his character went on. Kjell started from being the lonely soldier who never quite belonged in his kingdom the way his half-brother Tiras did, to someone accepted by the woman he loved, and someone who could use his powers to save people. He was not a man who loved or nurtured. I really liked her in the beginning when we saw her quiet, helpful, and regal ways. Her power as a Seer is that she can see small glimpses of what the future may hold in store. Sasha has lost her memories before becoming a slave, so her identity is a bit of a mystery until the plot twist. After that twist, it was harder for me to connect to her. The romance was really very sweet as it was emotional, though. Either way, I was totally onboard with this ship. I like the fact that they are also separately strong. Even without the other, they will grieve and be heartbroken but will still continue to function with clarity and strength and intelligence. That makes it all the more heartwarming when they come and work together. He was not generous. He was not courageous or compassionate. He simply loved her. And love made him a better man. For me, it happened too conveniently, too well-placed, and too easily-resolved. Still, though, I loved the writing and the characters. This is a world where oppression for the Gifted – magic users – has recently been lifted after the first book, so the setting is still dealing with change and preconceived misconceptions. While the first book was driven by an actual antagonist, *The Queen and the Cure* focused a lot more on character development. Harmon writes the world with detail for these aspects, as well as continue with gorgeous prose that allows readers to immerse themselves in the story. *The Queen and the Cure* was ultimately a beautiful companion sequel to a magical world that just comes alive. I really urge fantasy readers to pick up the previous book, *The Bird and the Sword* – even more so if they love exceptionally sweet and emotional romances. Harmon writes in new characters that readers also grow to love as well in this incredibly character-driven story.
