

1: Raven's Shadow Series by Anthony Ryan

Queen of Fire is the ending to the trilogy Raven's Shadow, a fantasy series that I felt wasn't groundbreaking but I enjoyed nonetheless. Queen Lyra is bringing the fight to Volarian soil in order to end the war once and for all.

There present variety of motives behind it due to which the readers quit reading the eBooks at their first most effort to utilize them. However, there exist some techniques that can help the readers to really have a good and successful reading encounter. A person ought to correct the correct brightness of display before reading the eBook. Because of this they have problems with eye sores and headaches. The very best alternative to overcome this severe problem is to reduce the brightness of the screens of eBook by making specific changes in the settings. It is suggested to keep the brightness to possible minimum amount as this can help you to raise the time you could spend in reading and provide you great comfort onto your eyes while reading. A good eBook reader should be set up. It will be helpful to have a good eBook reader to be able to have a good reading experience and high quality eBook display. You can even make use of complimentary software that could provide the readers with many functions to the reader than only a simple platform to read the wanted eBooks. Aside from offering a place to save all your valuable eBooks, the eBook reader software even offer you a large number of features to be able to boost your eBook reading experience compared to the traditional paper books. You can also improve your eBook reading encounter with help of alternatives supplied by the software program for example the font size, full screen mode, the particular variety of pages that need to be shown at once and also change the color of the backdrop. You should not make use of the eBook always for many hours without breaks. You need to take proper breaks after specific intervals while reading. Yet, this will not mean that you need to step away from the computer screen every now and then. Constant reading your eBook on the computer screen for a long time without taking any break can cause you headache, cause your neck pain and suffer with eye sores and in addition cause night blindness. So, it is vital to provide your eyes rest for a while by taking breaks after particular time intervals. This can help you to prevent the troubles that otherwise you may face while reading an eBook always. While reading the eBooks, you need to favor to read enormous text. So, increase the size of the text of the eBook while reading it at the screen. Although this can mean that you will have less text on every page and greater number of page turning, you will be able to read your desired eBook with great convenience and have an excellent reading experience with better eBook screen. It is recommended not to go for reading the eBook in fullscreen mode. Although it may seem easy to read with full screen without turning the page of the eBook quite frequently, it put ton of pressure on your own eyes while reading in this mode. Consistently favor to read the eBook in exactly the same length that will be similar to the printed book. This is so, because your eyes are used to the length of the printed book and it would be comfy that you read in exactly the same manner. Try different shapes or sizes until you find one with which you will be comfortable to read eBook. By using different techniques of page turn you can additionally boost your eBook encounter. Check out whether you can turn the page with some arrow keys or click a certain part of the display, aside from using the mouse to manage everything. Prefer to make us of arrow keys if you are leaning forward. Lesser the movement you have to make while reading the eBook better will be your reading experience. This will definitely help to make reading easier. By using every one of these powerful techniques, you can surely enhance your eBook reading experience to a terrific extent. This advice will help you not only to prevent particular hazards which you may face while reading eBook often but also ease you to relish the reading experience with great comfort. We recommend to buy the ebook to support the author. Thank you for reading.

2: Queen of Fire (Raven's Shadow Novel, A) - Ebook pdf and epub

Queen of Fire is an epic fantasy novel by Anthony Ryan. It is the third book of the Raven's Shadow series. "The Ally is there, but only ever as a shadow, unexplained catastrophe or murder committed at the behest of a dark vengeful spirit.

In preparation for the final book, I also reread the first two books in the series Blood Song and Tower Lord. In doing so I gained some valuable insight into rereading books that I want to share with all of you. The mind-blowing insight is essentially that sometimes rereading a book makes you like it a lot more. I know, your mind is blown. For those of you unfamiliar with the series, Blood Song is a fast paced story about a boy taken into a military order as a child. He is then raised to be a member of an elite group of warriors whose purpose is to protect their country from harm. It is also one of my favorite books ever. The book has the school element that Harry Potter and Name of the Wind do so well combined with a squad of well developed and interesting characters. The first book is completely from the perspective of one character, Vaelin, and details a good portion of his life, often jumping forward many years at a time as the book goes on. The book is exciting and suspenseful, the plot is well written, the world building is excellent, and the book is beloved by numerous fantasy fans young and old. Additionally, it has some of the best fighting and action around. If you have not read Blood Song yet, I recommend you check out this book beloved by almost all who read it. Then we have Tower Lord. I believe that much of the dislike for the book stems from a dramatic change in narration style; going from one perspective to four. Many fans grew very attached to Vaelin, and were upset to see him share the limelight with three other characters. Which is a damn shame, because the other POVs are all just as amazing. When I initially read Tower Lord, I fell into the disappointed camp. In addition, Anthony Ryan does not hold any hands when it comes to remembering who characters are. This becomes particularly important in both Tower Lord and Queen of Fire, as tons of minor characters that I put out of my mind turn out to be important to the plot. These two factors negatively colored my experience with the book, and I ended up thinking it was a subpar sequel to one of my favorite books. The second time around, without the baggage, I think I would say that Tower Lord is possibly a better book than Blood Song. The sequel has almost everything Blood Song did, with a few bonuses. While the pace is a little slower, the book more than makes up for it with three fantastic new points of view and a complexity that was absent in the first book. Through the eyes of all four characters the world and cast is greatly expanded without losing any of the world building, action, and excitement. I recommend rereading Tower Lord like I did if you did not enjoy it the first time around. To continue pounding this message in, definitely reread the first two books before starting. If you feel like you could use a book summary or glossary as you read it, your memory of the first two books is probably not sharp enough to fully enjoy it. Some of you might not care about this, but I wanted to enjoy the finale to one of my series as much as possible. Queen of Fire is in five point of views, expanding the cast of Tower Lord with one additional voice. I think it would be best if I avoid any spoilers, so I will simply tell you it is good. The book kicks off right from the start with a few great twists and keeps them going all the way through. Queen of Fire shows that Anthony Ryan always had a deep and complex story planned from the start, and that Blood Song was certainly just the opening chapters. The pacing remains fast and the action rises to new heights of intensity. Overall I thought it an excellent end to the trilogy. In addition, the scope of some of the final fights between armies were a little too large for me to fully grasp. I think that Anthony Ryan is a king of combat description when it comes to individual players, but his larger battle field descriptions are not quite on the same level. However, even with these minor complaints I still loved the book start to finish. If you have not started Blood Song you should. If you are about to start Queen of Fire, make sure you have read the first two recently and enjoy the conclusion to a great story.

Sorting truth from myth is often a fruitless task. Except, to accomplish her goals, she must do more than rally her loyal supporters. However, his path is riddled with difficulties. For the Volarian enemy has a new weapon on their side, one that Vaelin must destroy if the Realm is to prevail—a mysterious Ally with the ability to grant unnaturally long life to his servants. In the aftermath of her victory in Alltor against the Volarians, Queen Lyrna gathers her alliance of Realm-folk and now decriminalised Gifted, and marches across the realm to Varinshold. Meanwhile, The Shield leads her Meldenean allies to harry the Volarians at sea, and Verniers heads to the Alpiran Empire on a diplomatic mission to seek aid against the Volarians. However, she must do so without Vaelin Al Sorna who heads on a mysterious mission. In the wilds he discovers Erlin and who he really is; the supposedly legendary Kerlis the Faithless who denied the Faith and was cursed to live forever. Erlin leads Vaelin to a Memory Stone where he learns of the original people who built the Fallen City and how The Ally was corrupted by sorrow at the death of his wife Essara, and killed by her brother Lionen. Queen Lyrna prepares her invasion of the Volarian Empire, aided by Alornis Al Sorna who proves herself an adept innovator in shipbuilding and military hardware. To prepare the assault, Frentis is pardoned for killing King Malcius, provided he leads the vanguard into the Volarian Empire. Frentis is armed with a vial of the dark viscous liquid from the High Priestess of the Lonak, which can free the Volarian slave soldiers from their binding. Her fleet finally ready, Queen Lyrna embarks for the Volarian Empire. The Empress seems intent above all in killing Lyrna herself; the so called Queen of Fire. In one attack the Empress draws the Realm forces into a melee purely to allow her new Varitai, including a enslaved Aspect Arlyn, to attack Lyrna in the flank. In the great arena they find Reva alive, having been forced to fight in a series of deadly duels. However, the victory is short lived. The Ally, although securely bound, reveals his Gift which allows him to freeze everyone like statues. Frentis promptly knocks The Ally unconscious. A tense exchange ensues between Frentis and Elverah until she is shot through with arrows. When The Ally regains consciousness, Weaver draws his power from him with his Gift. The Ally is then taken into the bowels of the arena where he is forced to touch the mysterious black stone which consumes him. In the aftermath, much of the Volarian Empire has been annexed into the Unified Realm. However, Verniers returns after his failed diplomatic mission to inform Lyrna that the south has been annexed into the Alpiran Empire. In the end, Vaelin takes the black stone that consumed The Ally on his journey back to the Northern Reaches. He smashes the black stone to dust and scatters it into the sea.

4: Download [PDF] Queen Of Fire Book 3 Of Raven S Shadow " Fodreport eBook

Queen of Fire read online free from your Pc or Mobile. Queen of Fire (Raven's Shadow #3) is a Fantasy novel by Anthony Ryan.

Now she must rally her troops and take back the capital from the Volarian invaders. But driving her hated enemy out of the Realm will not satisfy her lust for vengeance - she wants to pursue them across the ocean and burn their empire to ashes. To do so, she must place her faith in the Seventh Order: Vaelin Al Sorna would sacrifice his life for his queen - and may yet have to. To this end, Vaelin must travel deep into the icebound north, in search of a man who cannot die - and he must do it without the aid of his blood song, which has fallen ominously silent Available as pdf, epub and kindle books to download pdf Queen of Fire: Non Spoiler Sum Up of Feelings: I will have a soft spot for him always. I got really bored with it and it lost any shock value. I read a ton of Epic Fantasy with huge casts and never have I had this problem as much as in this book. Not a deal breaker for me usually but I was really unhappy with where he left the majority of the characters. I was more upset when an Animal died than I was when some of the actual semi-main characters died not a great sign. Well I suppose at the beginning. But in QoF it was really hard for me to distinguish between a lot of the characters. I never really felt like I was reading 4 separate individuals when switching between them. Part I was actually my favorite of the book. They are marching to the capitol city to try and take it back and I still had so much hope for the book in this part. The suspense of what will happen when Vaelin and Frentis finally meet up, will the aspects get out alive, will Alucius and Alornis reunite, who will kill Darnel etcâ€¦ Davoka who was so awesome up until now ends up being a babysitter and disappearing for half the book. To say everything went downhill for me at this point is an understatement. I loved her as a disfigured powerhouse, I thought it made her more. She gets healed and seriously is out for blood. Weaver picking up some of her ability for speech and memory though was really interesting. Seriously I have never had a book fail me so miserably on the romance front. I still never understood how he ended up in the beyond holding them all prisoner. The Wolf turning out to be like a god was one of the most interesting things in the book to me. It was an old power, there even before the Ally. I totally liked the idea of that and wish we could have explored that even more. I became numb to all of the references to being raped, threats of rape and did I mention the rape. Seriously how many atrocities can you mention, if you are a slave woman just assume you will be raped repeatedly by any and all Volarian men. If you are a man you will be beaten bloody, whipped and forced to fight to the death in the pits, made a slave warrior or perhaps just used for your strength. Or killed and displayed in horrible fashion as a warning. I know this was supposed to be a dark fantasy but I got bored with all the violence for the sake of violence. Everyone was traveling at the same time to different places. The brilliant strategist made fatal flaws in quite a few places. Frentis is also traveling but at least he is killing and building a slave revolt at the same time so his story is more interesting. Pointless deathsâ€¦Caenus, Dahrena, Allucius etc etc etcâ€¦. Except for Allucius I was more upset about Snowball and the Slavehounds deaths than any others. Galdiator - Well I did like the repore between the Shield and Reva, it was actually one of the more fun relationships in the book. But this area seemed taken completely out of the movie gladiator and just thrown in. But I was really nit-picky about everything by the time I was at this section in the book. Or should I say the Non-Ending - What the hellâ€¦. But maybe it will take hundreds of years before he is corrupted by it. Everyone in the beyond is free and moved on to whatever death holds for everyone else. Sherrin Never shows up at all is just remembered in passing by a few people. Lyrna goes on to rule with no King even though I thought a marriage with the Shield would have been great politically to give her a lasting alliance with the Maldenians. As Vaelin is destroying the black stone I was just hoping for a second that his song would sound again or that there was a hint of something happening but nothing. It is like AR left it completely open because he intends to write more stories in this world. I understand that endings are hard, especially in fantasy, but with Blood Song, the first book in this trilogy, Anthony Ryan created something special and although the second book in the series Tower Lord was a slight misstep , I still enjoyed it, but to say that Queen of Fire disapp There is no other way to say this other than this book broke my heart. I

understand that endings are hard, especially in fantasy, but with Blood Song, the first book in this trilogy, Anthony Ryan created something special and although the second book in the series Tower Lord was a slight misstep, I still enjoyed it, but to say that Queen of Fire disappointed me would be the understatement of the year. The United Realm has been invaded by the Empire of Volar, a sadistically evil nation who outwardly practices slavery and appeals to the worse base of human nature and cruelty. You think something is barbaric and cruel and dehumanizing, well the Volarians feel that is just the way of doing business. Not only are they evil, but they are ruled in the background by a dark and mysteriously powerful being termed the Ally who pulls the strings of the ruling council while also granting said members near immortality, mysterious abilities and wealth beyond their wildest dreams. At the start of our novel, the people of the United Realm have just crushed a large Volarian army at Alltor, the capital city for one of the provinces of the realm and are now making plans to remove the Volarians from their capital city Varinshold and the remainder of the realm while taking the fight to Volaria itself in order to ensure that the Volarians stay gone forever. The strength of the first book of this series, Blood Song lied in the characterization of the characters. Every character in that book felt unique, believable, and tangible and they spoke with their own voice. The characters all felt real and they grew organically into full-fledged human beings in their own right. The biggest example of this was Nortah, a character who was simply a jerk at the beginning of the Blood Song, but through the trials of the story transforms into one of the better characters of the series. If at the start of Blood Song, you would have told me that Nortah would become one of my favorite characters in the series and I would have never believed you. Fast Forward and contrast that with Queen of Fire, and there is almost no characterization between hardly any of the characters. Honestly, this phenomena is not entirely unique, as characterization died in this series with Tower Lord, but I digress. In Queen of Fire, every character speaks with almost the same voice and little is given to motivate their actions or why a character is doing anything. This is a problem, because there are A LOT of characters in this book, a lot of side characters as well as POV characters, and while not all the POV characters held my attention, the complete lack of character among any of the side characters made all of them readily forgettable and caused none of them to stand out. In this book, it felt like the characterization took a back page so that the author could focus more on his world building. That being said, I would highly advise that you reread Tower Lord before you pick up this book, as you will need a cheat sheet of sorts to keep track of who is who as you read the novel. Vaelin Al Sorna, ostensibly the main character or the hero of the series, will go down as one of my favorite fantasy characters to ever grace the written page. However, his treatment in this novel is nothing short of a disaster. To put it mildly, Vaelin in the first two novels was a man that you did not want to cross, he was arguably the best swordsman alive and his Blood Song gave him nigh omniscient. In Queen of Fire, that is pretty much all gone, as he has lost his blood song, which would not be so bad, however, he has lost a lot of his ability to fight. Even though he regains both his confidence and his skills early in the novel, in my opinion the damage had already been done to the character and for me personally he lost a lot of his appeal, as his confidence and sure nature as well as his martial ability was what made him appealing to me in the first place. Add to the fact that his POV chapters on the ice, were tedious to the extreme, incorporating a lot of walking, a lot of mysterious and foreboding innuendo all seemingly building up to a massive crescendo but in the end all being revealed in a gratuitous information dump. In retrospect, it was all a waste of time. However, the biggest sin of this trek was that while the rest of the United Realm was invading Volaria, ostensibly your main character is as far away as he can be from the action. At least in the Tower Lord, Vaelin, got a scene at the end where he was able to effectively break and end the siege of Alltor, but here he shows up at the end after all the fighting is said and done, he pulls another POV character aside, gives an info dump and then kills the main baddie in a totally pedestrian and utterly forgettable manner. It was extremely disappointing to say the least. That brings me two the villains in this novel. To label them mustache twirling villains would be an insult to the mustache twirling villains association of America. The Volarians are just evil with no redeeming qualities, and the two main baddies offer no sense of menace throughout the entire novel. Eleverah was interesting in the Tower Lord, and the Ally was that all powerful force behind the throne of the most powerful nation on the planet, however circling back to the lack of characterization argument, both of these characters are relegated to cartoon villainy in this novel. Eleverah was showing signs

of growth in the last book, but all that is thrown away here, as she is just sadistic, cruel, petty and in the most damning quality for a villain proved, she proved to be utterly incompetent. One could argue and the author does imply that she is patently insane, but still insane villains can often be unconventional, unpredictable and dangerous, of which Eleverah was none. It was so bad, that at the end, I found myself wondering, ok, maybe she is crazy like a fox and there is some great stratagem that she has cooked up that will make this final showdown great at the end. Also the Ally, while his origins were cool, his motives were weak, and a lot of time was spent building up him as this great tool of death and destruction and then when you find out why he is so evil, you are like, really? Also, to be the big baddie in the series, he went out in the worst manner you can take out the main evil guy, it was fairly bad. Paper tigers of the world should stand up and take note, as this is how you create a paper tiger. The empire of Alpira, the nation invaded by our heroes in the first novel has been fighting Volaria for centuries, and Alpira wiped the floor with our heroes in the first novel. However, in this book, Volaria went down like a good old fashioned house of cards. The Empress Eleverah, pulled a trick here or there, but it never felt like the Realm was ever in any serious danger of losing even without the great Vaelin Al Sorna in the forefront. The explanation given in the novel was that they essentially used up all of their best troops trying to invade the United Realm, and slave revolts were stripping their ability to field a decent army but this really was an anti-climactic way to set up a final war. This was utterly disappointing and robbed the novel of any tension or sense of danger in the novel. I never thought one of our heroes would die, even given the dour circumstances they were in, because the Volarians proved utterly incompetent to stop them. The list of disappointments could go on and on, Brother Caenis once again gets short treatment, although his character does get an interesting turn. Sherin does not show up yet again, which I found puzzling. There is some good in the novel however. Blood Song, and ostensibly the entire series could be a referendum on war and what it does to the powerless and those who fight it. That theme is carried on here throughout the novel as Ryan does a great job showing the visceral effects of the Volarian invasion on the United Realm while also showing the cost that liberation from said Volarians has on the Vox Populli, as well as the liberators. The book also raises the question of when in the process of revenge do you become as bad as the people you are reaping your vengeance upon? Does your cause remain righteous even when it causes you to do unrighteous things? The book also shows how the strong the idea of vengeance and even religious fervor can be whipped up by leaders to get a reluctant populace to stand up and fight a war even when their children may starve throughout the winter given the devastation of their homes.

5: Queen of Fire by Anthony Ryan | www.enganchecubano.com

Praise for the Raven's Shadow trilogy "Fans of broadscale epic fantasy along the lines of Robert Jordan's Wheel of Time series and George R. R. Martin's Song of Ice and Fire novels should find this debut much to their liking."

Non Spoiler Sum Up of Feelings: I will have a soft spot for him always. I got really bored with it and it lost any shock value. Hirkan of the Red Axe â€” Champion to the Othra mountain tribe.

Queen of Fire (spoilers) (www.enganchecubano.comShadow) submitted 3 years ago by Monikerss Alright, I know that the next book is coming out later in the week so i figured that before it did I should voice my theory.

The Brothers of the Sixth Order are devoted to battle, and Vaelin will be trained and hardened to the austere, celibate, and dangerous life of a Warrior of the Faith. He has no family now save the Order. He cherishes the memory of his mother, and what he will come to learn of her at the Order will confound him. His father, too, has motives that Vaelin will come to understand. But one truth overpowers all the rest: Vaelin Al Sorna is destined for a future he has yet to comprehend. A future that will alter not only the realm, but the world. Plot Summary Edit The framing device follows the Hope-Killer , as Vaelin is known, who is an adult prisoner of war of the southern nation , being transported to a duel at the behest of his captors. A duel to the death everyone believes he will lose. He is being transported alongside a historian who begins to chronicle his life story. Vaelin is unceremoniously dumped by his father on the steps of the Sixth Order when he is ten and his beloved mother has just died of an illness. He endures some of the most brutal training in warfare imaginable to become a warrior monk. He must survive seven years and seven deadly tests that weed out the weak and the morally unfit to become a full Brother. Even as a novice, he survives assassination attempts, foils the attempt to murder one of the leaders of another order , falls in love with a Sister in the healing order , befriends a heretic with magical powers , and fights a crime lord with less pleasant magical powers. These trials forge Vaelin and the novices in his group into true brothers-in-arms. Eventually, he falls under the sway of the brilliant but ruthless King , who schemes to pass on a stable and economically secure realm to his well meaning but seemingly ineffectual heir. As a Brother, he must go on campaigns against some rebellious heretics and a usurping Lord , during which he learns that he may have a magical gift himself, something that is explicitly against the national religion. That gift, the titular Blood Song, will guide him to his righteous fate if he learns to control it. Before long the King turns his envious gaze on the rich southern nations. In the heat of battle, Vaelin kills the heir to the nation, a man known as The Hope ; giving Vaelin the unwanted title of Hope-Killer for the rest of his life. During this time he deals with an outbreak of a lethal plague and tries to develop his gift. At the end of the war, he surrenders the city and himself under the condition that his people, including the woman that he loves, are allowed to leave. Throughout all this, he is confronted with two great mysteries. Does there exist a Seventh Order of their Faith, and is it good or evil? What are the malevolent spirits that throughout his life have tried to kill him? Malevolent spirits that can possess the bodies of the living, even one of his closest friends. If Vaelin wins, a southern noble will be returned. After so many years in solitary confinement, can he really win this duel? Vaelin walks away to freedom.

8: Queen of Fire: Book 3 of Raven's Shadow - Book Kindle

Blood Song is an epic fantasy novel by Anthony Ryan, exploring themes of conflict, loyalty and religious
www.enganchecubano.com is the first book of the Raven's Shadow series.

John Morber May 28th, at 1: You should charge more though. Its worth alot more then your asking. Any publisher would have released it hardbound. It is that good. Angel No he up there with David Eddings. Reading then getting his audio book and just lost my self. I hope to get more Slab stories done when Tower Lord is out of the way. Stay tunedâ€¦ Patricia Foran May 28th, at 7: I have just finished the first two Slab stories, have purchased the third and plan to spend a great afternoon reading it. Rest assured, I will be waiting for all of your future publications. Keep up the great work. Mark May 31st, at Freakin good story brother, freakin goodâ€¦ I burn thru 1 or 2 books a week long bus commute downtown! Darryl June 30th, at 7: I told my wife the exact same thing yesterday. Just started the search to find out when the next book will be released when I found this site. I am reading about 2 books a week. The Kindel has changed my access to reading and finding books like this and keeps me coming back to look for more great books. When I finish a book like this it is almost depressing ready for the story to continue , will wait anxiously for the next one! Agree completely that this would make a great mini-series! Christian Jones June 1st, at 8: The last time all 3 of us read a book together was the Hunger Games. Jim June 6th, at 8: One of my major challenges is finding new content that is genuinely enjoyable. Keep up the good work. Natalie June 11th, at 2: Eagerly awaiting the next book in the series! Andrew Peschar June 13th, at I think you have created a unique character in an engaging world. I was disappointed to come to the end and I will be as keenly awaiting the next in the series. Thanks for the great read. David Blood song was great. When will book 2 come out? You just need to proofread a little better. Thank you and God Bless. Chris June 15th, at It sounded interesting so I took a chance. Characters are interesting and authentic; the plot is perfectly complex and engaging; the narration and style was fresh and effective. Anthony Ryan many thanks Chris â€” just waiting for the life changing money to arrive, no sign of it yet though. Being an avid fantasy reader sucks sometimes. I feel like I should add release dates to my calendar just so I have something to look forward to like birthdays, holidays or events. Like Chris Tower Lord has now been added to my evergrowing list. Congrats on a truly great book! Daniel June 15th, at On par with anything I have read recently. Complex and new enough to keep me interested from start to finish. Cynthia Just finished Blood Song and absolutely loved it. Best of luck with your self published venture! I think your future is bright. Casey Sletten June 21st, at 5: All the praise is well deserved above, and I beleive the money will come. The book was inspiring, and even pulled my wife in as I would describe the sereis to her after reading. Hold out for a Showtime deal, when the decide they want a story to grab new subscibers. I truely believe this story is that good. My luck favro you. Anthony Ryan Thanks Casey. Joe gorecki Blood song is great. Laurel Just finished Blood Song and was completely enveloped in the story. Chris Smith July 6th, at I just wanted to write a quick note to tell you how much I enjoyed reading Blood Song. It was truly a well thought out and well written story. Many authors can do one of those, few can do both successfully but you have accomplished it. I look forward to the enjoying the rest of the tale.

9: Raven's Shadow Audiobooks - Listen to the Full Series | www.enganchecubano.com

Queen of Fire is the New York Times bestselling final novel in the Raven's Shadow series, which began with the critically acclaimed Blood Song.
