A variety of fun and challenging activities provides students with practice and helps introduce basic skills to new learners. This full-color workbook contains appropriate passages and exercises based on national standards for fifth grade to help ensure that children master reading comprehension skills before progressing. Skill Builders combines entertaining and interactive activities with eye-catching graphics to make learning and reviewing fun and effective. The compact 6" x 9" size makes this book perfect for school, at home, or on the go. It features 80 perforated, reproducible pages and an answer key. Customer Book Reviews my son loves it By Amanda on Nov 27, I have been looking for a vivid and interesting reading workbook for my son for quite some time. This book came as a great help. It contains more than 70 pages of activities with clear explanations and an answer key. My son really liked the stories, which reinforce reading comprehension skills and entice reluctant readers with engaging topics. The questions of the passages are well developed as well. This book also provides specific support in the reading skills and standards that my son is learning in his classroom. My son has already seen how the techniques help him in his normal reading work. He is now probably the top language student in his class. In the Beestar online reading tests a nice website beestar. Seems like as many problems but just looks differently. Many genres including fables, myths, nonfiction, and fiction. It has worked really well also because I am using a summer theme of around the world and I have been able to pull different pieces to match each continent because the topics are so varied. Would get it again in a heartbeat. Great added work after school to improve reading understanding. Reading Comp By Foy on Aug 17, The book has a variety of readings and topics that are fiction and non-fiction. The readings are challenging enough but also short enough to help students practice comprehension skills without getting bored or lost. Perfect reading comprehension booklet. Silver on Aug 12, Great book for summer bridge reading!!! I wanted a book that she could read a passage and I could find out if she understood it. There are many multiple choice questions and there is an answer key. Both myself and the student enjoy using this book By Amazon Customer Carol Roberts on Feb 18, Both myself and the student enjoy using this book. I love that the stories are nonfiction and are short yet interesting. The format is short story on the left page and questions on the right-hand page, which I find very practical. Take a look at the Table of Contents, and I think you will see this is a very good Reading Comprehension workbook. Really helped with comprehension of a 10 year old Useful By Amazon Reviewer on Aug 08, After a horrible teacher ridiculed my son for not understanding books 3 years above his grade level, we began homeschooling him. We slowly got him reading again by giving him comics, and then allowing him to read whatever books he wanted without testing him on the books. But we were worried about his comprehension skills getting rusty. We got this book to separate reading for pleasure from "testing. These were interesting essays--I wish there would be some short stories as well. Great supplement By Rjk on Apr 08, These are great little books for helping kids pull information from text. They change it up from write in the answers to true and false to keep it fresh. I use it as a supplement and this would be great for kids to do over the summernot too lengthy and will keep kids from losing ground in the summer time. The short stories are interesting to him and keep him wanting to read more. Good product By Amber on Mar 18, Great workbook for reading comprehension! Five Stars By Jayden on Apr 24, educational for me. Kids went through this very quickly. Yam on Sep 06, good layout and easy to follow. This particular edition is in a Paperback format. It was published by Carson-Dellosa Publishing and has a total of 80 pages in the book. To buy this book at the lowest price, [Click Here](#).
