The book is now known as Guinness World Records. It tells us who is the best, fastest, biggest, most or smallest in the world. You can read about superhuman efforts and the extremes of the natural world in Guinness World Records. You might think they are unbelievable but the publishers confirmed all of them. Recently, the Guinness World Records announced the new record holders for Fastest Tortoise Bertie is a tortoise. His top speed was 0. He says that it is uncommon for such an animal to be fast. Many dogs can catch a ball, but not like Purin. She became a world record holder. She caught 14 balls in one minute with her paws. He has the longest horns in the world. They are nearly three meters long, from end to end. Finally, the American state of Texas is known for having many big things. You can find some really big cowboy boots in San Antonio, Texas. He says that people are surprised that his cowboy boots are so huge. You only realize how big they are when you walk up to them. You go down the highway, you can see them from a distance but unless you come to the mall and park and come over there you have no idea how big they are. Haruka Takeuchi adapted her report for Learning English. George Grow was the editor. Have you ever seen an amazing animal? Write to us about it in the comments section.
