

1: JM Darhower | LibraryThing

Sempre is a story about choices, sacrificing everything for the ones you love, intense true love, and then you throw in some human trafficking/slavery and mafia connections. It was heartbreaking at times, but I loved the story and loved the characters (Carmine and Haven).

Wednesday, 29 May *Sempre Forever, 1* by J. Haven, a second-generation slave, grew up isolated in the middle of the desert, her days full of hard work and terrifying abuse. Carmine, born into a wealthy Mafia family, lived a life of privilege, never having to answer for anything he did. Both now seventeen, a twist of fate causes their worlds to collide, making them question everything they ever believed. Entangled in a web of secrets and lies, they learn that while different on the surface, they have more in common than anyone would think. Cracking a smile, he brushed his pointer finger softly across her lips. I am serious, whole time i was like You have your final exam tomorrow! But you must, you will fail! Then what are you waiting for? Look, in your exam book, look what i found: THE END Anyway, now that i finished retelling my imaginary conversation with myself, lemme tell you what i think of this book I loved it - and its the type of the book i would reread again and again which i kind of did when i finished the book.. Carmine was, Haven thought. A soul savagely ripped in half, bleeding out for all to see. The ying and yang, the good and evil, the love and pain all at odds with each other. Haven and Carmine are born in different worlds, but they are the same inside She was raised as a modern slave, he was raised as a mafia prince But they are more alike then they thought they were But, this is not only a love story - danger is around the corner And there is no escape. Being abused, beaten and when finally threatened to be killed - she tries to escape Haven thinks that she just changed masters and nothing else. She expects nothing, but is given more than she could hope for. You were brought to me for a reason, for us to save each other. I was drowning, and you rescued me. So i found her reactions and feelings quite reasonable I loved her, she tried her best, even when it was hard to cope with. The girl who had never been able to call her life her own taught a boy who had the world at his fingertips exactly what it meant to live. Trouble maker, womanizer, quite rude, reckless, likes to get in fights and everything else that follows the reputation of "bad boy". But, Heaven changes him, as much as he changes her. She balances him out perfectly, and he dropped his every act, every anger he had toward world just to be the man he thought she would want him to be People use the word too loosely as it is. They just like the shiâ€™ uh, stuff. Once you love, you love forever. He just need someone to understand him. Deep, and well characterized. I loved him in the end. And Corrado and Celia were great as well. I was impressed and shocked of what Corrado did near the end, to protect his own And his jokes were really funny: I highly recommend it D But if you have not read *Sempre* yet, better wait for re-release ;D *Sempre* will be re-released November 4th as an ebook with revamped content.

2: Wings of a Butterfly: Æ, ð Ó ð Æ. Sempre - J.M. Darhower Æ, ð Ó ð Æ.

JM Darhower is an awesome author and I will read anything she writes. I have read other books she has written before this series, and I have new series on my kindle now waiting for me (Forbidden #1 and #2 are up next).

Now that was a book that made my heart do flips. Love, Mystery & The one downside is this book is quite vanilla compared to 50 in the descriptive scenes, but is just & sweet. My favorite kind of book. Drawn out and full of detail and story! You know& by falling asleep with my eyes open? Happened with this one. An intense story of forbidden love, with all sorts of drama and bad guys lurking in the vicinity. Even those the heroine lived with, had serious bad-guy potential. There were many reasons why I loved this book. The romantic tension, and eventual succumbing and unavoidable problems between the two main characters of course!! No idea right to the end. What was gonna happen? Is that guy a bad guy? How about that one? Nothing came without a price. She was still a prisoner, trapped with no way out. And the romantic tension& Is that one gonna get the girl? But what about that guy? Who IS the girl, anyway? Where did she really come from? Who did she come from? Will there be an HEA? I was certainly entertained, and am thrilled to have read it. While I was reading it, I knew I was loving it, but wondered just how much. I read right to the very end, even, with that sentiment. Right after I read it, I had to tell my friend Tina about it: I just found out it was once fanfic, but I guess I just like the pacing of fanfic& slow and detailed and emotionally intense. I expect your loyalty, and if you betray my trust in any way, there will be consequences. He has two sons Dominic, 18, and Carmine, Very good, very heartbreaking &” never made me all out crazy but I bonded. After having spent three very long but enthralling evenings with these characters, I was still thinking about them. It was just so different than what I usually read, and yet, the intensity and depth was similar to those that had me enthralled. Everyone, all of the characters, were believable, and VERY human. Mistakes are made, they have bad thoughts, bad reactions, even bad intentions, and some are all-out bad guys the question is who? Bad boy all the way, and makes no excuses for it. He does what he wants, he does WHO he wants, he fights, he takes and he never gives. DeMarco turned to Haven as the boy stormed out. He is usually like this. Carmine is who he is. A strange name for a strange boy. He struggles with himself in a way that has the reader really connecting. Suddenly forced to face things his bad-boy ways were once helping him to avoid. Not in crazy detail or anything, but it is most certainly for an older audience. That, and of course, all the mafia bad guy stuff, and the scary stuff that happens a few scenes, even one near the beginning, that had my heart racing. Definitely for a more mature audience. His eyes narrowed, and brow creased as he shook his head. He took a seat on the bed, looking at Haven with a smile. I just found out that the author IS planning a sequel. Thanks Christina for finding it for me!! As per the author: Sempre has been purchased by Gallery Books and will be released on November 25th and is available for pre-order on Amazon. Redemption book 2 will be released at a later date.

3: Review: Made by J.M. Darhower- A Sempre Novel | Smut Book Junkie Book Reviews

Today JM Darhower announced a novella that takes place after Sempre: Redemption. The novella releases October 27, the same day as Made, and will be free. flag 6 likes Â· Like Â· see review.

As a Power, one of the warrior angels, she has spent her existence defending the innocent from evil. Only one thing, though: Luciferâ€™or Luce, as he prefers to be calledâ€™has been biding his time in Hell, longing for revenge against those who oh-so-easily cast him into the pit. How can this charming creature, this scarred Archangel, be the one annihilating the world she so loves? As the war wages on, the world entwined in chaos, Serah starts questioning everything she ever knew. When the light and dark, hot and cold, finally collide, she has to make a choiceâ€™a choice that sets her world on fire, black and white exploding into colorful flames. Luce just wants to play a game. She sensed him before she saw him, felt his presence like the bitter breeze. He smelled like lit matches, crackling fire with a hint of peppermint. The electricity in the air intensified, the sky stirring, a red and black swirl of clouds blocking the much-needed sunlight. A storm was coming on fast, and that storm had a name. Send it on over! So when I hear she is writing a new paranormal romance, I flail all over with excitement and glee! Extinguish tells a different tale of heaven and hell than I am used to in angel reads. This is no human falling in love with a fallen angel story. Here we have Serah, a warrior angel who enjoys spending her time watching over children and making love with the Archangel, Michael. When she learns a fellow angel near and dear to her heart has fallen, Serah is assigned the task to confront Satan himself and demand a cease-fire in the war of good and evil. And so it beginsâ€¦ These characters could not have been more different from each other. Serah is the sweet angel who is obviously selfless and deeply compassionate. But then there is Lucifer, or Luce as he prefers to be called, who changes all that. He is bull-headed and selfish, everything you would associate with Satan, a total bad boy. But somehow he was endearing, and dare I say, charming? This never took over Serah and her resolve though. It was a slow burn with these two in the beginning, but once that fuse was lit, their world exploded with heat and passion! Agonizing pleasure, the kind that torments your every thought, driving you to the brink of insanity only to pull you right back from the edge, over and over and over again. Gah, I swear I highlighted full pages of this. These two had chemistry coming out their ears! Each moment and interaction sizzled with sexual energy with a huge payoff that left me wide eyed and blushing. I cannot say enough good things on the writing and how this world was portrayed. Heaven is described as an idea, whatever you make of it and different for everyone, whereas Hell is an absolute place inside the earth, your worst nightmare set on repeat. I found the details rich and beautiful in both light and dark. Everything was so vivid, so clear, and just plain perfect. As I write this review, I find myself re-reading huge sections, just to relive it once again. I, for one, am on the edge of my seat, waiting for what else J. Darhower can throw at us. This fits so well with the story!

With a three year old. Although Made was recently completed by author J M Darhower, this novel is considered a prequel to Sempre and the Forever series. One of the best features of Sempre and Sempre: Redemption is the realistic portrayal of what life would be like for member of a Mafia family. For me, reading both of these novels was better than going to a movie! Made is full of political Mafia drama that will hold you riveted to the page! Redemption make appearances throughout the novel. His character development is clearly evident. Instead of riding the coattails of his father, Corrado Moretti makes a name for himself. He earns the respect of the Boss, Antonio DeMarco, and secures permission to date his daughter, Celia. Corrado has a soft heart for his Celia, but he absolutely means business. He is firm in his beliefs and deadly with a weapon. Most of the written material in this novel is new, but there are a few occasions where events from Sempre and Sempre: Redemption are either mentioned or witnessed by Corrado Moretti. I believe many readers will agree this novel improves the overall reading experience for both Sempre novels. My overall opinion of Made is extremely positive. Made is compelling and suspenseful, earning Darhower 5 stars! JM Darhower is the author of countless stories and poems, most of which only she has ever read. She lives in a tiny town in rural North Carolina, where she churns out more words than will ever see the light of day. Chronic crimper with a vulgar mouth, she admits to having a Twitter addiction. You can find her there.

5: Friends & Forever - Lesen Sie das Buch online kostenfrei

Opini3n personal: La verdad es que quiero hablar lo m3ximo de este libro ya que si me pongo a contar voy a contar todo ya que este libro es uno de mis favoritos.

I walked to my apartment and took a short cut down an alleyway. That was the worst mistake of my life. Four men grabbed me. I fought them off, but when the barrel of a gun was pressed between my eyes, I knew the game was up. But then a man appeared from the shadows and scared the men away like rats. Tall, dark, and handsome. His name is Bosco Roth. He wants something in return. A hot and passionate kiss right up against the wall. But that kiss is just the beginning. Young Lynette, daughter of Alfric is only 10 days away from her wedding to her distant cousin and childhood friend, Edgar, when she is summoned to London and forced to marry a Norman baron almost twice her age. Although she fears she is headed for a miserable loveless marriage, she soon finds the Norman Baron is the former Norman captain who saved her life a year earlier and he has no intention of settling for a loveless marriage. Successfully wooing her on their wedding night, Lord Robert Malet manages to entice his young bride into enjoying the pleasures of the marital bed and winning her heart before the night is over. This 7, word e-story contains explicit descriptions of sexual activity between an older man and an eighteen-year woman. It is intended for mature readers who will not be offended by graphic depictions of sex acts between consenting adults. An Introduction to The Barbara Barbara Cartland 11 0 This is a special introduction to the works of the great pure romance author Barbara Cartland. Four books in one volume. The man sits by the window, watching the grey sky, bored, as he is every Monday morning. Years have passed since he last saw her, since the day he left, without an explanation, without a reason. Yet only now does he realize he never stopped loving her, even for a second. When she tries to run away from him, too shocked by the sudden onslaught of emotions, he stops her. And as they embrace, surrounded by passersby, they promise to hold on, to make mistakes again. To love each other. With his intimate, almost whispered style, Pedro Chagas Freitas takes the reader on a journey to explore the deepest layers of their feelings and to discover the truth about love; the kind of love that touches, grabs and thrills you, that discovers and conceals, that wounds and heals, that seizes you and sets you free. My loyalty to my family makes me despise him. Thinking about his kiss. When the tragic news arrives that his two brothers have drowned at sea, he is summoned to Scotland by his estranged father not only to take up his title of the Marquis of Kildonon and position of heir to the Chieftainship of the Clan but also to marry, Lady Morag McNain, in order to unite their Clans, who have been at war with each other for centuries. Horrified, Lord Alistair hastily proposes to his current lover, Olive Beverley 3 only to be refused and it seems that he is doomed to a loveless marriage in the windswept and distant Highlands. Alistair steps in to help Arina, asking in return only that she accompany him to Kildonon Castle pretending to be his wife.

6: Book Review - Sempre (Forever) by JM Darhower - Maryse's Book Blog

*Sempre (Forever) I received four separate recommendations for this one within a week. THAT caught my attention and even though the cover wouldn't have intrigued me off the bat (I'm not usually into murder mysteries, and this one *looked* like it.*

It was a beautiful, yet quietly powerful read. It did a fantastic job of blurring the lines between good and bad. So many times when reading it I felt conflicted. Everything about some of the situations was so wrong but at the same time, I was liking, maybe even loving, the characters who were doing evil actions. Good guys put in bad situations, forced to make hard decisions that made them do wrong things for t 5 stars!! Good guys put in bad situations, forced to make hard decisions that made them do wrong things for the right reasons but in the end the wrong thing to do actually ended up being the right thing Yeah, if that confuses you, it sure as hell confused me too lol. And I loved it!!! The story was quite the emotional roller coaster I cried a little, I laughed a little, it made me care a lot for the characters. The main character, Haven, is a second generation slave who grew up in a horribly abusive household and is bought into a Mafia family where she ends up falling in love with Carmine, the handsome, hot-headed yet inwardly tormented son of the man who bought her. And Carmine turned a lot of motherfucking corners. The book is long. The story takes its time in the right places, it takes its time as Haven and Carmine fall in love, as she starts to recover from her abuse, and as she begins to come out of her shell. The thunderbolt, as Italians call it. Once the thunderbolt hits, your life is irrevocably changed. Does the ends justify the means? To what ends are you willing to go for the ones you love? Right there in the moment, it was just her and him, no one and nothing else. They were all that mattered - two people, desperately in love and wanting to show each other. No master and slave, no class divides. And I fell in love with all the Italian endearments that Carmine calls Haven - they just melted my heart!! I loved that he was a character who could be an ass on minute but then have no problems apologizing and admitting it and trying to do better. It felt very honest. He made mistakes and tried again. There was an ache in his chest, originating in the center of his heart. It was the pain of all-consuming, overflowing love, so powerful it took his breath away. Is that all I am, Haven? We make us who are are. Light hearted, caring and protective. And Vincent, the father The bits of the book about him and his wife made me teary. This tension in this book comes from all unanswered questions. How can she, a slave, and Carmine, the son of a high ranking Mafia member be together? Who is the good guy? Who is the bad guy? This book had a happy ending but definitely left the story open for more development. I have nothing else to compare it to For more of my reviews, come visit my book blog at:
