I thought there were some pretty good hints as to some of what the reader ultimately wants to know, but there are still some elusive details that even the most perceptive reader may not figure out. And there are some unknowns to be explored in future books. In my review of Part 1, I said that sometimes it is a little too much of an information dump. I thought there was still a bit of that, although not nearly as much. In Part 2 we get enjoy the scenery a little, if you will, and digest the story and relationships. Seth adds some humor and depth. Caleb is still shallow being pretty much all tough and angry. We will have to see if that is explored in later books. Another woman is beaten some and threatened to be tortured to death. There is no description of any other sex. For preteens, a parent will have to decide for themselves based on my listings, but I would probably avoid it for that age. As Rouge finds out who she is and what she can do the rest of the gang tries to figure out what is going on. This writer provides a riveting story with characters you want to know more about and enjoy their interactions. Nothing made sense and everything clicked together instantly. Rouge is a foster kid that moved with her foster parents. Then why move with them across the country? Rouge runs into Grace and then this monstrosity of a scene happens: Horrible. Rouge runs into Grace and then this monstrosity of a scene happens: However, being tugged at an almost sprinting speed, I only managed to tug my fingers through my curly hair. I kind of liked her free spirit and crazy pushiness. The senior class has a party the weekend before school starts. I might get to see Michael if he attended high school. Except, in the few moments I spent with him, he seemed older somehow. Grace was like one giant fireball of energy. Then that whole thing with Michael I just met him for a couple moments, but oh how I long for him. And when exactly did the two of them determine they were going to the mall? Good idea, but horrible horrible horrible execution. I like the clean-ness of this book. It has a kind of supernatural I have never heard of, so that is nice. The storyline was good, except it just cut off in the middle. No revelations made at the end. Just the end, buy part two to find out what happens. Seriously, that was cruddy. Why cut a book into two parts, short parts at that? Then make you pay for the rest of the book? I would willingly pay for book two, but why not finish book one first? Another small thing, why not give a touch more detail? What are school days like? How is she doing in school? How often does she work? How good is she at her job? That helps to tell what a character is really like. I will buy the second part, not happily, but I will. I really want to see what else they come up with in this series. I am really interested in it.

Siblings Grace and Michael, appear to have secrets which seem connected to Rouge. Her hunch is confirmed when a horrible incident occurs at an outdoor party. Rouge may be the only one who can find the answer. An ancient journal, a Sioghra necklace and a special mark force life-altering decisions for a girl who grew up unprepared to fight for her life or others. There are werewolves in this story and they are not friendly. This book will end on a cliffhanger. Book 2 picks up where this book ends. Like most teenagers, Rouge is trying to figure out who she is and what she wants to be. An ancient journal, a Siorghra necklace and a special mark force life-altering decisions for a girl who grew up unprepared to fight for her life or others. Part one ends on a cliff hanger. The revelation of what Michael and Grace truly are and the other worldly characters in this book is pretty fascinating. A horrible grisly version of the wolf. As the story progresses, more is revealed. Why the angels and grollics are at war between one another. Two side of the story interpreted differently from each side. What does it mean that Michael and Grace were spared and lived again after they died? What will Rouge uncover when she goes back to Niagara Falls to find out about her true parents? Is he threatened or just hates the unknown in Rouge? So many questions while I patiently wait for the next installment. Great start to an action packed, fast paced saga!!
