This item is in okay condition and basically works well. Basically plays, but may be obviously well-worn with some scratching or tape distortion. Disc or tape is intact, but may be scratched or stretched. There may be skips or distortion or product defects. Sign up for bookish emails And get a coupon for your first purchase.

### 2: WoB - Hot Nights, Dark Desires by Eden Bradley, Stephanie Tyler, Sydney Croft

*Agent Profile. SYDNEY CROFT IS REALLY TWO PEOPLE PUBLISHING UNDER ONE NAME. Sydney Croft is the alter-ego of Larissa Ione and Stephanie Tyler, two New York Times bestselling authors who blend their very different writing interests into adventurous tales of erotic paranormal fiction.*

The Art of Desire by Eden Bradley Sophie has a fascination with tattoos to the point that they become an obsession. The thought of ink permanently marking her skin is not only forbidden, but also arousing to her. Therefore, when she meets the handsome owner of a tattoo parlor in the French Quarter of New Orleans, she allows him to talk her into making her fantasy a reality. However, the impression Tristan makes is more than skin deep, it is something that lasts a lifetime. I loved the reaction Tristan gave Sophie the moment they first met each other. James has always made her living as a well-known, high paid supermodel. However, when a ghost attaches itself to her and starts blurring her images, she is in desperate need to revive her career and cast out the paranormal being. This lovely supermodel promises him anything in return for his help to rid her of the ghost, and he intends to take her up on the offer. Croft portrays her as a real person, with a real problem. In addition, Hex, of course, is the sexy hero in all that entails. This wonderful paranormal short story is sizzling hot! Night Vision by Stephanie Tyler Catie Lanford inherits a bar from an uncle who she barely knows and gets more than she bargained for. The saloon-like business is full of roughnecks and brawlers who cause more trouble than they are worth. Therefore, in an effort to makeover the bar with the intention to sell, Catie hires professional cooler Bat Kelly to whip the place in shape. As a professional cooler, he remodels broken down bars for resale. However, Bat brings more to the table than his ability to fix her failing business. He brings pleasure unlike anything she has ever felt before, making it hard to walk away when the job is completed. Catie is an intelligent character who meets sexy Bat through business and ends up falling in love with him. I like the chemistry between them, the intense raw passion that sizzles on the pages, not to mention the fact that Bat is smoking hot! I definitely recommend this wonderful anthology! Inspired by the sultry heat and sensual ambiance of New Orleans, this steamy collection delves into the erotic underground of the Big Easy.*

May Bantam Dell brings three talented authors together for one great anthology as hot as the Louisiana bayous the stories are set in! Each of the three stories in this anthology are outstanding. What a treat to begin reading a book for one author, and finish it with two new ones to add to my list of favorite writers. That is one of the main reasons I enjoy anthologies so much. Tristan is the embodiment of everything Sophie has ever fantasized about in a man. She finds herself compelled to have him do her very first tattoo. The experience is life changing – for both of them. When he finally does and sees that Sophie is his chance for redemption and happiness, we have a happily ever after to rival any other. Through it all, we experience the sensual art of the tattoo, and I must say that the way Eden Bradley presents it had this reviewer, who could barely stand the pain of having her ears pierced, actually considering getting a tattoo! James makes her living as a well-known, high-paid supermodel. Well, she used to. That was before a ghost decided to attach himself to her and blur her image in any photo taken of her. Desperate to rid herself of the jealous phantasm, she calls the renowned ghost photographer, Hex, for assistance. Their time together, however, changes the course of their lives forever. Brenna goes through quite the transformation in this story, and her paranormal trial forces her to look inside and find who she really is. Once Hex succeeds in ridding her of the haint ruining her life, she finds her goals are no longer as clear-cut as they were before she met Hex. While she may begin the tale as the stereotypical self-involved model, the woman she is by the end of the story is one to be admired. I guarantee you that it will not be the last I read, however! She never counted on the saloon being full of roughnecks sapping the profits from her new business. Disheartened, she resolves to sell the bar, but must clean house before she can put it on the market. To that end, she hires the infamous cooler, Bat Kelly, to rid her bar of the undesirable element. One look at Bat, though, and the normally controlled Catie finds her knees going weak and her heart beating a little faster. As for Bat, he finds the sexy little barkeep is enough to make him think of planting his own roots right here in his hometown of Bayou Rouge. The man is beyond hot, with his bad boy attitude covering up a heart that is unselfish and kind. Catie is a wonderful heroine. A bit repressed at first, when she decides to let herself go with Bat, her personality and sexuality blossoms.

## 4: Larissa lone - Wikipedia

*Hot Nights, Dark Desires* by Eden Bradley, Stephanie Tyler, Sydney Croft Inspired by the sultry heat and sensual ambiance of New Orleans, this steamy collection delves into the erotic underground of the Big Easy.

Here is a tantalizing trio of stories by three rising stars that will tease your imagination and seduce your senses. Lush, haunting, and provocative, New Orleans has something to satisfy every desire as three very lucky women are about to discover. The result is a series of erotic positions captured on film along with a mind-blowing physical connection neither expected. Hot Nights, Dark Desires Includes: Each female lead enjoys living in denial. At some point, one or both characters will run away from the other in an attempt to avoid future heartache. But it was Art of Desire that sticks out in my mind. That story was kinda fucked up. The story is about Sophie and Tristan. Sophie has a tattoo fetish - the idea of it turns her on immensely. Then we get deeper into her character development and find out she has unbelievable amounts of guilt for all sorts of things due to her strict Catholic upbringing. Awesomely enough, Tristan feels the need to be punished, too. His younger brother idolized him and ended up ODing on drugs. He can never be in a relationship because he will inevitably hurt them, fail them, and somehow cause their death. Which leads us to the super sexy fun time scenes that give us gems like: There was a lot of pain and punishment in this story. I felt guilty just reading it. The other two stories But the plot was interesting. But Catie came across as weak and scared until the very end. She was too meek. It was okay, but nothing as good as her other books. I think she should stick to novels, not novellas. The last story was okay - just lukewarm with the characters. The sex in these was okay - but not as steamy as others. What sets this anthology apart from the others I have read is all of the stories were really good. In my opinion, this is a rarity in multiple author anthologies. To Sophie, there is something very sensual about getting a tattoo, but guilt from her parents and her religious beliefs have kept her from fulfilling one of her deepest desires. Reluctantly, Sophie accompanies her friend to get her tattoo, only to be blindsided by the most desirable man she has ever encountered. Sexy tattoo artist Tristan is immediately drawn to Sophie. Understanding she is just here to be a supportive shoulder for her friend, Tristan and Sophie soon form a bond as they become more acquainted with one another. Soon Tristan realizes there is more to Sophie than meets the eye. When Sophie sees what a beautiful job Tristan does tattooing her friend, she decides to give into her secret longing and get a tattoo for herself - but Tristan must be the one to permanently mark her virgin skin. When Tristan and Sophie meet their chemistry was literally heating up the room. When Tristan tattoos Sophie it is very sensual, and they have a deep rooted connection that was very apparent throughout the story. Both Tristan and Sophie must work through their own demons before they can fully commit to one another. James was once one of the modeling industries most desired, spoiled, well paid models. The career that was once the focus of her life was taken away by one thing. An entity that is showing up in every picture that is taken of her. Now almost destitute, she is desperate for help. Hearing about Hex, a renowned ghost photographer, she quickly contacts him in hopes that he can rid her of the entity that is haunting her so she can return to fast-paced life she loves. When he realizes that there is more going on with Brenna that meets the eye, he stays to help her. Despite his biggest efforts, he cannot help but be attracted and feel connected to Brenna on a deeply emotional level. But, belonging to the ACRO organization he knows that he and the supermodels fast-paced lifestyle will not co-exist. Both characters go through some deep character development. I love when both characters get deeply attached to one another. Both Hex and Brenna become better people by the end of the story. Shadow Play is both a very sexy read and a real page turner! I really enjoyed reading more about the mysterious ACRO organization, and I anxiously look forward to reading more about it in the upcoming book *Seducing the Storm* to be released later this year. Inheriting a run-down bar from an Uncle she has never met, she is determined to whip the bar back into shape. Hoping to sell it, she wants to give herself a fresh start. But Kelly knows not to mix business with pleasure. Being around Catie makes him want to throw all caution away and hold her in his arms. As they work to get the bar into shape, they find themselves being drawn to each other, and the bar they are trying to save. I thought that Bat was such a sexy, well written hero. There are many layers to him that I found compelling and lovable. I thought that he and Catie were very well

matched. Both characters seem to find an inner-peace at the end that I loved. This was a very interesting, fast-paced story for me. I easily lost myself in the lives of Bat and Catie. I was very sorry for this story to end. Hot Nights Dark Desires has earned a place on my keeper shelf. After reading this book, I plan on reading more by all of these authors. A word of warning though: If you are offended by strong language and explicit sexual situations, this book is not for you. If you are looking for a stories that will touch you on a emotional level and make you turn down the air condition in your house, this is the book for you. For more information Eden Bradley and her other works, her website is: For more information on Stephanie Tyler and her other works, her website is: Dee - Warwick, 07, Australia Sat, 07 Jan Three fantastic stories by three very talented authors: Never read anything by her before but I will again! Every story including this novella, "Shadow Play" has a great plot, wonderful characters, beautiful romance and sizzlingly hot sex. Hex is a strong, slightly tortured hero and Brenna is the perfect woman for him. I am seriously starting to think that Stephanie Tyler knows me and writes just for me! Her heroes are always the kind of man I would kill to have in my bed and in my life. Bat Kelly yes, that is his name is to die for!!! Again, the romance was awesome and the sex was sizzling!!!! Do these men really exist or is Ms Tyler just being mean by setting these unrealistic expectations! Heather 2 Tue, 10 Oct Lush, haunting, and provocative, New Orleans has something to satisfy every desire€”as three very lucky women are about to discover. I had previously read the first and last story. I felt they actually had too much sex and not enough plot which I found astonishing considering some of the writers. None of the stories really gelled for me.
