

1: The Sky Is Falling on Our Heads: A Journey to the Bottom of the Celtic Fringe by Rob Penn

The Sky Is Falling on Our Heads has 17 ratings and 3 reviews. John said: A well-written account of the author's journeys in Scotland, Ireland, Wales, Cor.

The first use of the name "Chicken Little" to "one who warns of or predicts calamity, especially without justification" recorded by the Merriam-Webster Dictionary is in , [19] but idiomatic use of the name significantly predates that attestation. Already, in , a journal article about the Government of Haiti referred to "Chicken Little" in an offhand manner. To hear their harangues on the eve of the election, one would suppose that the fable of Chicken Little was about to become a truth, and that the sky was actually falling. Adaptations[edit] Walt Disney Pictures has made two animated versions of the story. The first was Chicken Little , [25] a animated short released during World War II as one of a series produced at the request of the U. It tells a variant of the parable in which Foxy Loxy takes the advice of a book on psychology on the original cut, it is Mein Kampf by striking the least intelligent first. Dim-witted Chicken Little is convinced by him that the sky is falling and whips the farmyard into mass hysteria , which the unscrupulous fox manipulates for his own benefit. The dark comedy is used as an allegory for the idea that fear-mongering weakens the war effort and costs lives. It is also one of the versions of the story in which Chicken Little appears as a character distinct from Henny Penny. The second Disney film was the very loosely adapted Chicken Little , released in as a 3D computer-animated feature. It is an updated science fiction sequel to the original fable in which Chicken Little is partly justified in his fears. In this version, Foxy Loxy is changed from a male to a female, and from the main antagonist to a local bully. Fairy Tales for Every Child. In this modern update, the story is given a satirical and political interpretation. There have also been a number of musical settings. American composer Vincent Persichetti used the fable as the plot of his only opera The Sibyl: On the sitcom The Golden Girls , there was a episode in which the characters perform a short musical based on the fable here titled "Henny Penny" at a school recital. In Singapore, a more involved musical was performed in In his note to the score Bachlund makes it clear that he intends a reference to alarmism and its tragic consequences. The following are some lyrics which genuinely refer or allude to the story: The hare starts a stampede among the other animals until a lion halts them, investigates the cause of the panic and restores calm. The fable teaches the necessity for deductive reasoning and subsequent investigation. The Tibetan version of the Jataka tale has been told in rhyme by Australian author Ursula Dubosarsky in her book The Terrible Plop , which has since been dramatised, using the original title Plop!. The ending has been changed from the Tibetan original as well.

As Chicken Little was one day strolling about in a garden, she ran under a rose-bush and a leaf fell on her tail. A Fox was standing by, and who wanted to make a good hearty meal, accosted her in amost friendly manner. That weight which fell upon your tail was a grievous oppression. You ought to stir up your friends, and make a fuss about it. Interestingly larks are connected to an earlier commentary on skies falling. Love], there will be foreign influence. George the third may come over to reside here, I supposeâ€”for unless he were here he could not vote. Love said he had supposed that the king of Great Britain would send his agents to reside here, who, being ostensible owners of the stock, might have the whole direction of the bank. Set Forth by Way of a Dialogue But suppose the King and the Lords, should concur with the Commons to the ruine of the Nation ; What then? Suppose the Sky should fall ; What then? Why then we should catch Larks. And when King, Lords, and Commons, shall joyn together to give up our Liberties, I am afraid the Day of Judgment will come soon after, and then it is no matter who rules upon Earth. William Nicholls, A Conference with a Theist cites a cataclysmic skyfall that he claims is part of a Chinese origin myth: And as for the Chinese, that knowing Nation, which you Theists are wont to cry up for the standard of primitive Learning, and genuine Antiquity, let us see how they mend the matter in their account [of the origin of things]. And they tell us that one Tayn who lived in Heaven, famous for his Wisdom, disposed the parts of the World into the order we find them. That he created out of nothing the first Man Panson, and his Wife Pansone. That Panson by a delegated power from Tayn, created another Man called Tanhom, who was a great Naturalist and Physician, and understanding the nature of things gave names to them ; and this Tanhom had 13 Brethren so created, and so the World was peopled at first: Then after a while the Sky fell down upon the Earth, and destroyed them ; However, the threat of the sky falling had been discussed since the days of the Old Testament prophets. From an translation of John Calvin, Commentary on the Prophet Isaiah originally written in He that weighs no more Circumstances or Occurrances than serve for the advancement of his Design, pronounceth sentence easily, but temerariouly, and for the most part unsoundly. When such a thing as you dream of should happen, it were good manners in you to leave his Majesty to his Christian Liberty. But to trouble your self and others about the Moons shining in the water, so unseasonably, so impertinently, or with what will come to pass when the sky falls, is unbeseming the Counsellor of a King. It thus appears that the Chicken Little story plays on two traditions:
