This is the main theme song for the cartoon Whats New Scooby Doo. I like this song so much i thought i would upload it.

Strange story behind R. However, one bizarre event really takes the cake. One night in October, Rather was walking down a Manhattan street when he was punched from behind and thrown to the ground. His assailant kicked and beat him while repeating, "Kenneth, what is the frequency? Some speculated the assailant was a KGB agent, while others claimed the attack was the work of a jealous husband. His explanation at the time? Who understands these things? I wish I knew who did it and why, but I have no idea. Apparently the strange event moved R. It remains the premier unsolved American surrealist act of the 20th century. The attack inspired the R. According to the psychiatrist, Tager, who was currently serving time for killing an NBC stagehand, blamed news media for beaming signals into his head, and thought if he could just find out the correct frequency, he could block those signals that were constantly assailing him. Hence the enigmatic inquiry. Tager had attempted to enter the Today studios carrying a weapon; Montgomery died preventing Tager access to the studios. Police apprehended Tager after the shooting. Tager stated he believed that television networks were monitoring him and beaming messages into his head and that he had assaulted Dan Rather. Prosecutors brought first degree murder charges against Tager. On November 29, , Tager was given a sentence of 15 to 25 years. As of he was incarcerated in Sing Sing prison in New York state. Tager was denied parole in , and can reappear before the parole board in October

Introduction Let him kiss me with the kisses of his mouth, for your love is better than wine. Your oils have a pleasing fragrance. Your name is like purified oil. Therefore the maidens love you. Draw me after you and let us run together! The king has brought me into his chambers Songs of Songs 1: Right from the start, the Song of Songs, or, as some know it, the Song of Solomon, separates itself from the other books in the Bible. The opening words introduce a poetic work whose subject is romantic love and its physical expression in marriage. This is not what one would expect from a book in the Bible, but it is only the beginning of its mysteries. The Song of Songs is easily the most enigmatic book in the Scriptures. The Song of Songs is enigmatic because it has no unambiguous reference to God, religion, or spiritual things. The closest that any verse comes to mentioning God is Songs 8: Put me like a seal over your heart, Like a seal on your arm. For love is as strong as death, Jealousy is as severe as Sheol; Its flashes are flashes of fire, The very flame of the Lord. Its place in the Scriptures must be understood in light of its message, as it is, and not as we would hope or expect it to be. Such attempts falter in light of all sound, hermeneutical principles. Questions having diverse answers abound. Are there two main characters or three? How does one divide the speaking parts? Are the characters peasants or royals? What is the structure of the book? How many people wrote it? Here is an example of the issues that exist discerning the speaker in Songs 8: As Marvin Pope has said, the implications can be quite opposite depending on whether the girl or the groom speaks the opening words of Song 8: Here are the main choices: It is enigmatic; it is about a subject that makes many Christians and Jews uncomfortable; it does not seem to be a religious book, and making sense out of it is hard and controversial. So why bother with it? What would we miss? Since the Lord intended the Song of Songs to be part of His message, it is our responsibility to profit by it. Let us note, for example, that modern sexuality is primarily about entertainment and marketing. It is in our movies, our books, and our advertisements. It is certainly out of control. It should be understood, taught, and emulated. As far as being difficult, the book is not a quick study, but it is a pleasant one. Second, the Song of Songs has inspired many to seek and to find a deeper experience with God and a clearer understanding of His love. So even though it does not have an overt spiritual message, it seems to have a covert spiritual effect. This should also be understood, taught, and emulated. Topics As an overview of the Song of Songs, this message will present: Different approaches to understanding the book. Various opinions regarding its structure, meaning, and story lines. Advice on how to read the book for enjoyment and understanding. Hopefully, at the end, the Song of Songs will have become less of an enigma and more of a spring garden full of surprises and delights. Approaches The Allegorical Approach For centuries, the common wisdom concerning the Song of Songs was to view it strictly as an allegory. The logic that prompted such a view was simple: All books in the Bible are about God. The Song of Songs is in the Bible. Therefore, the Song of Songs is about God. Consequently, the early church and Jewish rabbis completely allegorized its characters and imagery. At a basic level, Jewish allegory holds that the bridegroom represents God, and the bride represents Israel. Similarly, Christian allegory holds that the bridegroom represents Christ, and the bride represents the Church. The allegorical approach stipulates that the author intended to write an allegory and that a non-allegorical reading is wrong. As the entire gamut of Talmudic and Rabbinic literature relating to Shir HaShirim makes clear, this highly emotional, seemingly sensuous song is an allegory. As such, a literal translation would be misleading - even false - because it would not convey the meaning intended by King Solomon the composer. And they will recall the goodness which He promised for the End of Days. The prophets frequently likened the relationship between God and Israel to that of a loving husband angered by a straying wife who betrayed him. Solomon composed Shir HaShirim in the form of that same allegory. It is a passionate dialogue between the husband [God] who still loves his estranged wife [Israel], and the wife, a veritable widow of a living husband, who longs for her husband and seeks to endear herself to him once more, as she recalls her youthful love for him and admits her guilt. God, too, is afflicted by her afflictions Isaiah He proclaimed that He has not afflicted her

capriciously Lamentations 3: You will find it instructive to compare it verse by verse with your favorite translation. The song that excels all songs dedicated to God, the King to Whom peace belongs. Israel in exile to God: Communicate your innermost wisdom to me again in loving closeness, for Your friendship is dearer than all earthly delights. Like the scent of goodly oils is the spreading fame of your great deeds; Your very name is flowing oil; therefore have nations loved you. Upon perceiving a mere hint that You wished to draw me, we rushed with perfect faith after You into the wilderness. The King brought me into His cloud-pillared chamber; whatever our travail we shall always be glad and rejoice in Your Torah. We recall Your love more than earthly delights; unrestrainedly do they love you. Israel to the Nations: Though I am black with sin, I am comely with virtue, O nations who are destined to ascend to Jerusalem; though sullied as the tents of Kedar, I will be immaculate as the draperies of Him to Whom peace belongs. Do not view me with contempt despite my swarthy skin, for it is but the sun which has glared upon me. The alien children of my mother were incensed with me and made me a keeper of the vineyards of idols, but the vineyard of my own true God I did not keep. Tell me, You Whom my soul loves: Where will You graze Your flock? Where will You rest them under the fiercest sun of harshest Exile? Why shall I be like one veiled in mourning among the flocks of Your fellow shepherds? God responds to Israel: If you know not where to graze, O fairest of nations, follow the footsteps of the sheep - your forefathers who traced a straight, unswerving path after My Torah. Then you can graze your tender kids even among the dwellings of foreign shepherds. Your cheeks are lovely with rows of gems, your neck with necklaces - My gifts to you from the splitting sea, â€œ. While the King was yet at Sinai my malodorous deed gave forth its scent as my Golden Calf defiled the covenant. Like a cluster of henna in En Gedi vineyards has my Beloved multiplied his forgiveness to me. The righteous among you are loyal as a dove. It is You Who are lovely, my Beloved, so pleasant that you pardoned my sin enabling our Temple to make me ever fresh, The beams of our House are cedar, our panels are cypress. I submit to you that it is better to admit our discomfort than to seriously consider the allegory. The Typological Approach Later on, there came those who acknowledged the sensual elements of Songs while still holding to a strong connection to God. They did this by using the concept of types. They proposed that King Solomon typified Christ, and the bride typified the Church. Just like Jesus Christ came to earth for a bride to take to heaven, so King Solomon found a peasant girl working in a vineyard and brought her into his royal courts. Although potentially more true to the text, the sensual elements were acknowledged and then ignored. How else could it be there? The presumed logic of canonicity still prevailed: We must set aside typology for the same reason we set aside the allegorical approach. There is no internal or external evidence for it, and we must acknowledge that the motivation for drawing the types is the same discomfort that motivated allegory: It is not that typology here is wrong, per se. It is that typology is used to dismiss the primary focus of the Song of Songs, which is the celebration of marriage and its physical relationship. Also, typology needs to stand on a foundation of generally accepted meaning, which the Song of Songs does not have. It should never be the stimulus for such meaning. The need for a type might well interfere with a correct understanding of the book.
