Wallace In Greek Grammar 8 Comments As I was reading Romans 9 recently I noticed that the chapter begins asyndetically—that is, without a conjunction or other marker to connect it with the preceding. This is fairly rare in Greek and, apart from its use in staccato-like commands and aphorisms, almost always means one of two things: Paul uses asyndeton at the beginning of a major paragraph nine times in Romans. On a smaller scale, see 2 Tim 3. We thus see Paul beginning new paragraphs in Romans both for rhetorical effect at least four instances, and perhaps eight and to indicate a complete switch in topic at least one instance but as many as five. For example, in Eph 5. This means that while v. The connection is thus quite subtle, but the connection is still there—so much so that the Nestle-Aland text begins a new paragraph with v. A similar thing is going on in Rom 9. Paul has just finished his hymn of assurance 8. But a nagging question would have stuck in the craw of these readers: Keeping this assurance to each individual believer is crucial if one is to grasp the full import of Rom 9. Although it is true that Paul is speaking of corporate election in chapter 9, this would give no comfort to the believers in Rome about their own salvation unless he was also speaking of individual election. One piece of evidence that Paul is speaking both of corporate and individual election is that he uses individuals for his illustrations Jacob vs. Pharaoh—individuals who also represent nations. A Christian in Rome would not be assured of his or her salvation if they thought that Paul was only speaking of corporate election because this tells them nothing about their own fate. The fact that Paul links the corporate promises to Israel to the individual belief of each Jew shows that for both covenants faith is the essential means of becoming the full beneficiaries of the promise. This is why Paul interlaces throughout these three chapters statements about Gentile faith Rom 9. Indeed, so strong is the emphasis on individual faith that to ignore this theme is to miss the impetus for these chapters and its most relevant application to Gentile believers.
