To prove it, they have collected the best and funniest questions and answers from the popular.

We will reopen soon. If you see THIS: An a gizillion more in the archives Hello. Say I am an astronaut in a new space station all by my self for a few days. Then suddenly the station starts decompressing and everything is being sucked out into space. I grab the first thing that flys by me. Now, to answer your question: It depends on how extensive the damage is to the space station. If not, at least you will die happy. Can Duct Tape help me? Use duct tape to repair everything you might be tempted to pay a high-priced professional to fix. Take all the money that you have saved and use it to purchase a larger monitor. Or, purchase of those big magnifying sheets that people put in the rear window of their motor homes - and tape it over your present monitor. However, be assured that there is duct tape involved. And plenty of it! Next, tightly string a few strips of duct tape across the open door frame. Fling the pizza at the strips of duct tape. It should slice it nicely before it falls conveniently onto the four by four eating surface. What am I talking about Can duct tape help me? If you try to fix them with duct tape it does not work. They chew through duct tape even when I put on 3 rolls of duct tape. Can you give me a solution to my problem? Can I make one out of duct tape? Duct tape the hood to the front of your ATV and plow on! Forget buying one, they are WAY too expensive! Cover a refrigerator box with seven layers of duct tape, duct tape the box to the back bumper of an over-the-road big rig at your local truck stop. Crawl inside the box, and wait for the truck driver to get back on the road. Make your tux entirely out of duct tape. Tell her how you can show your creativity, win college scholarships, get lots of media attention, and save big money on your tux and gown at the same time. As the sticky strips pass through your system, they will probably suck up all of the infection stuff and you will pass it. Until your infection passes, we suggest that you duct tape pillows on sides to protect your kidneys from bruising. And the rest of you No more health questions, please unless you send us your health insurance information so we can bill your insurance company for medical consultation fees. How can duct tape help help me to acheive my goal? Just duct tape yourself to the underside of a small airplane and enjoy a free ride! Spare the tape and you will find yourself in need of a parachute. In fact, it is only just getting cold this week. It will give you illusion of being "snow blind. Or, pick a new color and tape over the whole thing. If you need more support than the tape affords you, use a splinting material, like a butter knife, or a coat hanger on the curved parts. Spare the tape and spoil the job, Christian! Tape on, and keep your stick on the ice! I was wondering what can you not use duct tape for? She broke it in May and just got her ankle fused. Medical professionals, when found without their "real tools of the trade" often resort to duct tape for splinting, suturing, etc.. Will it heal completely? If you set it right and immobilize the ankle completely during the recommended healing period. They were, to say the least, were mad. How can the guys protect ourselves with duct tape and still be able to leave our room? In other words duct taping the doors and windows closed is out of the question. Then, while the girls are in the act of sabotaging your room, sneak in with your rolls of duct tape and tape them all together and secure the bunch of them to a post in your room. Then cover them with your choice of scavenged food from the camp kitchen. We are filing for a finacee visa to get him back into the country so we may be married. Is there any way Duct Tape could help me with this? So my question is, how can man use Duct Tape to fully understand women? How can i use duct tape as a new medium besides making clothes, wallets, etc We suggest you check out our Duct Tape Art Gallery for some ideas of what others have done. And, when you get done with your creation s - take some photos and submit them to the gallery for display. What will convince her that it is the most important thing since the Bible? Take it on the road, start your own talking cat movie franchise. How can duct take help? Many anglers have told us that a little WD sprayed on the bait makes the fish strike like crazy. Either way, give it a try - it just might work. Make little silvery minnows out of duct tape and spray them down with WD However just recently I was horrified by a problem I encountered with it. I used it to tape

some seams together. Let me explain more clearly. I was installing a vinyl pool liner into a concrete pool and on top of the existing cement pad was this polyethelene styrofoam about half an inch thick. I assume it had been used as abit of a cushion against the owners feet. I taped up the seams with my old pal duct tape and then installed my liner over it. I filled up the pool collected my cheque and went on my way. Two months later I get a call to go back and see why my customer is dismayed. What do I see? Some how the duct tape I had used under the liner has leached through the vinyl and had stained it a reddish brown color. What could have caused this? For I am thoroughly perplexed. Or, perhaps you just grabbed a cheap roll of sub-standard duct tape. Those are our two best "blind guesses". Make sure your rocket is correctly balanced by duct taping small coins or paperclips onto the fuselage. And, make sure your rocket engine is sitting straight by putting a small duct tape wedge on the errant side of the engine chamber. No, I really need to know! But, through our Duct Tape Evangelism efforts, we are making every effort to up this to 36 cases per lifetime. Thanks for your help in this matter. It hurts to walk. That must have been embarrassing! We usually pull the string off of the ham in the kitchen right after it comes out of the oven. Frankly, we have no idea why they put that string around the hams anyway. It seems like they are all one hunk of meat. Hope that helps - now go get some psychotherapy! So, spray down all of the connections with WD and then wipe them clean - it should work. So, you could probably skip the operation and live the rest of your days in a duct tape girdle. So, you might say that you stumped us. Your question is very similar to others concerning the completion of homework, tests, papers, and other school related stuff. Can you make my knee not itch anymore by only using duct tape? You will find that it creates a wonderful "scratching" sensation. How can I use duct tape to read through them all in under five minutes? Anyways, I was wondering if there was anyway that I could stimulate the development process of my fontanels with the use of my roll of ducttape. If you are sixteen, they probably never will.

2: Books by Tim Nyberg (Author of The Jumbo Duct Tape Book)
