

## 1: Alpine Super Sport Truck Chains - Laclede Chain

*Factory Sport Packages - Mild sport trucks, ready to purchase! Chevy S SS - This 2-wheel drive version of the S pickup boasts a HP V6 SFI, 16" aluminum wheels and a Sport Suspension featuring Bilstein shocks and big stabilizer bars.*

Factory Sport Truck History - The first factory sport truck? Factory Sport Packages - Mild sport trucks, ready to purchase! The truck sits two inches lower than stock and has a monochromatic paint treatment that makes this sport truck stand out from the rest of the S crowd. More information on the Chevy S SS. The body of these trucks receive a mono-chromatic paint treatment. These trucks are available in both the fleetside and Sportside body styles. The mono-chromatic paint treatment includes body-colored front bumper, grille, and lower fascia and taillight bezels. A color-keyed rear roll pan is standard with a step-bumper available as an option. Interior upgrades include a tachometer, while the exterior features Fog lights and "Sport" decals on rear fenders of the pickup box. The engine is a 5. The sport-tuned exhaust adds a touch of style with a chrome tip, while the 5. The dash gains a tachometer, while fog lights were added to the front bumper. The trucks are available in four color choices: Top of Page Factory Special Editions - These special edition trucks are all limited production vehicles. Most were only in production for a year or two. Chevrolet SS - Short bed, standard cab, two-wheel drive Chevrolet C pickup with modified suspension, drivetrain, and a killer 7. The interior comes equipped with a special plush Garnet Red cloth interior and high-back reclining sport bucket seats. Other items include front airdam with lights, SS graphics, black paint with black grille, bumpers, and mirrors. The Dodge Magnum 5. Indy Ram trucks run The paint, inspired by the Dodge Viper GTS, consists of Brilliant Blue paint with twin white racing stripes across the roof, hood, front grill and tailgate. Ford Lightning - This truck is based on the fleetside F Stiffer spring rates front and rear, larger sway bars, Monroe Formula GP shocks and a 4x4 Pitman steering stabilizer bar help the handling. The truck sits 1 inch lower than a standard F in front, and 2. The truck is powered by a cubic-inch Windsor V-8 with several GT modifications similar to parts used on the mustang Cobra. The engine has special hypereutectic pistons and a recontoured flat-tappet camshaft. GT40 heads with bigger valves and ports. Air flows through a 65mm throttle body to the tubular intake, and then exits through tubular headers and a dual-exhaust system with four catalytic converters. The engine produces hp at rpm and pound-feet of torque at rpm. Gauges include a rpm tach and mph speedometer. The seats are special high-back buckets with Lightning embroidering. GMC Syclone - Based on the S pickup, this awesome all-wheel-drive truck boasts a turbocharged, intercooled 4. These trucks, capable of producing sub 5-second mph times, were produced in limited numbers, only trucks in Only of these trucks were made for , and more were produced in The truck featured special body cladding, and a front-end treatment and gauge package similar to the all-wheel-drive Syclone. Visit Sport Machines for more information. The package included Cameo decals, a sport suspension, complete ground effects kit including diving lights and a roll pan , and high-back bucket seats, although some models lacked the ground effects and high-back buckets. In the 4. Dodge Shelby Dakota - In , Dodge added a 5. Included on the Shelby were custom 5-spoke alloy wheels and shelby graphics and decals. Only Shelby Dakotas were built: Dodge Dakota Convertible - A Convertible truck, from the factory. Dodge made a limited number of convertible Dakotas in and Factory Sport Truck History - What started it all? Model A Roadster Pickup - Perhaps one of the earliest sport trucks was this special version of the Model A, the sport roadster model. This truck was produced from about to , and featured a convertible top. The truck tops out at just over 45 mph, and mechanical brakes are the only way to slow down, but the truck was most certainly a sport truck in its day. It started as a short wheelbase, step-side pickup. This engine was backed by a modified LoadFlite automatic transmission with a shift kit and high stall torque converter, mated to a 3. Hot Rod Magazine reported a These trucks are rare, however, with only 2, shipped during and 5, in The lb truck was the fastest American produced vehicle to mph in The wheels are chrome five-slot disc road wheels, 15x7-inches up front, and 15x8 at the rear models used 15x8 wheels all around.
