

1: Unite Me (Shatter Me, #, #) by Tahereh Mafi

Tahereh Mafi is the New York Times and USA Today bestselling author of the Shatter Me series. She was born in a small city somewhere in Connecticut and currently resides in Santa Monica, California with her husband, fellow author Ransom Riggs.

What initially sparked the idea for Juliette and the Shatter Me series? An image of a girl. For Shatter Me, it started with a very clear picture of a girl who, for some reason, appeared in my mind one evening as I sat down to write. I could see her very clearly: So I opened up a new document and started writing, trying to capture her on paper. I like to discover the story as I write it. It was important for me to know what was most important to each of them “ and what would kill them to lose. What inspired you to write this way? I wanted to be true to the way she sounded in my mind. And Juliette needed a distinct voice. She was broken and emotionally unstable, and I wanted to show this in the truest way I could. The prose evolves with Juliette “ grows as she does. She draws wild comparisons, counts everything, writes things down and crosses them out: But she slowly she picks herself up, finds her voice, learns to speak up, to defend herself “ and when she finally stands strong, the prose stands strong beside her. My publisher asked me if I would write some companion novellas for the series, and it sounded like fun. So I chose the POVs, and the time-period they would cover. It was important to me that the novellas be an active part of the Shatter Me timeline, and not prequels or bonus content. They felt more critical to the story this way. Juliette really comes into her own in Ignite Me. Did you always know she would become a leader? From the very beginning. I think a lot of authors are asked this after a series is completed, but do you see any possibility for spin-off in the future? Is that exciting for you? Would you be open to seeing the Shatter Me series hit the big screen? Shatter Me was optioned by 20th Century Fox. Do you have a dream cast in mind, or do you try not to think about it? I definitely try not to think about it. Though I have a lot of fun seeing who the readers pick as their favorites. I love watching you interact and tease! I really love them. My favorite kind of people. Any final words about the Shatter Me series? These books are strange: It is my great, great hope that my readers will find this a satisfying conclusion. Because I write these books for them.

Unite Me Perfect for fans of Tahereh Mafi's New York Times bestselling *Shatter Me* trilogy. This book collects her two companion novellas, *Fracture Me* and *Destroy Me*, in print for the first time ever.

Plot[edit] *Shatter Me* follows the narrative of Juliette Ferrars, a year-old girl with a paralyzing and killing touch. The book starts out with Juliette in an asylum due to the fact that she murdered a small boy three years prior. It is evident that Juliette is partly insane, both from isolation and at horror at herself; she also dreams of a bird. She writes in a small scrap of a notebook to convey her feelings as she has no one to talk to. Soon, she gets a cellmate who goes by the name of Adam Kent. He reminds Juliette of someone, but she convinces herself that it is not possible that Adam is that person. One day, the Reestablishment, a government that has the world within its grasp, comes for Juliette. It is revealed that Adam is a soldier for the leader of Sector 45 of the Reestablishment. During her captivity, Juliette develops a romantic relationship with Adam, and we learn that Adam knew Juliette prior to the asylum, and is in love with her. We also learn that Adam can touch Juliette without being harmed or killed. Kenji says that he knows a safe place where they can escape, and they formulate a plan. Juliette and Adam split up with Kenji and James. While split up, Adam and Juliette are captured, and Warner shoots Adam. Warner drags Juliette into an abandoned classroom, and tells Juliette that he might love her. Juliette kisses Warner and seduces him to get his gun from him. She shoots him even though she is surprised by the spark ignited in her. She finds Adam in a slaughterhouse, and they escape. They meet up with Kenji, and James, who Kenji had given sedatives avoid James becoming traumatized by the condition Adam is in. At the end of the book, it is revealed that Kenji is a member of the Rebellion against the Reestablishment called Omega Point. Adam, Juliette, and James are recruited by, and then join, the Rebellion. There are plans for two more books to be released. Reception[edit] Reviews for *Shatter Me* have been mixed, [5] [6] [7] [8] [9] with many reviewers stating criticisms while overall recommending the work.
