2: Tarot of the White Cats

This Tarot of White Cats is a must for any cat lover who has a cat or is owned by a cat of any color, but perhaps especially if one has ever had a white cat -- after all the deck does consist of entirely white cats!

I like to carry a deck with art that is instantly recognizable as tarot, but with a very subtle approach, something that can blend with any environment. However, there is a new deck that has become my new carrying deck. Tarot of White Cats. When I looked at the deck, my first thought was Childrens Book Illustrations. Once we allow ourselves to get past the cuteness, one begins to appreciate the powerful treatment of Tarot imagery. The Courts follow traditional elemental treatment. There is some heavy stuff here. There are also a few cards that appear to reflect a wily sense of humor, from the illustrator. The 10 of Swords shows a blanket pierced by nine of ten swords. Gato waves as he leaves. And when somebody walks by and says, Harumph, Tarot Cards waste of time and money. Oh those are cute do you read them? Dan Pelletier is a co-owner of The Tarot Garden , a most highly respected resource for tarot decks and related information on the Internet. Wise and astute masters of living happily, guides in a world of nine lives. These cats inhabit a kind of Disney Renaissance; they wear luxurious robes and dresses and are set on backgrounds illustrated with fairytale castles and landscapes with a slight Italian influence. There are kittens added to the Aces, and changes of perspective in cards like the Four of Swords. The Ten of Swords shows nine swords piercing a white cloth on the ground, another sword on the ground, and a white cat dashing off in alarm; the Three of Swords has the traditional image of a heart pierced by three swords, but also pictures a cat sitting crying with its paws to its eyes. The divinatory meanings are short advisory phrases; majors are listed by number. To avoid frustration, delight in success only when you are sure that you have obtained what you wanted. Even old trees can germinate and bear good fruit if treated with care. Overall, this is a playful, cute Tarot deck that could be easily used by children, by a beginner looking for something a little more attractive than the Rider-Waite, and by the more experienced Tarot reader as a deck to use for nervous querents. Kate Hill is the owner, founder and editor of Aeclectic Tarot , and has reviewed more than decks over the years.

3: The Tarot of the White Cats review.

The Tarot of the White Cats is very much in the tradition of the Rider-Waite Tarot - except for the blue-eyed, white cats drawn in the cards, instead of people.

My birthday present to myself was of course a new tarot deck. But this is definitely not a novelty deck, nor is it whimsical or twee. I love the rich colours of the cards, and the sandstone texture of the landscape, which Kuykendall created using a toothbrush. To reach the Outer Regions, one must travel through high rugged mountain passes, stopping periodically at way stations. The boundary is obvious: From this point on, travellers are strictly on their own. The characters shown are gaunt and seem sort of frightening even the ones who are smiling. But a little reading helps me to warm to them and their awesome outfits and hairstyles help too. The little white book describes a people who love arts and crafts, who have adapted to their fierce landscape, and whose belief system rejects organised religion and instead revolves around honouring the elements wind, stars, sand, rocks, skies and the spirits that govern these. There are five kingdoms one for each of the four suits, and another for the major cards ruled hierarchically by kings and queens. It is this silence, this feeling of profound loneliness, that most find so frightening. Sound, when it occurs, can be heard for miles. A favourite pastime is exchanging cat stories. Everything in this card exudes a feeling of joyful release. And look at the face of the cat! It is currently in its ninth life and looking forward to a tenth. I prefer to get to know a deck on my own terms first, dipping into the book when journalling or exploring a specific card. What do you think of this deck? Share your views in the comments! I believe that spirituality and ritual are for everybody. I am excited by anticapitalist business and living with my whole entire self present. I use tarot cards to bring forth hidden truth, and ritual to affirm my commitment, over and over, to my ever-shifting path.
