Some have prepared a list of books they wish to read before they die. Many have prepared their own lists of best books. Also, there are best book lists that have been prepared by teams of scholars. Last week a friend of mine asked if there were any such lists in Urdu. I said as far as I could recall there were none and there could hardly be any list on which everyone agreed. She suggested somebody should start compiling a list of best Urdu books and others would join in. My idea was to start a list of the best books on the basis of genres. So here is a list of the 10 best Urdu autobiographies. Compiled in chronological order and not in order of preference, it is based on the importance, relevance, readability and literary and cultural value. A good book does not have to be a bestseller and may not be liked by everyone. You may differ or even be surprised at some of the titles that others declare as favourites, as Andre Maurois has said: But you have a right to prepare your own list or amend this one. It may not be a complete autobiography in the real sense of the term, but it is a first-hand account of the life on these islands and gives a political and historical background of the war of freedom. It is one of the earliest Urdu autobiographies and makes a good reading, too. Recently, Sang-i-Meel Publications, Lahore, has reprinted it. Aamaal nama " Known for its chaste Urdu and literary style, the book discusses political, social and literary issues of the late 19th and early 20th centuries. The author has described his life in details and in such a candid manner that few Urdu autobiographies can offer such frank insights. The book describes, in addition to other things, the royal courts and royal lives in princely states of Hyderabad Deccan and Rampur. Since it revealed some parts of personal lives of those who mattered, its publication provoked uproar from readers. Many pages had to be removed and stickers had to be pasted to hide many lines. But the high-ups were not satisfied and it was finally banned and confiscated in Deccan. The writer was shocked and died a few days later. Today its copies are extremely hard to find. Naqabil-i-Faramosh " Sardar Divan Singh Maftoon , a journalist, began writing his memoirs while in jail in When published later in book form it became much popular. Maftoon decided to rewrite it and the second, expanded edition was published in Maftoon had written the sequel, titled Saif-o-Qalam, but it could not get published. A Lahore publisher had reprinted Naqabil-i-Faramosh a few years ago. Khoon baha " Hakeem Ahmed Shuja , a playwright, journalist and poet, grieves in this autobiography the death of some friends, relatives and dear ones. This has kind of overshadowed the entire book but still it is an interesting account of his era and contemporaries. It has a literary and scholarly touch and is valued for its flowing prose, too. First published in , it ran into multiple editions, but is now out of print, though some public libraries treasure it. Bukhari, began writing his autobiography in Serialised in the daily Hurriyet, it was published in book form in A witty and somewhat naughty fellow as Bukhari was, the book offers good glimpses of his wit, repartee and pranks. It is also part a history of broadcasting in India and Pakistan, not to mention the beautiful language. Yaadon ki dunya " It is a well thought out and well-written autobiography by Dr Yousuf Hussain Khan, an Indian scholar. A beautiful combination of literature, history and sociology, the book is not easy to come by these days. Known for his command of the Urdu language, Josh has definitely written beautiful and inimitable prose. The narration of his early life and the environment is absorbing. Recently, Dr Hilal Naqvi found its missing pages and published them. Yaadon ki baraat is definitely one of the most interesting biographies of Urdu. Jahan-i-Danish " Ehsaan Danish was a self-made poet who earned his bread as a labourer. A self-taught man, he was ultimately recognised as a poet and scholar. The autobiography teaches lessons in courage. One learns to face the world in extreme poverty and rise. First published in , a few years ago it was reprinted with its second part. His autobiography first appeared in and has been reprinted many times over. Yousufi Sahib believes that sense of humour is in fact the sixth sense and if one possesses this sixth sense, one can go through all the hardships of life smilingly. That is exactly what he has done while narrating his career as a banker: Quadratullah Shahab was a top bureaucrat, but in essence he was a fiction writer. Some unbelievable incidents apart, it reveals the sorry

state of affairs of a nascent country whose people were deprived of democracy. The early portion describing the British Raj also makes an absorbing reading. It is one of the bestsellers in recent history.
