

THE ART OF BARON VON LIND pdf

1: Baron von Lind - Pin up girls - Pin ups - Pin up art

Baron von Lind's painting technique is good, but he has some problems with anatomy and proportion of the human figure. I wonder if he constructs a skeleton before building the figure. Basically I liked the book and its illustrations, but I found the anatomy problems a bit of a disappointment.

In fact, it was pretty amazing that I even recognised her. She looked so young there “ with her long red hair loose down her back, a twinkle in her eye, and no clothes to speak of except a flesh-coloured brassiere and white lacy stockings and suspenders. I must have spent a good ten minutes just staring at that picture. Although it was undoubtedly taken some time ago, it seemed to perfectly capture the essence of Ada. When I showed it to her she smiled and nodded. After a while they had to get some tape for my chest. You should have seen the photographer blush. Why did you ever stop? Of course, Ada was a beautiful woman. With her bright red hair and her luscious body she was pretty much the envy of every single one of my colleagues. But seeing her dressed up and posing for a shoot like that really turned me on. There was something about her in those pictures that was just so arresting. I took the magazines which featured her home, and stashed them at the back of my desk. The trouble was, Ada discovered the magazines before that could happen. I bet she was definitely amused though “ I can imagine the smirk on her face as she flicked through one glossy old publication after another, taking in the images of her younger self. When I got home from work that evening, she had arranged something of a surprise for me. I found her in the bedroom, where she lay splayed on the bed, wrapped in a thin white gown. The magazines were stacked neatly on the bedside table. They had been impressive in image form, but in the flesh they accentuated the curves of her body even more, and I felt my mouth go completely dry. And so I picked up the camera and proceeded to direct her through a series of poses. I had her replicate the ones from the magazines, and then a few more besides. It was a sweet little game, but I struggled to concentrate on the process of lining her up in frame “ especially when her radiant presence was so close, so within reach. By the time we did, the tension had built to an almost unbearable level. Ada and I had always had a pretty intense sex life, but nothing quite compared to that evening. We went at it like animals, and she was so wet that she was practically dripping. She picked it up and deftly removed the film, dropping the canister into the pocket of her gown. That was how Ada was “ wild, impulsive, creative and just a little bit wicked. You can see that in the pictures of her“ if you know where to look. Did you find apk for android?
