Great for lounging, bedtime, and as a cover up. Perfect for a book lover.

Even after moving to Riften, Bassianus and Fastred if they elope will still have their dialogue as if they lived in Ivarstead. They can still be asked about High Hrothgar, however. Bugs This section contains bugs related to The Book of Love. Before adding a bug to this list, consider the following: Please reload an old save to confirm if the bug is still happening. Click to show Fastred and Bassianus may stay in Ivarstead, even if the Dragonborn helps them elope to Riften. It is possible that this is from starting the dialogue with Klimmek, then exiting it and finishing the quest by talking to Bassianus instead to help the couple elope. Occasionally, after talking to Klimmek or Bassianus, they will walk outside and disappear without a quest marker. If this quest is not completed immediately and the Dragonborn acquires another Amulet of Mara in addition to the one given by the priestess at the beginning of the questline, there may be a bug in which the quest stage "Put on the Amulet of Mara" cannot be completed. This is especially prone to happen if there is a stolen Amulet of Mara in the inventory. To fix this, stash all other stolen items in a safe container and then commit a small crime. When approached by a guard pay the bounty and allow them to remove the stolen Amulet of Mara. This will then allow the quest to be completed. Or, use the console command "player. If the Dragonborn speaks to Bassianus but does not then watch him speak to Fastred, the quest may not register as completed. Entering the Fellstar Farm house and watching their interaction will complete the quest. Re-equip the amulet and try talking to Fenrig again. If a dragon attacks before the Dragonborn first talks to Ruki, she will say something about it being so short and not be able to be talked to. Reload to a save before and make sure the dragon does not get close to her, this fixes the problem. Occasionally, after bringing Fenrig to Ruki, one or both of them will gain their normal character model under the ghost texture. When bringing Fenrig to Ruki, there is a chance they will look at the Dragonborn and not move toward each other despite some distance between the two. To fix this, try sneaking behind a rock. It is also possible that both will rise into the air like normal, but will stop at a certain point and shout at the Dragonborn as if they were hostile. The quest will automatically complete. In a similar instance, the bodies will rise in the air, but have trouble climbing, namely Fenrig. Eventually, both bodies will fall to the ground, and they will attempt to rise again. Fast traveling away may automatically complete the quest. Dinya Balu must be approached while inside the temple for the dialogue option to appear. If the Stormcloaks have taken Markarth then Calcelmo will run to the Blue Palace which can lead to, if he becomes unessential, him possibly dying on the way, failing the quest. Once removed from the inventory, the Dragonborn will still be over-encumbered, although they were not when they entered the room. Reloading a save may not fix this. No carry capacity effects are active before receiving the Amulet of Mara. It is possible that Yngvar will not talk to the Dragonborn if the Dragonborn did not have enough money in the initial dialogue, left, then returned to him. Leave the farm and return a couple "game days" later and Bassianus should speak which will allow the questline to advance.
