But if you can look past these small details, Narnia is a truly magical place, the stories iconic, I will never forget them. Young Polly and Diggory are swept up in the experiments of a magician attempting to find other worlds. In doing so they discover the beginning of Narnia, and so start off the tales. The Lion, the Witch and the Wardrobe. Peter, Susan, Edmund and Lucy discover Narnia through the back of a wardrobe. Their battles with the white witch are legendary. The Horse and his Boy "Do not by any means destroy yourself, for if you live you may yet have good fortune but all the dead are dead alike. Having both run away - they seek a better life in Narnia, becoming involved in a battle between the Narnians and the Calormenes. Prince Caspian "But things never happen the same way twice. It has been hard for us all in Narnia before now. They aid the rightful heir to the throne in his attempts to stop his evil uncle from destroying Narnia. The Voyage of the Dawn Treader A swashbuckling tale full of adventures! Only Edmund and Lucy return this time, taking with them their dreadful cousin Eustace. They land on the deck of a ship with Prince Caspian - on a journey to find 7 missing dukes. The Silver Chair "He was not a perfectly enormous giant; that is to say, he was rather taller than an apple tree but nothing like so tall as a telegraph pole. To find the missing Prince whose disappearance has led to numerous others going missing in search of him. Their journey takes them to the land of giants and to the world underground. Also the best character - Puddleglum the Marsh Wiggle is in this one. The Last Battle "All worlds draw to an end and that noble death is a treasure which no one is too poor to buy. An evil ape is using trickery and deceit to cause the Narnians to live in fear. This is the battle to end all battles and none will be the same again! Narnia is a wonderful place with the most incredible cast of characters. Like I said it certainly has flaws but its achievements overcome those big time!
