FASTING: ATOMIC POWER WITH GOD BY FRANKLIN HALL INTRODUCTION WORLD-WIDE FASTING-PRAYER CRUSADE JANUARY In a group of saints came together in San Diego, from various denominations, to.

In other words, the measure of faith you have for a miracle, is the measure of miracle you will experience. If you have a little faith for a miracle, then know that when you pray for that miracle to happen you will get only a little result. Weak faith, and weak prayer results in a weak miracle. But strong faith, and strong prayer results in a strong miracle. So, there are levels of faith and levels of miracles that correspond to faith levels in prayer. This applies to healing, casting out demons, and even praying for nature miracles like changing water into wine. This is a miraculous faith based on divine revelation through either a dream, a vision, a voice, or a sudden impression. So, Paul is speaking of different kinds of faith faith for different things, faith to accomplish different works. A faith for salvation, a faith for sanctification, a faith for healing paralysis, a faith for healing blindness, a faith for casting out demons discerning of spirits, a faith for walking on water, a faith to pray for rain, a faith to pray to move mountains. Just as there are different levels of power, and different levels of miracles there are also different levels of faith for those things. Take what you can get! A faith to temporarily remove demonic oppression is better than no faith at all! A faith to heal a blind man partially of blindness is better than no faith at all! There are levels of faith and power. We are all going on to perfection. Jesus is the author and perfecter of our faith Heb. No Christian has perfect faith; our faith needs to grow. Christians can develop their prophetic and miraculous powers through developing their faith for such things. Through fasting, praying, and contemplation on Christ these were the ways he increased his faith consciousness. People quote Jesus all the time in His reference to casting out demons: What did Jesus mean? What kind of prayer; and what kind of fasting? In the years to come, I hope to learn more about this from the lives of the saints. I believe this will lead to miraculous faith the kind we see in the Bible! Books that shine light on Charismatic prayer and fasting: It teaches how to fast from food for 40 days, but continuing to stay refreshed on water. This is supposed to increase faith and power to pray for miracles of salvation, healing, deliverance, and nature! The longer the fast, the more power acquired for prayer. It can also open you up to high level revelations such as visitations from Jesus and out-of-body experiences. All of these books teach a prolonged fast from food, consuming only water. And practicing healing prayer while on the fast. I would not recommend this book by Franklin Hall, however, because he often refers to ideas from pagan religions on fasting or to the Zodiac. What kind of prayer? Healing prayer and deliverance prayer word of command: Complete abstinence from food of all kinds, drinking only water anywhere from 2 to 5 weeks days. Any prayer that is prayed including healing prayer while on this fast will result in miraculous and powerful results! The trick is training your will power to be able to fast for that long! The first 5 days are especially hard headaches, hunger, cravings, etc. But if you worship and pray your way through it, drinking plenty of water, the fast will become less torture and more easy. Pray for nature miracles too for the rain to come or stop! If you deem your faith for miraculous healing to be strong enough, then you can go right ahead and start praying for the sick. But sometimes, if you want to guarantee your faith will be strong, then pray for the sick while on a fast. There is no strict rule. But here are some examples of fasting and healing prayer. I then told them of my faith in Christ as Healer as well as Savior of men, and begged them to let me minister to them and to trust Him for themselves as best they were able. I spent two days and three nights in fasting and prayer with them. Lake on Healing, pp.

Was it not also because the commandment of abstinence and fasting had been badly neglected amongst the saints for centuries? How destructive has the indulgence of people in the world affected the subject of sex! On the other hand, how blessed is a temporary fast, which contains the lusts of the flesh. William Penn, the founder of Pennsylvania, said: Therefore, eat for the sake of living, but do not live for the sake of eating. He only taught them about a more sincere way of prayer, once they themselves had realised with shock, how much prayer was lacking in their own lives. After He departed from them, they learned how to pray and fast in the right way; for then the whole responsibility of the Kingdom of God rested upon them. We can assume that the people praying for the out-pouring of the Holy Ghost, 10 days before Pentecost, also fasted at the same time, because they stayed at the same place throughout. This means they did not return to their houses to eat. This brought forth all heavenly things in such a manner that their whole desire and longing was focused towards the power from Heaven; the Holy Spirit. Whoever has the same attitude today, will be able to experience his own Pentecost, which is the baptism with the Holy Spirit and fire. The apostles also fasted frequently afterwards, e. Practical Points In order to enhance the positive effect of fasting in the initial stages, it is recommendable to drink some salted water for the cleansing of the bowels. You can take this at any time, even when not in a fast, but with an empty stomach, in order to cleanse your body. During a fast, it should not be taken before the first day. Fasting gets easy when you observe the following guidelines: When your feeling of hunger has gone after a few days, go into deep and intensive prayer. Then you will gain the right spiritual results. Without prayer your fasting is ineffective and in vain. It is recommended to drink mineral water instead of ordinary domestic water. You should drink hot or warm water to avoid stomach cramps and other inconveniences. Never drink cold water, unless it is taken very slowly. This is advisable especially for slim people, and during a fast in cold weather. A certain hindrance are the well-meant persuasions of over anxious friends and relatives, who try to convince the patient believer to break the fast prematurely, as they fear for his physical well-being. Should you have fallen for these persuasions, take courage and at some time renew the fast again. You may feel tired during the early or final days of the fast. During this period however, your prayer will most likely not be as concentrated and effective. Physical movements like getting out of bed, etc. After your bodily poison has been secreted, you will feel better both spiritually and physically. Pain, dizziness, weakness, and other physical complaints will disappear. On the other hand the various physical organs as well as your sense and mental abilities will be stimulated. The result of this is the gaining of a certain spiritual authority, with prayers being answered and many other things that you previously thought impossible. How long should you fast? Until we finally know that God has heard our prayer. For this you have to get the assurance whether to have a short days or a longer day fast. As long as our health and physical condition permits, without resulting in damage. Four Cleansing Methods The pores of the skin are channels through which the body secretes much poison, and this happens particularly during a time of fasting. This is the reason why Jesus says: It helps a lot to bathe more frequently than usual. The kidneys are activated by drinking water frequently, therefore the urine is diluted and poison is flushed out. Therefore it is necessary to be out in the fresh air, to take deep breaths of fresh air, as well as often opening the windows. The bowels are also an important means of secretion. Do not worry if the bowels almost stop working altogether, as this is only because there is no supply of nourishment. In an emergency, a clyster would be of some help. It would also be good to do some physical activities, like sport. Fasting is the best means to break physical disabilities. This applies especially to stomach complaints. During a long fast your stomach is virtually renewed. This is the reason why it is necessary to break the fast gently. You should not immediately start with too much food; but gradually, with fruit juices followed by some fresh fruit. If you are in bad health, fasting will be of great benefit to your body. Fasting has a rejuvenating effect on the glands, kidneys, liver and the blood, as well as the throat and eyes, etc. Considering all these points above, it is clear that fasting and prayer can only benefit

your physical well-being. Jesus would never have recommended such temperance if it were to have a bad effect upon our body. Of course you should sleep and rest as usual. If possible during a fast you should try to rest a little more often than usual. Water Intake Just as we apply water to cleanse our body outwardly, we need to do the same for our inner organs. Therefore we rinse out our mouth after eating, to remove food remains before they damage our teeth. Our stomach also needs to be cleansed by water. If we fail to drink water while we fast, the stomach will not be cleansed and will shrink, which can cause a slightly bent posture. Without drinking water, the inner organs will remain constipated and the body uncleansed. Therefore the secretion channels will not be able to function. Thus the consumption of water is all the more essential. The drinking of water does not hinder the fasting person from drawing nearer to God. Water is pure and is used as a parable of salvation and of the Holy Spirit, of whom Jesus says: But whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life. Food remnants decompose back into the ground. Water does not have a stimulating effect like food, for the latter nourishes the desires. Water does not have this kind of effect. During a fast, the pores of the skin, i. This is the reason why we should wash or bathe as much as possible. After approximately 2 weeks of fasting the most poisonous factors in a healthy body will be secreted with the help of water. From the context of the scriptures you can see, that Jesus Himself also drank water during His day fast. Further, it is said that He hungered in the end, which means, the longing for solid food came through powerfully. Water was plentifully available in the creeks nearby. To suffer thirst is much harder than to suffer hunger. Not one of the scriptures above mentions the need to drink. This shows that water was available. Vanishing of Natural Desires Man has four different desires: The spiritual desire, the longing for God. The desire for food. The covetousness for possession, power and luxury. All these needs can be justified to a certain degree. The first desire does not take any effect at all in most people because it is suppressed by the other three. The second and third desires degenerated into major vices in ancient times, of which Paul warned severely in 1 Thessalonians, chapter 4: However, with fasting, a miracle occurs: After approximately 10 days of fasting the weakness is gone. Thereafter the sexual desire disappears too. If the person who is fasting continues in fervent prayer to be united with God, the fourth desire - covetousness, is taken from him; or at least so much diminished, that it is hardly noticeable. To the same degree, as fleshly lusts decrease through fasting, the spiritual longing for God is increased: It is the Holy Spirit who is working by His moving force. However, at times of such spiritual growth you have to be aware of satanic counter attacks and afflictions. At times there seems to be a wall in front of us which is a hindrance to our prayers. Dear reader, do not be discouraged! If you endure in spite of all, victory will be yours. Do not forget that you are standing in the middle of a fiery spiritual battle! Breaking the Fast The longer the fast lasts, the more attention is needed when the regular diet shall be resumed. Gradually, our stomach has to become active again. This takes some time.

During my stay in Hamburg while working on the English original of "Atomic Power with God through Fasting and Prayer", by Franklin Hall, I was touched so much by the article, that I instantly started a 2-week fast, through which I could gain rich spiritual profit.

Many went on day fasts. In the great healing revival broke out through the ministries of William Branham, Oral Roberts, T. Osborne and a host of others who began to experience gifts of the Holy Spirit. They began to see extraordinary miracles in their ministries and thousands were converted and healed. The truth of fasting with prayer was a major catalyst in this revival. We have included 4 of the 11 chapters. Atomic Power with God Fear and hatred stalk the world today. No one knows to what use men will put the newly discovered force of atomic energy. Many other devices of power would bring to pass the signs preceding the second coming of Christ as foretold in Luke Spiritually and emotionally, mankind as a whole is not far removed from the jungles, and is therefore, incapable of handling the forces of nature that science has unleashed. Physical power, sufficient to disintegrate the entire world, is at the fingertips of a few, but there has been almost no development of spiritual power to control it. We have been wandering in the wilderness. This spiritual power is actually within the reach of all followers of Christ. It is not so much that it has been forgotten, but rather that it has never been taught and learned. But we have overlooked a certain fundamental part of the Gospel message. The writer shall endeavor to present a spiritual atomic power far greater than the physical force of all the atoms in the universe. Jesus Christ has made this power available to all His people, who will follow His Gospel pattern. Space and time began to shrink with the modern automobile, steam engine, and airplane. Distance ceased to be a barrier. More progress in scientific achievement was made in two generations than had been accomplished in the preceding two thousand years. What about spiritual power? In the natural we have the automobile to speed us on our way. We have the steam engine shortening distance and also the airplane making distance no longer a barrier, etc. Radar and television bring distant objects nearer. Like most scriptural truths, there is something; but only the wise shall understand it. The seemingly insignificance and misunderstanding may have been cause for its neglect. This is a prayer that is prayed under the influence of fasting. Our spiritual progress will be like supersonic speed. Thank God there is something which makes for Spiritual progress that is more scientific than anything man has accomplished to date, and which accomplishes wonders for our Spiritual welfare in a very short time. Without prayer and fasting every Christian will more or less mark time and fail in their purpose. If, as many believe, the unleashing of atomic energy is the prelude to the end of the earth, and if the seal judgments, the trumpet judgments, and the vial judgments of Revelation will soon be upon us, then the few who know and experience the saving power of God will do well to protect themselves against the day of His wrath, by a last great awakening through fasting and prayer. It will be the beginning of a new age for good, if the power of the Spirit is developed to a high degree by many through the use of the most powerful agent known to man, fasting and prayer. Without fasting, prayer becomes ineffectual. Fasting restores and amplifies prayer power. A twenty-one, or forty-day prayer and fast will most assuredly hasten the Christian to such a deep and wonderful experience with God that twenty-one days will equal twenty-one years. Forty days will equal forty years. Experience shows that the forty-day period brings far greater results than a shorter time. It will bring one closer to God more quickly than any other way known. Like the doctrine of divine healing, the doctrine of the Holy Spirit, etc. The truth of fasting is being revealed to us now that we may secure the greater things of God, that we may receive the gifts of the Spirit and that a mighty world-wide revival of spiritual power will sweep over the world, with major signs and miracles in these last days. Fasting is the most potent power of the universe, and is placed at the disposal of every believer. A transformation in the body of Christ will begin, as Christians fast and pray. The practice of fasting is as old as humanity. More than two thousand years ago, fasting was a custom advocated by the school of the natural philosopher, Asclepiades, for curative purposes. It was used for religious purposes, as well as a method of restoring health. In the olden days they recognized the value of a fast, but today people look on fasting as a certain way to the grave. When a person speaks of fasting ten days, twenty-one days or more, many think it

something horrible. It is through a lack of definite knowledge on the part of many, that this subject is so much misunderstood. Moreover, it is an important, basic truth of the Bible; yet we so often overlook its value. So important is fasting in the Mohammedan religion, that they claim it to be one of the four pillars of the Mohammedan faith. This explains one of the reasons why there is more fervor and zeal in their religion, than in the Catholic or Protestant religions. Many Mohammedans take a thirty-day fast every year. Fervor and zeal are definitely a result of the fast. This is sadly lacking in our church of today. Fasting is mentioned in the Scriptures approximately one-third as much as prayer, yet our present day church member places it insignificantly in the background. If Christians realized what great power and blessings they are missing, they would be only too eager and happy to fast. One of the reasons Satan cheats them out of this glorious experience, is through the misunderstanding and confusion that is so generally prevalent in regard to fasting. Here is a testimony of a certain man who fasted fourteen days in one of my meetings. This was in , when the world-wide fasting crusade was first launched. Franklin Hall on some enlightening teaching on fasting, I started a consecration fast. I partook of no food during the entire fast of fourteen days. Water was taken for the purpose of cleaning out the system. I was a heavy smoker, and it seemed impossible to give it up, but on the third day of the fast I had no further desire for smoking. On the fourth day of the fast, hunger left me entirely. A little later all weakness left; and to my surprise I began feeling better and stronger day by day. I could pray more earnestly, and with greater results. Several days later, I received the glorious baptism of the Holy Ghost. I kept busy with my work which was not heavy. The fasting did not bother me much. What Brother Hall tells you about fasting is true, in our new spiritual consciousness our eyes are opened to discern the true nature of our former natural environment. And it worked out just that way in my life. It was a glorious experience. This was twenty-nine pounds underweight. At the conclusion of the fast, fourteen days later, I had lost sixteen pounds, for I weighed a hundred and twenty-four pounds. Sixty days later I had not only regained the lost weight, but also gained twenty-nine pounds more, which was exactly what a man of my age should weigh, to the pound, that is, one hundred and sixty-nine pounds. Everyone told me that I looked better than they had ever seen me look, and I do feel better than I have felt for twenty years. All of my nervousness is gone, and I have better complexion, and best of all, I have received the Holy Ghost, and have a much deeper experience with the Lord. People do not know what they are missing. The Nagasaki and Hiroshima bombs probably detonated at about feet altitude. Equals pressure of a 3, mile-per-hour hurricane. No one can possibly calculate the true extent of this effect, but some physicists have stated that a wave of great height will be created. Combustible materials of all kinds will burn at 1. The ground temperature below the burst at 1, feet altitude was certainly more than 1, degrees Centigrade. But greater still, and more potent, is the spiritual atomic power with God that lies available to every Christian. The scientist can now use and harness the power of the material atom, but the Christian can use and harness the dynamic power of the great Creator of the atom. As the Creator is greater than that which He has created, so is the power wielded by the Christian, through fasting and prayer, greater than that wielded by the atomic scientist. It is the purpose of this volume to show the Christian a sure method, whereby he may obtain this mighty power, and may be able to move the omnipotent hand of God. This will be our spiritual, atomic jet-propulsion power. Let us see what the word fast means. I believe misunderstanding here causes much of our trouble about the subject of fasting. It is here that Satan deceives the average Christian. Especially as a religious observance. One should not associate abstinence from water, with the subject of fasting; thus, we see the contradistinction between food and water. The confusion that exists in the mind of the Christian, who believes that he is not to drink water in a fast, MUST be overcome. This has prevented many people from fasting over a period of several days. Therefore they have been deprived of some of the very greatest blessings. A fast like that of Paul, or Daniel: Such a fast may continue from twenty-one to forty days, depending on the individual, and also on the amount of time it takes you to get your prayers through to Heaven. Fasting and Starvation are also two entirely different things.

When they had famines, food shortages, lack of rain, etc. In fact, he states that "Without fasting, prayer becomes ineffectual. At the least, it would seem, they would be hindered greatly. This is a good example of how a person can extol a faith in Christ while negating all the effects of that faith and the relationship with God it entails. By giving credit for answered prayer to the demon gods of pagan religions, Hall displays a mindset characteristic of occult science. This is evidenced by his following words: Permanent, lasting Freedoms from all sickness, harmful accident things and defeat will come about. Freedom from the imprisonment of all gravitational forces will also be brought upon the whole man. This study teaches one the power and secrets of space flight. Space floatation [sic] and hovering ability. It has been on more than airlines in travels. The polished brass, the beryl stone appearances are even now manifested today. This is the sign of death, and is supposed to govern the sex area. O, grave, where is thy victory? More will be said about this when we examine the teachings of some current Kingdom Theology proponents. But I feel that I should a least point out at this time that the Zodiac is an arbitrary assignment of images to certain stars by the priests of the Babylonian mystery religion. No matter how one tries to make it fit Scripture by claiming Genesis 1: We have the more sure written Word of God for guidance; we tread on dangerous ground when we try to accommodate His Word to occult science, or try to make the two equal. The Aquarian Age will not be completely entered into until around the year A. The following, though a bit lengthy and poorly written, are examples: So much has been said about the travels of the astronauts, about conquering space and even going to Venus or Mars, about the power behind the saucers. The overcoming saints, however, are hundreds of years ahead of our scientists. These heaven projected saints will be so clothed and covered with the Immortality, supernatural, ZOOMING sparkling Substance, that it will be no more trouble at all for them to take off. Where will they go? Into His Cloud Fire Body. Jesus taught a small, but precious group of His followers - those who were able to bear it, that gravity would be completely loosed from them, in the last days, when they learned how to train their appetites into a different channel. The meat that draws us away from gravity holding things. It appears that, they also can walk or run upside down. Do not order unless you are open to an apostolic teaching and have read four other books by Bro. But the heavy flavor of occultism in his teachings should have been sufficient warning even back in Yet many prominent teachers credit the empowerment for their ministries especially healing ministries on his book on fasting and prayer. And since his teachings formed the basis of those that came after, and since the influence of those teachings upon neo-Pentecostalism is so great, close scrutiny of every ministry they touched is necessary.

In , Hall published a brief book entitled "Atomic Power with God through Prayer and Fasting." The book, which provided detailed information on the methods and benefits of fasting, was an immediate success and brought Hall considerable fame.

Initially he was with the Methodist church but their stance against healing forced him elsewhere. During the depression and World War II he travelled as an independent evangelist. The book, which provided detailed information on the methods and benefits of fasting, was an immediate success and brought Hall considerable fame. According to Hall, all of the major evangelists began following his fasting regime and miracles erupted everywhere. He contributed to the revival a distinctive doctrine which, while it did not enrich him, had a major impact. Franklin Hall himself never attracted a large following. He considered himself a teacher rather than a healing evangelist. He worked in combination with a series of preachers, including "Little David" Walker, the most famous early child evangelist. Hall carried on a ministry of teaching throughout the s and s. He began publishing Miracle Word magazine in , which eventually reached a peak circulation of 24, Isolated by a somewhat deviant doctrine and less talented as a preacher than many of his competitors, Franklin Hall hung on through the fifties with the same tenacity that had helped him survive during the depression. In small churches and auditoriums across the nation he continued to teach with fervour his message of prayer and fasting and healing. When hard times came to the revival in the late s, it was nothing new to Franklin Hall. He had an instinct for survival. Scores like him roamed the countryside. Unlike some faith healers, Hall emphasized teaching. His extremist views in the area of fasting and healing were considered unacceptable to many evangelists. Extreme in the area of healing, he held to a "body-felt salvation. These extremes and the discipline they entailed severely limited his following. In Hall founded his Deliverance Foundation, and in it reported thirty-two affiliated churches and two thousand members. Tony Cauchi Januray Bibliography:
