

## 1: Laws of the state of Oregon for the protection of fish and game - | Oregon State Library

*American Game and Fish Laws Containing a Digest of the Laws in Each State by Henry Austin State of California Fish and Game Commission, Twenty-Seventh Biennial Report for the Years by California Dept.*

Have in possession a valid Oregon Angling License to angle for or take, or help another angle for or take, any fish for personal use. Have a valid Oregon Shellfish License to take any shellfish for personal use. No fishing or shellfish license needed: During Free Fishing Weekend s ; When taking crayfish or bullfrogs; When Oregon resident landowners are angling on land they own, except when angling for salmon, steelhead, sturgeon or halibut. When an Oregon resident is angling on land owned by an immediate family member, and resides on that land, except when angling for salmon, steelhead, sturgeon or halibut. All anglers regardless of age need a valid Combined Angling Tag in possession to angle for salmon, steelhead, sturgeon and halibut. Anglers may purchase only one Combined Angling Tag authorizing harvest of 20 salmon or steelhead per year. Harvested adult wild salmon or steelhead must be recorded on the Combined Angling Tag. Angler who takes the fish must record the fish on their tag irrespective of who hooked the fish Hatchery salmon or steelhead can be recorded on either the Combined Angling Tag or a Hatchery Harvest Tag, but hatchery catch must be recorded on one of these tags. Anglers may purchase multiple Hatchery Harvest Tags to record hatchery salmon and steelhead harvested, in lieu of recording these fish on the Combined Angling Tag. Only hatchery salmon and hatchery steelhead may be recorded on the Hatchery Harvest Tag. The combined angling tag along with all hatchery harvest tags must be in possession and presented when requested. All anglers, regardless of age, must have in possession a valid Columbia River Basin Endorsement when angling for salmon, steelhead and sturgeon in the mainstem Columbia River from Buoy 10 upstream, and in all rivers and their tributaries that flow into the Columbia River. Any anglers other than Washington residents must have a valid Oregon angling or shellfish license when landing fish or taking shellfish by boat in Oregon. All licenses, tags, and permits are available online website , and through license agents, and ODFW offices that sell licenses. Licenses and tags may be purchased for you by a family member or friend. Angling licenses may be exchanged for Combination License or Sports Pac License within 90 days of original purchase. State and federal laws require a Social Security Number to obtain most hunting and angling licenses. Allows a licensed angler to use: Two rods or lines while angling in standing water bodies such as lakes, ponds and reservoirs, including Snake River impoundments above Hells Canyon Dam. Five rods or lines only when ice fishing. Only when authorized, the two-rod validation may be used in specified streams. Two-Rod Validation is not required for youth under 12 years of age. Two-Rod Validation is prohibited in: Columbia River and its impoundments. Seasonal or permanent backwaters and sloughs of rivers, streams and creeks. Bays, estuaries and ocean waters. Coastal lakes during wild coho seasonsâ€” see zone regulations. License, Tag and Permit Fees Description.

The definitions prescribed by ORS It is unlawful to take, possess, buy, sell or otherwise handle any food fish in or from any waters of this state, during times, in a manner or by means of the fishing gear prohibited by law. Upon such seizure, the fish are subject to forfeiture and disposition pursuant to ORS Notwithstanding any other provision of law, an individual lawfully engaged in commercial fishing, while at sea, may consume a portion of the lawful commercial catch, without payment of the fees required under ORS It is unlawful to sell within this state, or transport out of this state for the purpose of sale, food fish taken from any waters of this state by means of angling. Recognizing that rainbow trout are sometimes intermingled with food fish, the State Fish and Wildlife Commission shall regulate to minimize the incidental catch of rainbow trout that may be taken under subsection 2 of this section by commercial fishing gear, including but not limited to regulations as to season, gear and area. It is unlawful to sell, can, process or preserve for food any food fish that have been removed from the water for a longer period than 60 hours, unless such fish have been artificially chilled. If the State Fish and Wildlife Commission or its authorized representatives finds that food fish about to be processed, packed, canned, preserved in ice or sold in the open market are unfit for human consumption, it or they shall notify the packer or possessor of such fish of the fact. If, in spite of any warning given to such packer or possessor, such fish are packed, demand shall be made upon the packer to keep such fish separate and apart from the balance of the output or pack of the packer, and a full report shall be made of the matter to both the state and the federal health authorities. It is unlawful to possess, import into this state or transport within this state any food fish which have been unlawfully taken or transported under the laws of another state. It is unlawful for any person wantonly to waste or destroy any food fish. It is unlawful, without written authority from the State Fish and Wildlife Commission, to place in any of the waters of this state any species or variety of fish whatsoever which are inimical to or destructive of food fish. It is unlawful to use or permit to be used in any of the waters of this state any electrical device, appliance or current which in any manner has a tendency to retard, scare, frighten or obstruct any food fish in their migrations or movements in such waters without first having obtained the consent of and a permit from the State Fish and Wildlife Director. As used in ORS It is unlawful to place or cause to be placed in any stream of this state where anadromous or food fish run or exist, within the distance from any dam, fishway or object in which the taking of any anadromous or food fish by means other than angling is prohibited by law, any blood or offal of fish, or any other substance, matter or contrivance that will frighten or drive anadromous or food fish, or with intent to drive or frighten, out of that part of the waters of any stream in which it is unlawful to take such fish. It is unlawful, for the purpose of taking or destroying any food fish, to: Nothing in ORS Having in possession any food fish under circumstances which make it reasonable to believe that they were taken by means of explosives or substances deleterious to fish justifies the arrest of the person having the fish in possession. It is then incumbent upon such person to prove and show that the fish were taken by lawful means. It is unlawful to use or assist in using any Chinese sturgeon line, or lines of a similar character, in the waters of this state. It is lawful to operate or use a net consisting of a single nylon or cotton web of a mesh not less than 14 inches, taut measure, hung or attached to not to exceed two lead lines combined and used as a single line and a single cork line, in any of the waters of this state, during any season or period closed to commercial fishing by law or by rule of the State Fish and Wildlife Commission, for the purpose of clearing away or removing snags or similar obstructions from gillnet drifts and other suitable or desirable fishing areas. Any person desiring to operate a snagging net as provided in ORS In specifying any such dates, no one notice is valid for a period of more than 30 days from the date thereof. Such certified written statements, together with a written statement of the Attorney General of this state that the provisions of subsection 1 of this section are satisfied by such laws or rules or regulations, are conclusive proof that the provisions of subsection 1 of this section are so satisfied. In any
