"The Forbidden Game" by Lisa Jane Smith is a modern fiction book, written with fast-paced, beautiful language. I've read four other of her series (which all seem to be bind-ups) and I definitely think this bests them all.

He is the star of the school, handsome and athletic. Jenny loves Tom very much, and she dresses and acts the way he wants. Tom truly loves Jenny, but her takes her for granted. Jenny is very defensive of Tom, and loves him very much. Jenny says that Tom is the best boyfriend in the world, and goes to buy him a game for his birthday in the first book. Audrey is also close friends with Dee. Dee has short hair and is very beautiful, like Jenny. Dee is also good friends with Audrey. She is highly skilled in fighting and martial arts. Edit Julian is the handsomely seductive Shadow Prince. He has been watching Jenny since she was five years old. He wants to capture Jenny for himself and keep her by his side in the Shadow World for all of eternity. Jenny finds Julian alluring in the first book, believing him to be the most beautiful person she has ever seen. She describes the color of his eyes like the sky at dawn and his hair like that of the color of snow. Jenny gradually comes to realize just how far Julian will go to have her. She feels an unmistakable connection to him through all three books. Edit Jenny is first seen in the first book, walking down the street to buy a game for her boyfriend Tom, as it is his birthday. Someone speaks to her, and she turns around to find a beautiful boy talking to her. Jenny is dumbfounded, so the boy speaks to her again, saying, "Can I help you? Jenny tells him that she is buying a game for her boyfriend Tom. The boy gives her a game, "Mystery, Danger and Seduction", which he reveals is titled, "Temptation". Jenny buys the game, but things go quickly from a night of fun and friendship to one of terror and obsessive love for Jenny and her friends. Julian reigns as Prince of The Shadows Edit The second story in The Forbidden Game series. Tom breaks away from Jenny, wary of how the first game changed her, referring to the wild side of her that Julian awoke in her. Upset, she goes to prom with a handsome senior to get back at Tom. At the dance Julian reveals himself. He still wants Jenny, and offers her another game. She agrees and they begin a darker version of "cops and robbers". Jenny must find the base and free her friends before she herself is taken, and Julian is not about to let her win this time. Edit spoilers In this third and final piece of the Forbidden Game series, Jenny and the remainder of her friends must find a way to enter the Shadow World and defeat Julian in his final game in the form of a Treasure Hunt. The other shadow men are introduced in this book, and a startling vulnerable side of Julian is revealed. For the first time we see gentleness and pure love, and also pure heartbreak between Jenny and Julian, and the ending of this book will cause you to rage, smile, and cry all at once. Trivia Edit Jenny is the female equivalent of Tom-beautiful. Although Jenny loves Tom and will always stay loyal to him, she finds herself inexplicably drawn to Julian. Jenny is another one of L. Smith posted in a recent blog entry.

L. J. Smith has written a number of bestselling books and series for young adults, including The Vampire Diaries (now a hit show on the CW), The Secret Circle, The Forbidden Game, and the NY Times #1 bestselling Dark Visions.

I cannot resist an excuse to buddy-read with the oh-so-lovely Heather Smith 3-in-1, like Dark Visions , and I feel like lump reviewing these books is kind of unfair! Ergo, I will do a 3-in-1 review as I go! While trying to evade her pursuers she winds up in a game shop. Completely evil - and completely in love with her I may get some crap for that casting choice, sorry Heather! I really hate Tom! That is my "love-interest" rant! We get to experience how The Game has affected our characters, for the better or worse. If Tom Locke the Flawless had a flaw, this was it. He was used to always winning, and winning easily. And while I will forgive any, and all, these characters for varying youthful mistakes and misunderstandings I find it so difficult to understand how Tom goes from one extreme side of poor behaviour to another, also extreme, side of poor behaviour so entirely. I love how monstrous Julian becomes in this Game. It paints a far more interesting picture of his Shadow man history. I devour her words Om, nom nom! This one is MY favourite!! I love the development in this one! The way the entire book is sequenced and executed is just wonderful! The setting is perfect for the events that unfold, and the characters play so well off each other. This is the story that really brings The Phantom of the Opera to mind for me. Eric and Julian are such similar characters. They are both such beautiful, damaged souls with an undeniable LOVE for the light to their dark. Love can be as much of a curse and it can be a blessing. And she had never really found the right description for the color of his eyes. At times it had seemed close to this color of that color, but when you got down to it, words really failed.
