

## 1: Forex Trading Course - Learn forex trading from Basic to Advance | iPlan Education

*Compare forex courses. Learning to trade forex can be an intimidating. Sometimes, all we need is a little help to get us started. Structured guidance from a true professional will build a solid foundation upon which to grow your forex trading knowledge.*

Get the cutting-edge insights into the Forex Markets delivered to you by email. The Platinum strategies and the algorithm have helped to make me a much better trader. Sean Beavis, - August Arron has been a fantastic mentor and has given me so much confidence with my trading. After being very skeptical in investing with Platinum, I was made to feel welcome. Having finished 10 one-to-one sessions, I have doubled my demo account and now ready to start going live. Platinum has given me the confidence to do this. Recommended to various friends. Joshua Chadbourne, - August Words cannot explain this fantastic program. Have had it for 3 weeks now. What really makes this program a complete package is not just the ease of use, but the genuine support and advice that is offered which goes a long way in helping to make the correct decisions. Huge thanks to all you guys at Platinum for a great program that makes Forex trading a pleasure. Keith J Pereria, - May If you want to make money from trading, you need to be able to profit from what the institutions do. Nakash Khan, - April Educating yourself in the market is a must if you want to make money consistently and Platinum is the right way to start. I have been on training courses in the past and never received this level of support or teaching. I am now completely converted on the one-to-one training. It has really changed trading for me and made it enjoyable. Ben McDonald, - October I had tried everything before, had used every indicator out there and experimented with time frames but nothing worked. Once I joined Platinum, trading was made clear and easy to understand. The best decision I have made in my trading career. Would recommend anyone looking to trade correctly to come and join Platinum. James Somers, - September

### 3: FREE 'Beginners' Forex Trading Introduction Course | Forex University Â» Learn To Trade The Market

*[Note: Investopedia's Forex Trading for Beginners Course offers an in-depth introduction to forex trading developed by John Jagerson, a CFA and CMT charter holder and founder of Learning Markets.]*

These are the same powerful trading methods that professional traders such as banks, prop firms and hedge funds use around the world use in their daily trading activities. No information has been held back, all my knowledge about trading has been included. All my courses are online and accessible 24hrs a day 7 days a week. I have everything laid out in a simple step by step system that you will follow to learn as efficiently as possible. I offer a Free Email support line if you need help or assistance with anything. Your philosophy on the market, using higher time frames and also putting a cap on ones emotions, is really what has helped me turn my trading around. It may be none of my business what you sell your course for, but I sincerely believe your material is worth much, much more than bucks!! Thanks and all the best to you!! I discuss price action trade setups, chart analysis and commentary on at least 10 different markets including major currency pairs, commodities, and stock indices. You get my expert analysis on relevant price action setups, key chart levels, and trend bias. The screen shots of the major pairs, coupled with your clear explanations, are worth the membership fee alone. I look forward to reading your quality, in-depth market summary every day. Keep up the great work! We also discuss price action strategies, the forex trading course theory, and other important trading topics. The live trade setups discussion forum contains a specific thread for each currency pair, commodity or index. The video library content includes live trade setups, price action trading tutorials, and more. I will usually respond to all members email queries within 12 hours. End of day trading techniques â€” trade in less time and with less stress. Adopt a set and forget trading approach â€” no watching screens and charts all day. Trade clean price action based strategies only, no indicators or complex ideas â€” simplify your trading Understand how to actually read a chart, not just spotting textbook chart patterns Low frequency trading â€” no day trading and churning your account all day Implement advanced money management concepts Trade low risk high reward setups Access to an experience mentor who will answer your questions. No training documents are sent to your address, everything is online. Is there any additional fees for upgraded course modules etc? Can the course be translated using google translate â€” If you install google chrome translate plugin, the English text can be translated into your language How much money do I need to start trading? If you have any other questions not answered above, you can always email us via the contact us page in the main menu of this site. Affordable One Time Fee â€” No Ongoing Fees I am making this trading course and community accessible to everyone who has a real passion to learn to trade the market and trade price action successfully.

## 6: Watch. Learn. Trade Forex - FX [www.enganchecubano.com](http://www.enganchecubano.com)

*This Forex trading course is perfect for new and existing traders who want to leverage the Forex market to build a reliable income stream. Our powerful curriculum is designed to help traders start making Forex profits in the shortest possible time, with sufficient practice.*

Although many people probably already know what these are and how the stock markets work I still recommend you read this section as it will only take you a couple of minutes and get you all on the same page too. The second and third chapters continue to outline the trading markets in general, looking at the market outlook and the trends you should look out for. Also in this section we look at the key decisions to make in the beginning of your stock trading career. Introducing Forex Foreign Exchange Chapters introduce you to forex trading. Again you probably already know the information but we relay it in an easy to understand way. It takes less than 5 minutes to read and you might pick up some information you have previously overlooked. If you want to learn forex in 30 days you have to know the basics inside out. These chapters also talk about forex functionality, the forex markets nowadays, understanding currency conversions and how they work, PIPs, expressions, currency pairs, trending and some more basic stats and information you should know. Stats, Volatility and Market Expectations Pretty much everything you need to know before you decide to make your first trade. This is a must read before making your first forex trade. The Trade All the information you need to know that goes into a forex trade itself. Such as the market makers, selling short and many more. We also included a chapter on risk management. All these details are covered in chapter 8. This section also talks about margins, spreads and other variables between different options. Other Trading Options Some final information about the other trading techniques and strategies you have. In this section we outlined the advantages and disadvantages to the different forms of trading, for example long term vs day trading as well as what we recommend for beginners, which is a very slow and gradual process until you feel confident enough in your ability. This is perfect to help you make your first successful forex trade, and more importantly make it profitable! Conclusion and Additional Points Our site is designed to help beginners, heck our slogan is Forex Trading for Beginners! As a result we decided to put these in the conclusion. Make the right decisions and you can get noticed by the right people. Tom is the owner of Elite Forex Trading. A website that provides beginner tips , trainings , reviews and strategies to help newbies get started making money in the forex markets.
