But it should be easy for Kermit because he embodies the makings of the perfect boyfriend including soft, snuggly fabric. Kermit the Frog and Miss Piggy have decided to part amicably , in order to continue a professional relationship as they returned to television this fall for the revamp of The Muppet Show on ABC. No word yet if either Muppet has their eyes on new lovers , but not to worry. While Miss Piggy has gained a reputation over the years for being high maintenance, Kermit the Frog has maintained his southern, down-to-swamp charm despite his international stardom. But reentering the game should be easy for Kermit because he embodies the makings of the perfect boyfriend including soft, snuggly fabric. Being able to have an open dialogue about feelings with your significant other is vital to any healthy relationship. Kermit has never shied away from expressing his emotions. Not many men openly profess their love for their friends and family as frequently. Known as the leader of his gang of furry friends, Kermit has had the same close-knit circle of comrades who have been by his side since the start of his career. Despite having ample opportunities to ditch them for a more A- list elite crowd, Kermit has continuously included his pals in all of his Hollywood adventures. During his decades with Miss Piggy, Kermit championed her as she built her own fashion and fragrance empire Most men of his stature would have been intimidated by her larger-than-life personality and aspirations, but not Kermit. He was comfortable enough in his own green skin to let Miss Piggy do her. Whether it was bringing her own flare to Muppet productions , exploring the outer reaches of space or working the paparazzi with her dog Foo Foo, Kermit never tried to compete with her for the spotlight. He has a strong track record of getting himself and the gang out of predicaments. From wrongful incarcerations , scheming businessmen , and family feuds , his even-keeled temperament always allows him to rally his friends to save the day. Even in the time of grief after his best friend Jim Henson suddenly died in , Kermit was the one that held his friends together and encouraged them to continue making people laugh even though their future was unclear. Kermit embraces his roots and humble beginnings. Giving kudos to those responsible for making him into the frog he is today, Kermit has always praised Nanny, who cared for him and several of his friends during the Muppet Babies years , for laying the foundation of his trademark imagination. No need to be ashamed of your past or early start when it comes to this relationship. Kermit loves adventures and never turns down a travel opportunity. With plenty of years spent taking his show on the road , Kermit has ventured more miles than most airliners. The only other celebrities with similar limelight staying power are Betty White and Cher. Come September, Kermit and the rest of the Muppets are returning to prime television. Last time the Muppets appeared on the small screen, selfies were nonexistent and was still considered a pound sign. Kermit is kid tested, mother approved. He has years of practice teaching kids life lessons, from mastering the alphabet to the power of emotions during his stint on Sesame Street. Additionally, Kermit has played a huge role in raising his nephew Robin. Kermit is the perfect boyfriend to bring home to meet Mom and Dad Introducing a new beau to your family is terrifying at any age. Kermit has been there every step of the way. But Kermit and the Muppets have been part of our lives since the very beginning. I have fond memories of spending mornings before preschool watching Kermit act as the newsflash reporter on Sesame Street, and falling in love with New York after renting Muppets Take Manhattan from Blockbuster. As an adult, nothing brought me more joy than bringing my 4 year-old niece to watch her first Muppet movie in theaters when Muppets Most Wanted came out in Kermit the Frog has been part of our families for years, and will be introduced to a whole new generation this fall. We will just have to see if Kermit will fall smitten for a hollywood starlet like Taylor Swift or if he will try to find a lucky lady outside of the spotlight my email address is linked to my author bio if that turns out to be the case.

Musker and Clements stated that while Tiana already starts as a sympathetic character, the events of the plot make her "understand things in a deeper level" and change people around her. On December 1, , a detailed casting call was announced for the film at the Manhattan Theatre Source forum. Andreas Deja , a veteran Disney animator who supervised the character of Mama Odie, says "I always thought that maybe we should distinguish ourselves to go back to what 2D is good at, which is focusing on what the line can do rather than volume, which is a CG kind of thing. So we are doing less extravagant Treasure Planet kind of treatments. The character design tried to create beautiful drawings through subtle shapes, particularly for most characters being human. The character animators found some difficulty with this approach, and decided to use traditional paper and pencil drawings, which were then scanned into the computer systems, for *The Princess and the Frog*. The artwork was then enhanced to affect the appearance of painted strokes and fills, and combined with backgrounds, using Adobe After Effects. One of the first things we did was focus on producing shorts, to help us re-introduce the 2D pipeline. It was a real plus for the effects department, so we went paperless for *The Princess and the Frog*. John singing, while slides of pre-production art from the film played on a screen. Supported by a music video by Melina , "Never Knew I Needed" was issued to radio outlets as a commercial single from the *Princess and the Frog* soundtrack. *Original Songs and Score*, contains the ten original songs from the film and seven instrumental pieces. Disney announced on June 4, , that they would release a video game inspired by the film and it was released on November exclusively for Wii and Nintendo DS platforms. It has been officially described an "adventure through the exciting world of New Orleans in a family-oriented video game", featuring events from the film and challenges for Princess Tiana. We dug into it and did a lot of research and focus groups. It was viewed as old-fashioned by the audience. No extra ticket charge! No frantic frenzies of meaningless action! This is what classic animation once was like! Facilier and his "friends on the other side" contain many horror elements and that young children might be frightened by the film.

Elsewhere, Prince Naveen of Maldonia arrives in New Orleans determined to better his financial situation. After being cut off by his parents, Naveen is forced to marry a rich southern belle. Meanwhile, Naveen and his valet Lawrence run into the shady Dr. Facilier. Inviting them into his emporium, Facilier convinces the pair he can make their dreams come true. At the ball, Charlotte flirts with "Naveen" as Tiana learns she may lose the mill to a higher bidder. Adding insult to injury, her costume is accidentally ruined. Charlotte gives Tiana a princess costume and a tiara so she can rejoin the ball. After Charlotte returns to the party, Tiana makes a wish on the Evening Star, only to find a frog sitting next to her. Tiana agrees, in exchange for the money needed to outbid the other buyer. However, instead of Naveen turning into a human, Tiana is turned into a frog herself. As they escape, Bloom and the others see her being chased and help her escape. They offer to lead them to the good voodoo priestess Mama Odie, who can undo the curse. Along the way, Tiana and Naveen begin to develop feelings for each other. Meanwhile, Facilier and his goons make a deal with the voodoo spirits, offering them the souls of Ms. Griffin and her students of Cloud Tower in exchange for finding Naveen for his plan and getting Bloom for his boss, Lord Darkar. Mama Odie tells Bloom, the others, and the frogs that Naveen must kiss a princess in order for them to become human. Naveen tells Ray he loves Tiana and is willing to give up his dreams for her, but before he can tell her directly, he and Bloom are taken by the demons and brought back to Facilier and his goons. Ray finds Tiana and the others and gives her the charm and attempts to hold off the demons so she can escape, but Dr. Facilier mortally wounds him. Facilier confronts Tiana and offers to make her restaurant dream come true in exchange for the charm. Realizing she would rather be with Naveen, Tiana refuses and snatches the charm from Facilier and destroys it. The angered spirits claim Facilier himself as payment for his debts and his plan to get Bloom and her friends to Lord Darkar and drag him into the Underworld forever, while Icy, Darcy, Stormy, Brer Fox, and Brer Bear retreat in terror. Naveen and Bloom are explaining the situation to a bewildered Charlotte when Tiana finds them both. Tiana reveals that she loves Naveen and would spend the rest of her days as a frog to be with him. Moved by this, Charlotte says she will kiss Naveen anyway so he and Tiana can be together. But the clock strikes midnight before she can kiss him. Louis then meets up with the frogs and the others, holding a dying Ray in his hands. Despite what happened, Ray shows happiness for the two before he dies. A funeral is held for Ray, after which another star shines brightly next to "Evangeline. As they kiss, they are turned into humans, because through their marriage, Tiana is now a princess. The two and the others return to New Orleans where everyone celebrates the wedding and Tiana and Naveen finally buy the restaurant. Bloom and the others celebrate their victory and dance along with their new friends. Facilier in this film. Facilier again, but they will also meet Tiana and Naveen. The Frog and His Friends Save Humanity (La Rana y Sus Amigos Salvan a la Humanidad) by Victor Villasenor, Jose Ramirez It's the Spring of Creation, and all of the animals are busy doing what they do best.

It seems that many of you do too, as the Maiden and the Frog is one of our most popular stories. This version by the Brothers Grimm is slightly more elevated: Proofread by Claire Deakin. In olden times, when if you made a wish, it would always come true, there lived a king whose daughters were all beautiful, but the youngest was so beautiful that the sun itself, which has seen so much, was astonished whenever it shone in her face. On this she began to cry, and cried louder and louder, and could not be comforted. You weep so that even a stone would show pity. If thou wilt promise me this I will go down below, and bring thee thy golden ball up again. He lives in the water with the other frogs, and croaks, and can be no companion to any human being! She did not listen to it, but ran home and soon forgot the poor frog, who was forced to go back into his well again. Then she slammed the door to, in great haste, sat down to dinner again, and was quite frightened. Is there perchance a giant outside who wants to carry thee away? And because I cried so, the frog brought it out again for me, and because he so insisted, I promised him he should be my companion, but I never thought he would be able to come out of his water! And now he is outside there, and wants to come in to me. Open the door for me! Dost thou not know what thou saidst to me, yesterday by the cool waters of the fountain? Go and let him in. The frog enjoyed what he ate, but almost every mouthful she took choked her. Lift me up or I will tell thy father. Then he told her how he had been bewitched by a wicked witch, and how no one could have delivered him from the well but herself, and that tomorrow they would go together into his kingdom. Faithful Henry had been so unhappy when his master was changed into a frog, that he had caused three iron bands to be laid around his heart, in case it should burst with grief and sadness. The carriage was to conduct the young king into his Kingdom. Faithful Henry helped them both in, and placed himself behind again, and was full of joy because of this wonderful end to their troubles. It is a band from my heart, which was put there in my great pain when you were a frog and imprisoned in the well.

It's the Spring of Creation, and all of the animals are busy doing what they do best. Suddenly, a strange, furless, shell-less creature appears in their midst and the animals are mystified by the strange being.

Colin the Carp, who lives in the pond with Bertie at the bottom of the garden, has been going around whispering things behind his back. He has been telling the other creatures that Bertie never was a prince really, and that he is just making it all up about his royal blood. In this special Storynory we learn how the royal wedding of Prince Bertie to the lovely Princess Beatrice all went terribly wrong when Prince Bertie jumped onto his skateboard. It is not giving too much away to say that this fairy tale romance ends in magic, mayhem and green slime. Proofread by Claire Deakin. While he was still in a daze, whatever it was that he had bumped into became loose and started to float to the top of the pond. A minute later he heard some very happy croaking on the surface. Bertie the frog was saying, "Hey everybody, look! Little Tim the Tadpole was mightily impressed and applauded his froggy friend. He felt a little sad when he thought of how wonderful life used to be. Tim and Sadie look on admiringly. Bertie dreams of the good old days. A thought bubble shows a picture of chocolate cake. What self respecting princess would want to marry Bertie? Sadie the Swan hissed at him so crossly that he thought it was a good idea to dive to the bottom of the pond and pretend to be a lump of mud. Sadie the Swan was also dying to know, but she was too polite to ask. It was the day before Prince Bertie was due to marry the lovely Princess Beatrice. There were to be hundreds and hundreds of guests, and horses and carriages, and parades with soldiers. Crowds gathered along the sides of the streets, and some people stayed up all night to get a good position, just so that they could catch a glimpse of Prince Bertie and the lovely Princess Beatrice. The lovely Princess Beatrice and all her friends and relations had come to stay in the palace to get ready for the wedding. She had lots and lots of friends and relatives, but most of all she had her stepmother. Well in the morning, the palace cook banged on the gong which meant it was time for breakfast. Bertie was ever so hungry, and ready to eat his toast and honey and egg soldiers Bertie was a nicely brought up prince, with very good manners, and so he said that he was sorry. So instead she smiled and pretended not to mind. She would have much preferred Beatrice to marry Prince Freddie from the next door kingdom. I know, I can whizz around on my skateboard backwards ever so fast with my eyes closed and listen to my iPod at the same time. It was a very long dining room, fit for palace banquets, and he travelled really really fast. The cook jumped out of the way and as she did so, she let go of a very valuable Ming vase that she just so happened to be carrying. Now Ming vases come from China, and they are ever so rare and easy to break. When Bertie reached the other end of the dining room, he opened his eyes and saw that the palace cook was looking very cross indeed. He thought it might be a good idea to stay out of her way, so he carried on going until he went out into the garden. There he started doing all sorts of tricks on his skateboard, because he truly was the best skateboarder in the entire kingdom. He was doing somersaults and back-flips and lots of very impressive wheelies. Everyone was really impressed, except for the stepmother of the lovely Princess Beatrice. He went up a ramp and started to fly through the air like an airplane. The stepmother started to run for her life, but in her fright she ran straight into the garden pond. You see the pond was covered in green slime and looked just like grass. Now the stepmother was all soggy and slimy and she looked just like a green monster. She was very, very, very, very Angry. In fact she had never been so angry in her life. Bertie hopped off his skateboard and did a bow. I did a triple backward flip in mid-air. Instead, something very green and very scary was emerging out of the pond. Bertie began to back away. I wonder what the lovely Princess Beatrice will say now. How could she know that he was Prince Bertie when he looked just like a green frog? So all Bertie could do was hop off to the pond and live there at the bottom of the garden with all the creatures. After he went, the wicked stepmother tossed his skateboard into the pond and said, "Hope you have fun with that, now you are Prince Bertie the Frog! Even Colin the Carp is not too bad - sometimes. And do you know what Bertie does to cheer himself up? Of course you do. He listens to lots of interesting storynories on his iPod which he was wearing at the time he was turned into a frog. Now that will be a happy ending.
