Development of Rochester followed the American Revolution, and forced cession of their territory by the Iroquois after the defeat of Great Britain. Allied with the British, four major Iroquois tribes were forced out of New York. As a reward for their loyalty to the British Crown, they were given a large land grant on the Grand River in Canada. Rochester was founded shortly after the American Revolution by a wave of English-Puritan descended immigrants from New England who were looking for new agricultural land. They would be the dominant cultural group in Rochester for over a century. Nathaniel Rochester, Maj. Charles Carroll, and Col. They chose the site because its three cataracts on the Genesee offered great potential for water power. Beginning in 1788, and with a population of 15, the three founders surveyed the land and laid out streets and tracts. In 1790, the Brown brothers and other landowners joined their lands with the Hundred Acre Tract to form the village of Rochesterville. By 1792, Rochesterville was the seat of Monroe County. In the early 20th century, after the advent of railroads, the presence of the canal in the center city was an obstacle; it was re-routed south of Rochester. By 1850, Rochester was the largest flour-producing city in the United States. The revival has been noted as inspiring other revivals of the Second Great Awakening. Religion was the topic of conversation in the house, in the shop, in the office and on the street. The only theater in the city was converted into a livery stable; the only circus into a soap and candle factory. Grog shops were closed; the Sabbath was honored; the sanctuaries were thronged with happy worshippers; a new impulse was given to every philanthropic enterprise; the fountains of benevolence were opened, and men lived to good. Nurseries ringed the city, the most famous of which was started in 1800 by immigrants Georg Ellwanger from Germany and Patrick Barry from Ireland. The North Star served as a forum for abolitionist views. The Douglass home burnt down in 1852, but a marker for it is found in Highland Park off South Avenue. The Nineteenth Amendment to the United States Constitution, which guaranteed the right of women to vote in 1920, was known as the Susan B. Anthony Amendment because of her work toward its passage, which she did not live to see. Anthony Museum and House. Rochester was also home to significant unrest in labor, race, and antiwar protests. Not only did they create new industries, but Eastman became a major philanthropist, developing and endowing the University of Rochester, its Eastman School of Music and other local institutions. The carriage maker James Cunningham and Sons founded a pioneer automobile company, Cunningham. By 1900, the population had reached a high of 110,000. The Genesee River bisects the city. According to the United States Census Bureau, the city has a total area of

The two commonly cited origins of this name are that it either came from "stronghold by the bridge s " [7] or is the latinisation of the British word Dourbruf meaning "swiftstream". Bede mentions the city in ca. From this we get c. During the Celtic period it was one of the two administrative centres of the Cantiaci tribe. During the Roman conquest of Britain a decisive battle was fought at the Medway somewhere near Rochester. The first bridge was subsequently constructed early in the Roman period. During the later Roman period the settlement was walled in stone. King Ethelbert of Kent " established a legal system which has been preserved in the 12th century Textus Roffensis. In AD the bishopric and cathedral were founded. During this period, from the recall of the legions until the Norman conquest , Rochester was sacked at least twice and besieged on another occasion. The medieval period saw the building of the current cathedral " , and , the building of two castles and the establishment of a significant town. Rochester Castle saw action in the sieges of and Its basic street plan was set out, constrained by the river, Watling Street, Rochester Priory and the castle. Rochester has produced two martyrs: The Dutch, commanded by Admiral de Ruijter , broke through the chain at Upnor [9] and sailed to Rochester Bridge capturing part of the English fleet and burning it. The Nore Rochester has for centuries been of great strategic importance through its position near the confluence of the Thames and the Medway. The town, as part of Medway, is surrounded by two circles of fortresses ; the inner line built during the Napoleonic wars consists of Fort Clarence , Fort Pitt , Fort Amherst and Fort Gillingham. During the Second World War , Shorts also designed and manufactured the first four-engined bomber , the Stirling. Rochester and its neighbouring communities were hit hard by this and have experienced a painful adjustment to a post-industrial economy , with much social deprivation and unemployment resulting. In the Municipal Corporations Act the boundaries were extended to include more of Strood and Frindsbury, and part of Chatham known as Chatham Intra. Like many of the mediaeval towns of England, Rochester had civic Freemen whose historic duties and rights were abolished by the Municipal Corporations Act However, the Guild of Free Fishers and Dredgers continues to the present day and retains rights, duties and responsibilities on the Medway, between Sheerness and Hawkwood Stone. The City Freedom can be obtained by residents after serving a period of "servitude", i. There were three medieval parishes: The ancient cathedral included the Benedictine monastic priory of St Andrew with greater status than the local parishes. Continued expansion south has led to the creation of an additional more recent parish of St Justus covering The Tideway estate and surrounding area. The Department of Environment, Transport and the Regions informed the city council that since it was the local government district that officially held City status under the Letters Patent, the council would need to appoint charter trustees to preserve its city status, but the outgoing Labour -run council decided not to appoint " Charter Trustees " , so the city status was lost when Rochester-upon-Medway was abolished as a local government district. The definition of Rochester includes Strood to the northwest and is defined as an urban subdivision with a population of 62,
