As a city dweller, I rejoice in our urban beekeepers and gardeners whose patriotism shows in their use of resources before them. BTW, that cake looks yummy. Is the sweet potato much different than carrot puree in the cake? Domenica Marchetti February 4, at 9: I usually use grated raw carrot. Margie Gibson February 4, at 9: Wish I had a hunk in front of me. If you are looking for ways to use the sweet potatoes, one of the stands at the Dupont Circle market had a sweet potato-peanut soup to sample this past Sunday. It would be easy enough to recreate itâ€™chicken broth, onions, celery, peanut butter, and peanuts, plus mashed sweet potatoes and a few spices would do it. The texture was lovelyâ€™velvety and smoothâ€™and the taste was both a bit sweet and picante. I love Virginia peanut soup. Thanks for the inspiration. Adri February 4, at Marian and Russell Morash are unsung heroes of the way we eat today. I used to watch The Victory Garden every Saturday morning. We in Santa Monica used to talk about our gardens and discuss the recipes and plants we had seen the day before as we met at The Rose Cafe on Sunday mornings. My friends and I used to cook foods from the show and the book for our communal garden dinners. This one brought back memories. I do not recall this particular cake, but a very similar recipe ran in Gourmet way back in the eighties, and that cake was divine. Thanks for tilling the memories in the soil, Domenica. Domenica Marchetti February 5, at 8: There are too many recipes in that book to know them all. Another favorite of mine is the squash cornbread, made with winter squash. Like sweet potatoes in the chocolate cake, the squash adds moisture and a beautiful golden color to the cornbread. Phyllis Oracibo February 4, at 6: I watched that show all the time! Never had the cookbook though. Love that you have duct-taped or whatever your first copy together! Have a newer copy but I just love the old one with all the splashes, pages embedded with a dusting of flour and a certain smellâ€™you might know what I mean! And yes, I know exactly what you mean. Cheers, D Carey Tynan February 13, at 9: My family said that I looked just like the picture on the front of the cookbook! Domenica Marchetti April 14, at So glad that this book brings back fond memories. It does for me as well. Marsha April 14, at 7: Definitely one to try again. How did it look different? Did it not rise properly? Let me know and maybe we can figure it out. Mimi Harrison October 18, at MH Domenica Marchetti February 11, at 9: Have you tried looking on Amazon or other online sources for used copies of the book?
