

## 1: F2 + Masters (99) - Square to Square Method

*Description. The Methods of Golf's Masters By Dick Aultman and Ken Bowden. This is a puzzling book to categorize. While not exactly a book of instruction, you will learn more about the golf swing digesting Ken Bowden and Dick Aultman's The Methods of Golf's Masters than you will at the practice tee.*

And these days we rely on the design of our clubs to help us hit better shots. Drivers are lighter, and longer. Irons are more forgiving. In fact, with the latest USGA rules concerning grooves, manufacturers have been forced to actually roll back technology. On my miss hits with the F2, I just got away with more. More balls on the green closer to the flag. It felt like it went through the sand more easily. I do feel that the F2 is the real deal. To the eye and the way it sets up and then its performance, it sold me, hands down. The spin off the grooves on the F2 I would put in the top of the class among golf clubs right now. With its radical, yet beautiful head design that gives you maximum spin from legal grooves, this amazing new wedge is a true innovation in wedge design. The New F2 Wedge: The most forgiving, most accurate wedge available anywhere! For some reason, most everyday golfers still use wedges that are blades. They have a tiny sweet spot and are simply too hard to hit. The new F2 Wedge is a true breakthrough in wedge design that allows you to hit higher, softer shots with more spin and more forgiveness. I truly believe for most golfers, this new F2 Wedge might just make every other wedge in golf obsolete. And while it may look a little strange the first time you look at the F2 Wedge, ingeniously, the dogleg hosel looks completely normal when you stand over the ball at address – just take a look at the photo above! Shave strokes off your score and dramatically improve your short game - the very first time you use it! Have the confidence to attack the pin like the pros! Effortlessly glide through the sand and explode out of any greenside bunker with ease! Eliminate shanking once and for all! Hit amazing shots from even tight lies! Recover from the deep rough with ease - slide right through the rough without the grass ever grabbing the hosel Never be intimidated by a greenside bunker ever again! Just imagine being able to suddenly hit every kind of shot closer to the hole! You owe it to yourself to get the new F2 Wedge in your hands today and see the amazing difference it can make in your short game. And look, I want to remove the risk for you to try it out completely, so when you place your order today, you will be completely protected by our: When I looked at the F2 I was a little bit skeptical at first because of the little curve in it. When I hit the F2 out of the bunker, it was pretty effortless. Are you ready to try this remarkable F2 Wedge for yourself? Are you ready to start playing the best golf of your life, dramatically improve your short game, and start shooting the lowest scores of your life? If so, then here is how you can try the F2 Wedge without any risk at all. Take it out to the course. Try it out from the rough, sand, fairway, tight lies, wherever you want. Put it to work for you. How can I make such a bold guarantee? You see, the new F2 Wedge is truly a huge step forward in golf club design. But I could talk to you all day about how amazing these F2 wedges are, but you really need to get one in your hands and experience the magic for yourself! Look, you may not be able to hit a driver yards in the air. You may not be able to muscle a 7 iron to a green from a yards out of thick rough. But with the F2 Wedge in your hands, you can absolutely hit it high and soft from anywhere, plus escape from any greenside bunker with ease! I truly am excited for you! Your entire short game is about to get a whole lot easier. Lots of others have, and are experiencing amazing results. Are you ready to get started now?
