Various actions, such as talking to people, reading books, etc. Rewards may include gold, items, increases of skill levels. Successfully completing a quest for a person makes them friendly to the Dragonborn, opening opportunities in many cases to recruit followers or make marriage proposals. Not all the quests are visible in the Journal; some of them, such as selling crops or chopping wood, are hidden. Unique to Skyrim are Radiant Quests, quests which are initiated as part of the radiant story artificial intelligence system. These quests can be repeated an infinite number of times, allowing for never-ending gameplay. Two separate questlines were added to the game with the official plug-ins, Dawnguard and Dragonborn. For coverage of these quests, see Quests Dawnguard and Quests Dragonborn. Contents Interface The list of active and completed quests can be viewed through the journal in the menu. The interface listing all quests can be activated through the map menu or by accessing the Journal directly. The PC versions of the game allow the journal pressing "J" to be accessed directly, while consoles open the journal, game settings, etc. Quests are listed by faction and relevance to the main quest first, and alphabetically second. Thus, quests in the main quest appear first, but quests involving the Thieves Guild appear later. Miscellaneous quests are grouped together on a separate menu, accessible from the very bottom of the list of quests. Most quests can be completed in any order, upon activation. However, quest markers will not appear on the world map, on the compass, or in-game unless they are marked as active in the interface. Simply selecting the affirmation button activates the quests, once it has been highlighted in the list. Completed lists are listed at the bottom of the quest menu, below a divider. The names are greyed out, and the bullets next to the objectives are filled, indicating successful completion, or marked with a red cross, indicating failure. Some quests are mutually exclusive. In the menu, quests that are partially completed also have their objectives greyed out or ticked off. Optional tasks within the quest are labeled as such in the list as well. Main quest Main article: Skyrim involves the investigation and resolution of the Dragon Crisis, as foretold by the Elder Scrolls. Two factions must be joined in order to progress the main quest, the Blades and the College of Winterhold.
