*Directed by Sam Mendes. With Tom Hanks, Tyler Hoechlin, Rob Maxey, Liam Aiken. A mob enforcer's son witnesses a murder, forcing him and his father to take to the road, and his father down a path of redemption and revenge.*

Just when we think this City Council can get no worse, it does, descending to new lows. Council lasted from 3: Tuesday, October 2nd until Using established strategy, Council put off the most important item, a fair Council election, until everyone had gone home. Richard Winger Led by Mrs. Colonel Young opposed the action. Yet Council retained another candidate on the ballot who also had paperwork flaws, but who is aligned with a sitting member. We hope he gets his wish! They also rejected the next best option, selling to the County. Who knows what they, or a successor, will build because that has not been made clear! Why is a third hotel in the area needed, when two are under construction? What happens to the extra traffic this development would create? What are the real chances of a project failing and stranding the City with a white elephant? That is a pittance against the negatives. We can never get precious green space back! Nine people, some reading from what sounded like scripts written for them, were pro sale to Hulbert Homes. In the end, Mr. Sykes asked for more time to make a decision. The vote ended 3: Bottom line, we will again need your help to protect against this Council from selling your green space to developers and bringing more of Fort Lauderdale here. When it already failed once! Citizens again rose in unison to say the real solution is more parking, especially for hotel employees. Nobody wants to drive paying visitors off with hard to use pay devices. Sykes mentioned the Stuart free parking license reading system, where, if you move, your time is still your time. That system, coupled with garage space, fixes the problem. With the electric sale, the City has the money to build a place garage at Humiston. And a citizen has come forward, and been turned down, on privately building a similar garage on land he owns. It is true nobody would use a garage if they can just move their car, as they now can, or just erase the chalk mark. The Stuart system fixes that, by consistently fining offenders, in escalating amounts that would make parking in a garage, even a pay one, far cheaper. A garage and license plate reading system with the first time free together fix the parking problem and Keep Vero Vero! So on parking, nothing to fix it move forward, except the three hour signs now change back to two hours. Perhaps, you should review it as a comedy of errors that lead to the downfall of our special paradise, our Road to Perdition!

This review has been hidden because it contains spoilers. To view it, click here. Definitely gonna be spoilers in this one. With that caveat x3 out of the way we can dive into the analysis. The art alone which is particularly gorgeous in its minimalist vision pushes it toward the realm of a 4 Oh boy. The art alone which is particularly gorgeous in its minimalist vision pushes it toward the realm of a 4 star but, the typical comic book hi-jinks prevent it from going anywhere beyond that. In a nutshell, we get a tale of revenge that happens for no other reason than to just to fulfill its telos. This soldier who shares the Biblically derived moniker of Angel of Death, finds himself betrayed by his erstwhile employer. While he survives the initial shoot-out, matricide and filicide leaves him alone in this world. Save only his first-born son the second protagonist and narrator , vengeance becomes the predictable theme du jour. Branching all across the States, propelled by a jet-black Model T, innumerable tire treads and the bullets that follow riddle across each and every page. Featuring phenomenally intricate pencilwork, this tale becomes bathed in an artistic style that clearly has aged extraordinarily well. Your eyes will find themselves at a visual feast of sorts with beautiful landscapes and well modded depictions of historical figures, such as Capone and Looney. The same cannot be said of the story itself, nor how it unfolds however. Moreover, with a strict regimen of repetition applied to these gun-duels, the action actually gets quite stale as the story continues. Add this to the fact that our main conflict never has a rationale developed, overall it ultimately feels far more deus ex machina than a properly thought out narrative. Whether or not the god came out of the machine, the lack of themes nor central rationale leave us with an uncomfortably uniform vision that could have tied so much more into it. More presentation than body, style once again trumps the substance. This is particularly damning considering the rich imagery utilized to merely cosmetic effect. Our protagonist despite his murderous job description is shown to devoutly worship at his historically accurate place of worship befitting of a stereotypical Irishman of his time, The Roman Catholic Church. Yet, never is the theology tied into the tale, nor the traditions of the church. The very same criticisms can be leveled at other aspects of the historical milieu, that appear well mined and on prima facie at least portray a strong accuracy, are woefully undeveloped. Further examples include that of the G-Men whose characters are never developed nor the political goings-ons behind the scenes. Equally lame are portrayals of the bad guys who are villainous in nature for no other reason than to perform their role in the story. Themes of poverty, corruption, and the ever changing culture of the States are absent of their furiously powerful historical dynamism. Plagued by artistic blinders, all focus is placed for the most part upon our admittedly uneven duo of protagonists. Favoring a low level of magnetism the relationship between form and function, is actually dismayingly lacking in a department that should be so much more. Sometimes you actually can have your cake and eat it too, and Collins seemingly would have us favoring possession over a fully belly. Make sure to consume on a full stomach.

*Critics Consensus: Somber, stately, and beautifully mounted, Sam Mendes' Road to Perdition is a well-crafted mob movie that explores the ties between fathers and sons.*

Make straight in the desert a highway for our God. White They say that the road to perdition is paved with good intentions. I say that it is paved with asphalt. This commentary is about that road. It is about a highway in the desert. Buckle your seat-belts as we travel along the road to perdition. Perdition means ruin or loss. In our study Perdition means physical death and spiritual damnation. That is to say that a person will die and go to hell. The road to Perdition is a pernicious highway 2Pe 2: According to Isaiah above the road to perdition is a highway in the desert. Instructions are given to build a highway for God. In order to build this highway, valleys will be filled in or lifted up; also mountains and hills will be cut down in order to make a level road. Curves will be straightened and rough terrain will be graded until they are smooth. The road to perdition is a high-speed highway. The Lord Jesus will be seen traveling along the road to perdition above. His glory will be seen by every person. How is this possible? Jesus is very glorious. Besides, God says so! They are the prophet Elijah and John the Baptist. In Malachi below God even told us that he would send a messenger to prepare the road to perdition. Below, John the Baptist repeats the words of Isaiah Esaias. John is one of the messengers that God promised to send before his coming. John the Baptist said these things in the same location as our highway! Bethabara below is a place on the east side of the Jordan River. I think this is the same place that the nation of Israel entered into the land of Israel after the exodus. It is east of Jericho. I think that this is also the same place that our Lord Jesus Christ will enter into the land of Israel at his second coming. Jesus came the first time to take away the sin of the world. He removed the penalty of our sin. He humbled himself for us to the point of his own death. Jesus is coming back to Jerusalem. This time he is coming as a conquering king. God sent one messenger to proclaim his coming the first time. Elijah will prepare the road to perdition. Instead he was taken alive up into heaven. Elijah is alive today and feeling fine. Elijah was taken to heaven east of the Jordan River across from Jericho. Folks this location is extraordinary. At least five extraordinary events happen here. Moses was buried here Deu The nation of Israel crossed into the land of Israel after the exodus out of Egypt Jos 3: God dried up the Jordan River so Israel could cross. Elijah was taken to heaven here 2Kings 2: God dried up the Jordan River twice so Elijah and Elisha could cross. Jesus was baptized here by John the Baptist Mat 3: I think Christ will enter the land of Israel here at his second coming Jer I think that he will again dry up the Jordan River. This is my observation. The Desert Highway is the major north-south highway in the country of Jordan today. There are two other north-south highways in Jordan but they do not fit the description of the highway in Isa Both are twisting rugged mountainous roads. This is the same path that Israel took when they were forced to circumnavigate Edom during the exodus. It is flat, straight, and runs through a wide open desert plain. Before fifty percent of the Desert Highway was only two lanes wide. Some of the roadway was unpaved. In the late s and early s Jordan executed a major transportation improvement campaign. Most of the effort was directed toward the Desert Highway. There was also a major paving campaign in ; it was completed a few years ago. Today the Desert Highway is a modern, well maintained four lane Highway. There is a greenway effort in the planning stages now. The road to perdition is prepared. It is a sign that Jesus is coming soon! Very interesting to read and hard to stop.

*Road To Perdition (DVD) Two-time Academy Award® winner Tom Hanks in "one of his best performance s" (Kenneth Turan, Los Angeles Times) stars as Michael Sulli van, a fath er fighting to keep his only son from traveling the Road to Perdition.*

Development[ edit ] When Max Allan Collins wrote the graphic novel Road to Perdition , his book agent saw potential in the story as a film adaptation and showed it to a film agent. The novel was sent to the elder Zanuck in Morocco, who was there producing Rules of Engagement Shortly afterward, Spielberg set up the project at his studio DreamWorks , though he did not pursue direction of the film due to his full slate. DreamWorks sent Mendes Road to Perdition as a prospect, and Mendes was attracted to the story, considering it "narratively very simple, but thematically very complex". Mendes described the script as having "no moral absolutes", a factor that appealed to the director. The screenplay was then rewritten by uncredited writers, distancing the script from the graphic novel and leaving the core elements of the story. Collins praised the addition of Maguire and considered the minimalist use of dialogue to be appropriate. In the graphic novel, the son kills once, and in the film, he does not kill anyone. Collins also disagreed with the narration technique of the film. In the novel, the son narrates the story as an adult, becoming a priest, while in the film, he narrates while still a young boy. However, attracted by the prospect of working with Mendes, the actor accepted the role of Nitti, a real-life Mob boss from Chicago. Actor Alfred Molina was approached to portray Capone, but Molina was forced to turn the role down due to scheduling conflicts with Frida The availability of an inside location provided the crew complete control over the lighting environment, which was established with the rigging of scaffoldings. Wolsky designed costumes that were "very controlled, with soft outlines and very soft silhouettes". Gassner built sets that could capture the cold look of the era. Mendes sought a muted palette for the film, having dark backgrounds and sets with dark, muted greens and grays. Mendes filmed Road to Perdition using the Super 35 format. Hall considered the technique to provide an emotional dimension to the scenes. The cinematographer also used unconventional techniques and materials to create unique lighting effects. A wide lens was used to maintain a distance from the character. An instance of the direct influence is the scene in which Michael Jr. The live-action part of the scene was filmed at LaSalle Street , and due to the lack of scenery for part of the drive down LaSalle Street, the background of Balbo Drive was included with the use of visual effects. It has rotted their insides. Sullivan, who chooses his violent path early on in life, considers himself irredeemable and seeks to save his son from a similar fate. Said Mendes, "[Sullivan] is in a battle for the soul of his son. Can a man who has led a bad life achieve redemption through his child? Sullivan is a good father and husband, but also has a job that requires him to be a violent killer. The film explores this paradoxical dichotomy. The violent acts were also designed to be quick, reflecting the actual speed of violence in the real world. The focus was not on the direct victims of the perpetuated violence, but the impact of violence on the perpetrators or witnesses to the act. Tragedy brings Sullivan and his son together. Tyler Hoechlin, who portrayed Michael Jr. I think the journey is of a father and son getting to know each other, and also finding out who they themselves are. It was developed after researching the wake scene at the beginning of the film informed the director that corpses were kept on ice in the s to keep bodies from decomposing. The notion was interwoven into the film, which linked the presence of water with death. But by September , Mendes requested more time. It was rescheduled for release on July 12, , an unconventional move that placed the drama among the action-oriented summer films. Resurrection and The Crocodile Hunter: It is cold and holds us outside. Gillespie expressed the wish that the film lasted a little longer to explore its emotional core further. Hoberman of The Village Voice described the film as "grim yet soppy.

*"Road to Perdition" is like a Greek tragedy, dealing out remorseless fates for all the characters. *Mike Sullivan and Connor Rooney are two henchmen of elderly Chicago-based Irish-American mobster John Rooney, Connor's father. In many respects, John treats Mike more as his son, who he raised as his own after Mike was orphaned, than the volatile Connor, who nonetheless sees himself as the heir apparent to the family business.*
