Shapiro Diamonds is the leader in designing and creating the most beautiful diamond engagement rings in Dallas. We offer GIA certified loose diamonds at wholesale prices, one-on-one consultations with diamond experts at our diamond showroom in Dallas and expert jewelry designers.

We got both the engagement ring and matching bands all custom from them. Always kept us updated on what the status of the fabrication was, and met their estimated deadlines. Lane did exactly what he said he would do and followed up every step of the way. Great selection and ideas too. He knew exactly what he wanted and Lance delivered. The price was way under what the other stores were quoting. After the proposal I met with Lance to have the ring sized and it was back to me in 2 days! I absolutely love my ring! We will definitely be back to have our wedding bands done. From the moment I walked in I honestly felt like Lance made it his personal mission to get me exactly what I wanted at the best price. The whole experience was incredibly easy, and it is much easier if you put your faith in Lance and his team. I cannot recommend them enough or thank them enough for their work. Simply writing a review does not do Shapiro Diamonds justice. I promise that you will not be disappointed even the slightest bit. Shapiro Diamonds was the only place that could get me exactly what I wanted. I would recommend Shapiro Diamonds to anyone looking for a diamond or wedding band. Zack Scott Kansas City, Kansas Jewelry The Shapiro family was very attentive to our needs as we prepared to be married later in the year. My wife loves her ring and I would recommend them to anyone in search of a special item for a special occasion. Kenneth Patrick Jewelry Lance took all of the stress and mystery out of shopping for a custom diamond engagement ring. His showroom is great, and he really takes the time to explain what you should be looking for in a ring. He takes a no-pressure approach to his business, and instead of trying to force a diamond onto you he takes the time to listen and make suggestions accordingly. In fact, he even cautioned against getting a diamond that was too big for the particular setting I was looking at! I wholeheartedly endorse Lance and Shapiro Diamonds, and have recommended him to several of my family and friends. I was able to get the perfect diamond engagement ring that would have cost me double in a normal retail store, and it looked twice as good. With a tight timeline to get a ring made Shapiro Diamonds pulled a rabbit out of the hat! Outstanding quality and service! Extremely professional and highest quality service you will find in the DFW area!!! Thanks again for being exceptional! So, thank you for a beautiful diamond ring and a very enjoyable, relaxed, and professional buying experience. I found Lance to be very responsive and easy to work with during the buying process. I went several directions before I settled on the perfect ring, and it was clear that Lance cared very deeply that I be completely satisfied with my purchase. In the end, Lance delivered a spectacular diamond at a great price. I am a customer for life! I was so happy, I expressed my satisfaction on a diamond message board. The diamond keeps amazing me with its sparkle and shine. You have truly done a magnificent job in creating me a very special piece of jewelry. The width of the band compliments the width of the stone and the smaller diamonds set into the band makes it pretty as well as functional. I am most pleased with the overall elegance of the ring â€” it is classical yet modern, modern yet classical. Thank you for the advice and direction; and for working with our limited budget. I still called Lance and set up an appointment and we went and met with him and fell in love. I described what I was looking for and he brought out exactly what I described. We fell in love. But when he asked me to marry him, it was the exact ring we had picked out, only with the diamond in place nowâ€¦ I LOVE my ring and so does everyone else. It is unique and no one has one like me!! I have referred more people to Lance and it was such a pleasure working with him. I highly recommend Shapiro Diamonds to anyone on any kind of budget! Thank you so much for working with us. You made it a wonderful experience. Ed Hallcom Tyler, Texas Jewelry My fiance was very specific about how she wanted her engagement ring to look. Sure enough, Lance delivered. I nearly fell out of my chair when he showed me the finished product. I recommend him to all my friends and look forward to working with him for many years to come. Derek Burbank Dallas, Texas Jewelry I took a set of three diamonds to Lance to have remade into a wedding ring for my wife on our 10th anniversary. Lance took special care of them, and created a new ring that was both

beautiful and meaningful. I would use Lance, and Shapiro Diamonds, again without hesitation. Upon meeting with him initially, he explained everything we needed to know about diamonds and settings. Lance gave us an expert opinion, provided an exceptionally beautiful product and made us feel very comfortable throughout the entire process. We strongly recommend Shapiro Diamonds to everyone and have enjoyed building a trusting relationship with Lance and his team! Almost more impressive than the high quality product Lance presented was the professional manner in which he conducted our meeting. But Lance is not simply a person who sells diamonds. What set Lance apart from the others was his honesty, integrity and genuine interest in finding the right diamond for me. I was a bit of a hard sell, but Lance wanted my business and he proved that through his actions rather than just his words. Lance was persistent, but never pushy – he turned our business deal into a collaborative team effort. We made a deal and I could not wait to see what it was going to look like after it was set in the ring I had in mind. He helped me find the perfect stone to fit my needs and even helped do some custom work for the ideal setting. Every phone call and meeting was greeted with a smile and instead of jumping right into business we talked about how things were going in general wedding planning, honeymoon, work etc. Not knowing anything about diamonds beforehand besides reading a few things online, it was a little nerve racking trying to find a jeweler, but Lance took time to explain and answer all my questions. I would highly recommend Shapiro diamonds. My wife really enjoys her ring and the emeralds add such a beautiful touch!! Thanks again for being so patient with me and taking the extra time to select the perfect mounting. You are missing out on so much if you go to one of the big box jewelry retailers. Call them up and ask for Lance. No jewelry store could offer me that. I have a jeweler for life now. I had gone to several jewelers before I made my final destination at Shapiro Diamonds. Lance took the time to patiently hear exactly what I was looking for; he then showed me his beautiful collection of Diamonds and ring settings. We discuss several options and we came up with the perfect custom design. It is very rare that you encounter an establishment whose primary principal is integrity and sincerity. That is what you will find at Shapiro Diamonds. Trustworthiness is especially important when making a significant and personal purchase. I am completely satisfied with Shapiro Diamonds and I will continue use them for my future jewelry needs. Lance is a really nice guy and treats his customers like old friends. We waited until 3 weeks before the wedding to get wedding bands. We will continue to use Lance for jewelry in the future. I highly recommend him. Oh and did I mention that he sells at the wholesale rate? So you save tons of money and get much higher quality pieces. No pressure or sales tactics. He is very knowledgeable and has a team that can churn out custom jewelry pieces that rival the finest. Lance was courteous and professional. He really knew a lot about the business of purchasing diamonds. Alfred Richerson Addison, Texas Jewelry Shapiro Diamonds created a one of a kind engagement ring for my fiancée to give to me. He is so attentive to his customers and is able to make their perfect ring become a reality. It was a pleasure meeting him and getting to thank him for the gorgeous ring. I had to get my ring sized up a little and he took care of me so quickly. I had my ring back within 5 days!! They do amazing work and have the highest quality customer service. Anyone who chooses to work with Shapiro Diamonds is making the best choice for their diamond needs and wants!

I am most pleased with the overall elegance of the ring – it is classical yet modern, modern yet classical. I had spent 2 months looking around at all of the big name jewelers, and I found myself running into a brick wall. I simply could not find a ring design that I liked with the asscher cut diamond that my girlfriend wanted. Lance not only had a perfect stone for our engagement ring, but I was able to design the ring myself. I just picked up the ring on Monday, and it is even more stunning in person that I imagined it based on the CAD models. It is even more amazing because we now have a one of a kind ring that nobody else has. I would highly recommend Shapiro Diamonds to anyone looking for an engagement ring. You will not regret it! He surprised me with a ring that he and Lance worked together to create for me. I had to have it re-sized a little bit, but I had to leave last minute to see my 95 year old grandmother. I was afraid that this might be her only chance to see the ring and Lance was able to get the ring back to me before I left. He was an absolute pleasure to deal with. I do not know what the ring cost, but am told that Lance is able to find great quality diamonds at reasonable prices. in search of a special item for a special occasion. Kenneth Patrick Jewelry My new ring shines in the dark. Thanks again for being so patient with me and taking the extra time to select the perfect mounting. Thank you for the advice and direction; and for working with our limited budget. We already had a center stone in hand which made dealing with jewelry stores impossible. After blank looks from managers, we called Lance. He evaluated our diamond and helped us build a ring from scratch around it. He designed balls inside the bottom of the ring to compensate for my larger knuckle. So the ring fits over my knuckle but stays snug on my finger not sliding around. A big knuckle ring genius! Love my custom one-of-a-kind ring. Thanks to the Shapiro gang. Sure enough, Lance delivered. I nearly fell out of my chair when he showed me the finished product. I recommend him to all my friends and look forward to working with him for many years to come. I was so happy, I expressed my satisfaction on a diamond message board. The diamond keeps amazing me with its sparkle and shine. Lance listened to her vision and made it happen. The band will be his to design and make that's for sure. Lance thank you very much for making her dreams come true! Shapiro is just ahead of all the rest! Lance Shapiro, owner of Shapiro Diamonds, was born in Johannesburg, South Africa, home of DeBeers, the world's largest diamond producer. Close-knit family connections to the diamond cartel, and a long family history mining, lead him to the manufacturing and wholesale distribution of diamonds.

A lot of reviews had said that he tried to teach the customers about diamonds, but when I went to his store, he just sat there and showed me diamonds. He was not pushy, but he seemed very impatient and he was answering multiple phone calls and walking around the room during my "private" appointment. He did not have a large selection. When I finally asked if the diamonds he was showing me were EGL vs. Then when I asked for GIA, he only had a few and he failed to mention this in the beginning. I feel he was dishonest during the whole appointment. I am sure some people have had good experiences there, but I did not. I wish he would have been more up front regarding the diamonds he was showing me as well as taking more time to discuss the diamond ratings. I have also seen many of the same designs at other stores. Lastly, it also took him days to call me back so it made me feel like my purchase was not important to him when buying an engagement ring is one of the most important purchases in my life. If you go there, just make sure you ask the appropriate questions and to see the certifications of the diamonds, etc. This was posted by a competitor to falsely discredit us. We have no record of this visitor. We have a HUGE inventory of diamonds in a wide range of qualities. All diamonds have been purchased from legitimate sources. With thousands of happy clients, it? In a private setting 1 on 1. It was very nice in the lobby waiting with the free drinks and the video of the diamond rings and the album of his finished work. When I got in thats when it hit me. He only had 5 diamonds to show me and when I asked for a Radiant or Cushion in the same size there was an excuse. My best friend told me he was born in South Africa but that was it. I also did research on his company. He is not a site holder or a wholesaler in Texas. Not a good guy. My Wife and I were not happy at all. Stay away from this guy. Sorry my English not so good. Thank you for your posting. However I must strongly disagree with your posting and challenge your statements. Recommends Drew over a year ago Amazing quality and Excellent Service –” About 5 months ago, I began looking around for an engagement ring for my girlfriend. I spent a month or so looking at various wholesalers and retail stores. The price is no comparison when it comes to wholesalers. At first this made me skeptical but after sitting down with Lance multiple times and actually seeing the quality with my own eyes I made the decision to use Shaprio Diamonds. After my experience with Lance, you can be assured that I will be back many more times. I am about to purchase a wedding band from him for myself as well. Thanks again to Lance for getting me an amazing ring!

I received the most beautiful ("upgraded") engagement ring at Shapiro Diamonds. After discussing onl y vaguely what style the ring should be, Kendra designed it beautifully, and together with Lance executed it to perfection.

Shapiro is AMAZING. They came highly recommended to my fiance and we were not disappointed. I am constantly complimented on my engagement ring for the quality of the diamond and the design of the ring. I needed my ring re-sized a bit smaller and he only had it for two days before it was back on my hand!
