In a small Mexican town, a Catholic priest and a local bandit clash, but the brave priest ultimately wins the outlaw's respect.

A meeting place to exchange views, no matter how different or diverse these may be. Keeping these civil and courteous would be appreciated Saturday, November 03, The song, not the singer! But you know something? In the end, the discussions proved my point that Malaysians somehow desire a political messiah. The problem with such a personality is that it would be utter disaster when he or she has past baggage to contend with. Why in the world do we need such a messiah? Then we wield our votes. One visitor Miner lamented in anguish, if I may add and lambasted me: Sir, your vote count for nothing when the whole electoral machinery is rigged and corrupt. Your statement sound so naive. In fact given the present state of affair with the EC, voting is folly and mockery and contempt of democracy. To take part in the electoral process is only to [legitimize] the present corrupt and bankrupt administration. So what do you propose to do? Yes, no one trusts the EC nor the electoral process completely, but given its faults many, assuredly the ballot box still works in a fashion. Recall Ijok and the over-the-top pork-barreling and the shameless acknowledgement by Samy Vellu that years of development for Ijok was compressed into a month or so. Disgusting as the political misuse of public funds to pork barrel an election campaign had been, it bespoke of fear of voters. Will you, given your concerns with the EC? I urge you to. Just rely on your vote and forget about the need for a political messiah. Research into the amazing success of the Gerakan Party where there was no such messiah, yet it enjoyed such an astounding election success which terrified a frightened UMNO into what Dr Kua Kia Soong had told us in his book. Totally unrelated but worth reading :-.

The Singer Not the Song is a British drama film based on the novel by Audrey Erskine-Lindop that was directed by Roy Ward Baker and filmed in Spain. It stars Dirk Bogarde, John Mills, and Mylène Demongeot.

A tremendous book, well crafted and profound. Feb 18, Hpstrangelove rated it really liked it I just finished this book last night. It was good and I enjoyed it, but I had a few problems with it. I would have liked some confirmation of that, however. The other was some of the descriptions. The actions scenes seemed to happen so quickly and stated matter-of-factly that it was hard to become emotional over them. I did like th I just finished this book last night. I did like the plot - the good vs. I liked the character study of the priest. I watched the movie version of this book impossible to by a region 1 DVD and I had to buy a foreign version and was much more impressed by it. If anything I thought the "point" of the book was that good and evil are rarely so clearcut. Anacleto is the local bandit who rules the town of Quantana. Nearly everyone in town is in some way bribed, blackmailed, threatened or otherwi This was an interesting, complex story that lacked just a little something in the emotion department. Nearly everyone in town is in some way bribed, blackmailed, threatened or otherwise manipulated into doing his will. What he says goes. If he says no one should attend mass, no attends. As a result, the bishop sends Father Keogh to replace the current ineffectual priest, hoping Keogh can break the stranglehold Anacleto has on the town and allow the flock to return to God. The plot revolves around a battle of wits and wills between Anacleto and Father Keogh. There is a lot of psychology and reverse psychology and manipulation back and forth between the two men. But if the people know that Anacleto was behind it, Keogh will become something of a martyr, and the opposite will happen. And the more Father Keogh knows about these plots, the less he can do about them. He may know there are plans to attack him on his next visit to the sick in a neighboring village, but this makes it even more important that he actually go on the trip, lest he be seen allowing Anacleto to control him. Both men are particularly clever, so these rounds of manipulation escalate into ever more complicated and interesting plots. The problem is that neither character is very well developed or likable. It was interesting to follow their clever tricks back and forth but I never particularly cared who "won. He occasionally murders people, mostly to keep the rest in line. But in line with what? There is no drug trade or extortion or other grand plots here. It seems like he just enjoys being in charge and having everyone obey and fear him. He basically just a narcissist. Is that really evil? Is that really worth the consequences of Father Keogh coming to town and stirring up trouble? Because trouble is stirred up, and people are hurt, both physically and otherwise, by the battle between the two men. Yes, murder is wrong, but in the scope of personal and social ills This is the man labeled evil? Keogh seems to have a bit of a martyr complex at times. How much is Anacleto evil and how much is he labeled evil by Father Keogh to justify the battle against him? How much is the battle about Father Keogh representing the good of the church versus the evil of this small time local bandit and how much is the battle about Father Keogh representing his own ego versus that of a similarly intelligent man? Does it even really matter who wins? Without an emotional investment in the characters, the philosophical questions raised are fleeting. It makes for an interesting intellectual novel, but one without a lasting effect.

So was born the phrase "you can kill the messenger but not the message" and Harry Belafonte's quote "you can cage the singer but not the song" is an up dated variant on this same phrase.
