*Graduate student Souichi Tatsumi is demanding, violent, tyrannical and a homophobe. So, it's unfortunate that his best assets are a beacon to the homosexual eye: his ass and crotch.*

Tetsuhiro Morinaga is a university student with a four-year-old crush on his senpai, Souichi Tatsumi, whom he assists with his research projects. In *Challengers*, while sick with a cold, Morinaga inadvertently confessed that he is gay and in love with Souichi. Following this, he believes that Souichi now hates him since he is homophobic and says he will leave school, but Souichi actually cares for him and insists that they just forget about it and remain good friends. Their story ends with Morinaga convinced that his feelings will never be reciprocated. Souichi furiously calls Tomoe to tell him that he should not get any ideas about getting married, but Tomoe had not actually heard about the news since he had been busy working. Meanwhile, Morinaga laments to a friend about his unrequited love for Souichi, who in turn gives Morinaga a special drink that will make Souichi more compliant. Morinaga tries to throw it in the trash on his way home, but is uncomfortable with the thought of someone else finding it and reluctantly takes it home and hides it in his cupboard. After Souichi drinks all of the alcohol they had bought, he demands that Morinaga go out to buy more. While Morinaga is out, Souichi searches his apartment for any alcohol he may have and finds the hidden drug filled wine bottle and drinks it, not knowing it is drugged. At first it appears that it has no effect and Morinaga believes that he was tricked by his friend. They go to sleep, but Souichi wakes up during the night to find himself aroused and unable to move his body properly. He tries to sneak off to relieve himself, but due to the effects of the drug, his weakened body trips and wakes up Morinaga. Morinaga sees that Souichi is aroused and understands that the drug Souichi has taken actually works. The next morning, Morinaga is troubled by not having been able to control himself and what he did to Souichi. Souichi is furious with Morinaga for betraying his trust and threatens to kill him, but Morinaga tells him that he has been insensitive as well. He reminds Souichi that he was aware of his long term feelings for him, but became careless around him like he had last night and he finally just lost control. Souichi then throws Morinaga out of his own apartment, who then goes to the university in shame. When he returns home, Morinaga calls Souichi to apologize and swears to never appear before him again. At first, Souichi thinks nothing of it due to being furious with him. However, Morinaga soon completely vanishes and his classmates and friends begin to ask Souichi if he knows where Morinaga has gone, who has not contacted anyone. Souichi is shocked, having thought that Morinaga had simply been avoiding him. After not being able to contact Morinaga himself, Souichi begins to grow extremely worried and anxious that Morinaga may have been hurt or tried to hurt himself, getting his family contact info and searching for him and going to his apartment every day and night to see if he has come home. During this time, he begins to realize that despite everything that happened, he was willing to forgive and forget the entire event between the two. He then realizes how desperately he just wants Morinaga to come back home, saying the loss he is feeling is one that he has never felt before. Morinaga eventually returns to his apartment to pack up his belongings so he can move away when Souichi finally finds him when doing his nightly check. Souichi lets it slip how frantically worried he was when he vanished and Morinaga is deeply touched. Souichi tells him to never go away again and Morinaga tells him that if he is to stay, they will have to have sex since his feelings have not changed and that he cannot control himself around him anymore. Souichi, not wanting Morinaga to leave, reluctantly succumbs to the sexual advances and allows Morinaga to have sex with him. The two commence a dysfunctional relationship: Characters[ edit ] Souichi Tatsumi - A first year doctorate student in the agricultural science department at a university in Nagoya. Extremely hot-headed and violent, he has a reputation of being a tyrant to other students at the University and is not very social in result. After almost being raped by a gay professor and other bad experiences with homosexual men, he becomes extremely homophobic. Despite this, he unconsciously becomes deeply emotionally attached to his research assistant and friend, Morinaga, whom he is aware is homosexual but allows by his side on the agreement that his sexual orientation not be an issue. He tries to rationalize his dependency on Morinaga by convincing himself that having sex with him from time to time is essential to keep him in his life, although refusing to

admit why he needs him in his life in the first place. Hikaru Midorikawa Tetsuhiro Morinaga - A first year masters student in the agricultural science department at a university in Nagoya. He has a rough past due to growing up in a conservative family who drove him out of his hometown after discovering his relationship with a boy named Masaki, disgracing him, and leading him to a life of partying and promiscuity before changing his ways. He has been in love with Souichi since he first set eyes on him in university. He often appears at the beginning of each volume and gives Morinaga advice on his romance problems, although occasionally growing tired of hearing about his love drama. She mistakenly believes that Souichi and Morinaga are a couple, a belief that becomes less mistaken over time. She is shown to be a happy typical teenage girl and is supportive of her brother having a relationship with Morinaga, often teasing him about it and discussing their latest drama with Isoagi. He uses this knowledge as leverage to keep Souichi from threatening to kill Mitsugu and to treat him better. He is very smart, but ditzy and absent-minded. He was one of the main characters in the manga series *Challengers*. He lives in constant fear of Souichi and is deathly afraid of him. He is partially the reason Tetsuhiro had left their hometown, being the one to discover his relationship with Masaki, who was also his best friend, and to reveal it their family and town. He hopes to make amends with Masaki and his brother, only to discover the amount of pain he unintentionally caused. Following this, he hopes to change his ways. He has a side story in the series, which focuses on him and Misaki re-connecting again before eventually becoming a couple themselves. He secretly started a relationship with Tetsuhiro in their teen years, but was actually in love with Kunihiro. Following Kunihiro finding out and harshly reprimanding them for their lifestyle, he tried to commit suicide, but the attempt failed and he soon moved away to start fresh. As seen in a side story, when he meets back up with Kunihiro, he initially takes it very badly due to still holding a grudge towards him. However, they eventually move past their emotional barriers and become a couple. He is shown to be lively and loves his children dearly. Yamaguchi - A friend of Morinaga who is in the same year and major as Morinaga. *DramaQueen* initially announced at Otakon but due to financial difficulties, the book was never released. The series was available in scanlation, but *DramaQueen* issued cease and desist orders. Although it would be at a slower pace.

*Xiao Man, the beloved heir to the north area's martial arts club, suddenly decides to transfer to a south area high school to pursue "him". However, on her first day as a transfer student, everyone -including the teachers- mistakes her for a male delinquent.*

Kindan no Ai Desu ka!! April 6, A strange girl named Guri arrives at the house of Seiji Aino with a notebook called the "Kiss Note," which has the power to cause love between people. She claims that if Seiji does not kiss someone within 24 hours, he will remain a virgin forever, which Seiji misunderstands so he kisses her instead. The two eventually make-up, with Guri revealing her status as a cupid from heaven, and pairing them together with the Kiss Note, but not without including herself into the harem. One of their teachers Mr Kusunoke, is in love with one of their classmates, Mari. The girls decide to find out if the two would make a good couple, despite being a teacher and student. Mari claims to think of Mr Kusunoke as a little brother. Guri plans to fake taking Mari hostage so Mr Kusunoke can rescue her, however real criminals take both Mari and Guri hostage and Seiji is shot protecting Yuzu, causing her to develop feelings for him. Mr Kusunoke tries to protect Mari but is too weak to be of help. When Akane realises the criminals shot Seiji she beats them violently. Mr Kusunoke tells Mari that to confess his love would be inappropriate and will wait until she is no longer his student. Mari reveals she feels the same way but had likewise been waiting to tell him. She also privately tells Seiji that she loved Mr Kusunoke first and secretly manipulated him into falling in love with her. Aqua jealously watches Seiji with the girls. Yuzu attempts to befriend Aqua but Aqua accidentally reveals her own feelings for Seiji. They are approached by Stolas, a demonic penguin obsessed with Aqua. Seiji saves Aqua while Stolas is arrested. Guri and Seiji observe an argument between a man and the woman he was cheating on. Seiji gets pulled into the fight and the Kiss Note is burned. Korari admits that as no Kiss Note has ever been destroyed before no one knows what will happen. After Akane ignores Seiji it is concluded that all the couples brought together by the Kiss Note will break up, including Seiji and the girls. She gives Guri her own Kiss Note as a replacement as she is retiring due to being pregnant. Akane appears, angry that Seiji had not chased after her like she wanted and kisses him before stabbing him. Fortunately Guri re-enters their names in her new Kiss Note, restoring their harem and immortality just in time. A pink haired girl in glasses watches them. Guri learns Yuzu skips school so she can stalk Akane. Akane admits she knows Yuzu stalks her and tells Yuzu to attend school since she has Seiji to protect her, which upsets Yuzu who runs away. Yuzu defends herself from a pervert and falls into the water until Seiji rescues her. A girl named Shikimi approaches Seiji and Guri for help with her crush. Guri is unable to write the crushes name in the Kiss Note as Shikimi does not know his name. Seiji ends up alone with Shikimi and accidentally reveals that he and the girls are immortal. Guri realises her Kiss Note is missing. Shikimi lures Seiji away and kidnaps him, revealing that she is actually the pink haired girl from episode 3, a sadistic psychopath who has stolen the Kiss Note and tortures Seiji to find out how Guri grants immortality. Shikimi restrains Akane and threatens to kill Seiji to hurt Akane. Guri appears and Shikimi tries to manipulate her into letting her join the harem. Their meeting is interrupted by Maou, the current ruler of Hell who is determined to make Guri work for him as a demon. Kamisama and Maou agree Guri is still too immature and Seiji is returned to earth to teach Guri all he can about love. Seiji realises Shikimi has followed them. Shikimi is convinced Akane is too weak to survive the feud. This is proven true as Akane fights Stolas, who has returned for Aqua, and is badly injured. At school everyone attempts to help a couple prove their love by hunting ghosts. However it turns out the couple were also ghosts who had fallen in love but other jealous ghosts had refused to let them go to heaven until they proved their love. Guri is left troubled by her own feelings. May 18, Guri becomes angry when Seiji refuses to go to a festival with her. Guri is approached by a boy who asks her on a date. Guri constantly compares Seiji with the boy who is much nicer. At the festival the boy tries to kiss her, only to be rejected as Guri cannot stop thinking about Seiji. She then bumps into Seiji who came to the festival to stop her complaining. Despite his bad qualities she kisses him after realising she is happiest when they are together. Seiji is attacked by assassins but Aqua saves him. Seemingly imprisoned Akane recalls her childhood, the first time she met Seiji and how she

eventually fell in love with him. Suo orders Akane to kill Seiji. Akane almost does so but cannot as she loves Seiji too much. Suo almost beheads Seiji herself but Akane saves him. Akane stops the fight by insisting she is staying with Seiji no matter what. Guri points out Suo is acting out of love and is subsequently stabbed in the head by the embarrassed Suo, who allows Akane to continue dating Seiji, on condition she will kill him if he ever hurts Akane. Akane, back to her old self, attacks Guri for kissing Seiji and declares that they are now rivals. Suo explains to Ameisha that Yuzu is in love with Akane while also dating Seiji, something Ameisha had been unaware of. Guri worries Seiji and Akane are leaving her behind. Shikimi is ordered by both Suo and Ameisha to keep an eye on Seiji. Seiji and Akane plan to show Shikimi their success as a couple. Akane suggests they kiss and Seiji agrees on condition Akane and Guri get along. Yuzu becomes upset at the thought of Akane and Seiji kissing. As part of the cultural festival the class decide to put on a play with Shikimi, Akane and Guri as the Princess, Knight and Knights Rival respectively. Yuzu kisses Seiji, becoming confused when she feels nothing and convinces herself she hates Seiji for stealing Akane. During the play Akane fights with Guri again. Yuzu arrives and admits to kissing Seiji to work out how she feels. Akane forgives her, telling her to take all the time she needs. Akane successfully finishes the play by kissing Guri, hoping to show Seiji she can get along with her if necessary. Yuzu claims she still detests Seiji but no longer hates him. Shikimi mentions to Guri that the closer Yuzu and Akane become to Seiji, the more Guri risks being left behind. After spending the day with them Seiji tries to take a bath but his privacy is repeatedly invaded. Later with Akane in the garden Seiji keeps his promise and kisses her. Aqua returns, sees Seiji with four girls and punishes him. Seeing Aqua is upset Guri promises to help Aqua get some attention from Seiji. Aqua questions whether Guri has any actual feelings for Seiji. Stolas the Penguin returns, stronger than before. While escaping Aqua is defended by Korari. Aqua, tired of being afraid, stands up to Stolas and kicks him in the face. Seiji arrives to protect Aqua but finds she no longer needs protecting. Aqua realises her brother is still the same person he always was, despite his multiple girlfriends. Guri worries that something is missing between her and Seiji. Shikimi offers to talk with Guri about it and they disappear together. Seiji suspects Shikimi is responsible and confronts her. Shikimi captures Seiji and kisses him with Guri secretly watching. Guri had confided in Shikimi her fear something was missing between her and Seiji. Shikimi suggests staying away from Seiji and observing him with Akane. Guri saw that Seiji did not seem to be looking for her. Akane and Yuzu arrive and Shikimi reveals the depressed Guri. Shikimi tells her to ask Seiji how he feels about her. Seiji angrily responds that Guri has only ever been a nuisance, causing Guri to become cocooned in black feathers. Shikimi leaves with Maou. Yuzu blames Seiji for neglecting Guri and insists he help her save Guri. Akane refuses to help while Seiji decides he also wants to save Guri. Seiji and Yuzu are found by Shikimi, forcing them to flee. They are rescued by Akane, who reached hell in an unusual manner, and after reaching Guri demands she either return to normal or stay a demon forever. Seiji finally realises how badly he really had been treating Guri and pleads with her to return to normal. After Guri instinctively makes a dirty joke Seiji realises normal Guri is not gone after all. Guri becomes so confused by her feelings she almost faints.

### 3: The Tyrant Falls In Love (Title) - MangaDex

*The Tyrant Falls In Love Volume 2 (Yaoi) [Hinako Takanaga] on [www.enganchecubano.com](http://www.enganchecubano.com) \*FREE\* shipping on qualifying offers. Morinaga's crush on Tatsumi-senpai has been going on for four years and counting.*

Tetsuhiro Morinaga can tell you all about that "now that he had a taste of the forbidden fruit" Customer Book Reviews One of the oddest and most entertaining yaoi pairings out there By Lauren Mercedes on Apr 11, From beginning to end, the relationship between Morinaga and his "senpai", Tatsumi, is a playful romp in sado-masochism. Tatsumi is a high-strung and temperamental biology major, with raging homophobia and a deep, unwavering love for his younger brother -- who just so happens to be gay and living in America with his lover. Tatsumi firmly believes in "tough love" nothing says "I care about you" better than a well-meaning punch to the head and could teach classes in self-denial. Tatsumi knows this and frequently gives Morinaga a hard time for his "perverse ways", yet oddly, remains close friends with him despite hating gays. Remember what I said about self-denial? Morinaga bravely steps to help Tatsumi drink himself into oblivion rather than release a plague upon the West in retaliation, but things really get going when, in search of more booze, Tatsumi downs a bottle of Aphrodisiac Morinaga had stashed in a back closet I highly recommend this series to anyone with an eye for fun, hot, and unusual yaoi. Fabulous squicky hilarious shmoozy smutty weird abusive comedy By J. Brown on Sep 22, Finally, after far too long in licensing limbo, Tyrant is here! And it is awesome. In *Challengers*, Souichi blond ponytail is introduced as the unremittingly homophobic, violently temperamental, and homicidally overprotective older brother of Tomoe, the uke of that series. Souichi was apparently hugely popular with readers and with Takanaga herself, and promptly got a completely unwanted love interest hopelessly devoted fellow grad student Morinaga and later his own spinoff series, *The Tyrant Falls In Love*. Takanaga must have had a hard time coming up with a way to get a homophobe with a hair-trigger temper and a complete willingness to say it with his fists into bed, and goes for the old booze-drugs-and-noncon standby. Souichi flies off the handle after California legalizes gay marriage and Tomoe announces his intention of marrying his boyfriend, Morinaga tries to calm him down with lots of beer, drunk! Souichi accidentally drinks an aphrodisiac that Morinaga was given by a meddling friend long story, Morinaga is unable to resist the opportunity to molest horny! Souichi, you know the drill. Where this goes off the rails of the usual BL "forceful seduction" is that Souichi is totally not OK with it, never becomes OK with it, and in fact tries to murder Morinaga in a fit of rage the morning after. So Morinaga promises to never let Souichi see his face again, and vanishes. Cue the other half of the push-pull dynamic of this relationship: Souichi is a friendless loner and emotionally dependent on Morinaga, and with him gone, Souichi, who has mood swings like a swinging thing, starts to feel Just as in *Challengers*, Souichi turns out to be willing to compromise his self-image to keep Morinaga around, as long as he can blame it all on Morinaga and beat him up afterwards, and Morinaga is willing to play the villain as long as it gets him Souichi. So the two of them settle into a tempestuous, mutually abusive relationship: Because *Tyrant*, you see, is a comedy; kind of a squicky, bad-taste comedy in spots, and with a strong dramatic streak, but mainly a comedy. Souichi is permanently furious, and his over-the-top reactions to everything are the main source of humor. Souichi is totally not willing to examine his attachment to Morinaga and gets violent whenever Morinaga tries to be shmoozy and romantic, but at the same time is equally unwilling to let him go. Morinaga is resigned to being bossed around, worked like a dog, and punched as long as he can smex up Souichi on a regular basis. Honestly, these two would be far better off leaving each other and finding more compatible partners, but watching them rattle around each other makes for excellent entertainment. I can now die happy By F. Caldwell on Sep 23, Yes, finally. Volume 1 of *The Tyrant Falls in Love* is here. I am a longtime fan of the series and *Challengers*, the original series that this is a spin off from. I love the characters and obviously Souichi and Morinaga are my favorite among favorites. It never fails to impress me. Morinaga is a gay man who are strangely lacking in yaoi manga They even stayed friends. Volume 1 finds him feeling hopeless much as he was back in *Challengers* volume 3 and lost. The morning after finds Morinaga restored to his right mind and dreading the result of his "forced seduction. *Tyrant* is hands down one of my favorite series. Yes, they have a

strange, twisted, mutually abusive relationship. Morinaga takes as much from Souichi as he gives back. But through all the ups and downs the story remains entertaining and hilarious. The progression of their relationship is always exciting and serves as a welcome change from all the high school boys and girly ukes in yaoi manga. Sure, Souichi has long hair but he acts and fights like a man. He also has a mouth like a trucker. And I have to say that I kind of prefer the scanlations to the official translation. June kept the honorifics thankfully! A few times it almost seemed like they went out of their way to avoid the wording used by the scanlation and ended up using awkward phrasing. Probably not the case but who knows? Because, yes, I own half the series in Japanese and have read all the scanlations but I still want the English release. I love it just that much. Hands down my favorite title By Angela Williams on May 15, This is, without a doubt, my favorite yaoi title. The development of the relationship between the two main characters is a joy to watch. The door to the sexual relationship is opened with a fairly common yaoi plot device, but what happens afterwards is not so typical. And aside from this initial episode, Morinaga is one of the gentlest, caring, and likable seme out there. One of the things I like best about this story is that the uke is an independent, untamed, MAN, not a girl-substitute or a whimpering man-child. There are times in the course of the story when he has to be the strong one and protect Morinaga. They are equals, and aside from the sexual relationship they have a respect and liking for each other as individuals. The artwork is beautiful, and conveys intense passion without being completely graphic. There is also plenty of humor and enough plot to keep things moving. If I could have only one yaoi series on my bookshelf, this would absolutely be it. A yaoi for any yaoi lover! Granted, the first, second, and third books can be quite frustrating for those who just want the "tyrant" to admit his own feelings for Morinaga. However, once you get to book 4, the story begins to take off on a journey we all want to see: A Souichi is a deeply repressed self-hating closet homosexual who is forced to come to terms with his sexuality. C Souichi is your typical easily embarrassed heterosexual Male Tsundere who just follows societal norms. Overall the plot line is well thought out and very funny at times. I enjoy the facial expressions from the extreme chibi to the subtle hints of disappointment, and find that Takanaga captures both of the characters in their true forms and delivers them with grace and ease. I hear that there is a 3rd book coming soon, but with translation and editing and publishing Keep your eyes open if you like the first 2 books. It is hands down one of my favorites. The sex scenes are well done and there are just enough of them to keep it really exciting. The storyline is excellent and the development of the characters is fantastic. Rand on Apr 27, Let me start off with some warnings. Takanaga-sama manages to combine an addictively enthralling mixture of witty and bawdy humor, heart-wrenching romance and longing, steamy, mouth-watering sex-scenes, and a teasing edge of frustration that will keep you literally on the edge of your seat, flipping the pages as fast as your fingers will allow. I would strongly suggest this book to any yaoi lover- first time reader or seasoned vet like myself- as a permanent addition to your collection! I am so excited to see this book finally come out in English print for the American masses! There was drama and romance and humor. I look forward to reading the rest of the series. By Alphacentarina on Jan 17, Finally own Vol. Amazing condition and translated extremely well! It was a well-made book and has survived the years well. Five Stars By Brown. By Mf on Jul 16, I love this story to bad I will not be able to collect the whole series. Only some volumes are priced and the rest are over priced. I love this series! By Rabbitzan12 on Jul 19, I feel so inspired when I see the artwork and it most definitely has some very adorable scenes as well as some blush-tastic scenes. I look forward to more.
