New Tile Adds Value & Style to Your Home Tile is a wise choice for your floors and walls. It's easy to maintain and can take a lot of wear and tear. Trends may come.

If your home has the structural bones in place, the right curbside appeal, then you can believe in the potential of design transformation! Check out these four easy house hacks to create the Spanish Style Home decor of your dreams! I recommend that you approach creating your Spanish style home decor from its foundation – flooring. Mexican tile flooring offers many options for you to consider. Handmade Saltillo tile is most traditional for a Spanish style home decor. Keep it classic with Traditional Saltillo and its range of terracotta colors. Antique Saltillo tile is hand-textured and offers a perfect solution for outdoor areas that require a nonslip finish. When you buy this type of Spanish tile terracotta flooring, buy it pre-sealed to save on cost and overall maintenance. With a variety of shapes, sizes, and patterns from which to choose, Saltillo tile is the perfect choice for creating a space laden in Spanish style home decor. Lighting is an easy hack to accomplish – both indoor and outdoor. Spanish style home decor typically boasts decorative iron chandeliers and bronze or copper sconces. Check out some of my favorite choices for adding the right flavor to your up and coming Spanish style home. Illuminate your outdoor walkways with wall lights, posts, and street lanterns. I love sconces in hallways or in spaces across from large mirrors where the light can be reflected. Spanish Style Home Decor – Lighting, Flooring, and Stone Features Iron chandeliers soften typical Spanish style home decor elements such as stone fireplaces and columns. Use your lighting choices to dress up your home and solidify your Spanish style design choice. House Hack 3 – Architectural Features. One of the most visible elements in a Spanish Style home is its architectural features. Tasteful Spanish style features create a focal point in rooms or a gathering place in homes. Pinon Cantera Stone Fireplace Consider a Cantera stone fireplace that is hand-carved with decorative elements to match your style. Chunky wooden beams add inviting ambiance to grand living rooms. Finally, consider bringing your living space to the outdoors by gathering friends and family around a Cantera stone fountain or firepit. I love color and the personality that it adds to a Spanish style home. Do you want to modernize a room with a monochromatic color theme? Either way, your color choice will bring the entire Spanish style home decor look to completion. Cement Tile for Bathrooms – durable and timeless. Tile is artwork when done right. Cement tile is a go-to for a Spanish style home. Encaustic-style Cement Tile comes in a plethora of designs and colors. Its beauty is met alongside its function and durability, so this makes it a favorite choice for adding color. Ideal areas of the home to use decorative tile include kitchen flooring and backsplashes, bathroom flooring and showers, patio flooring, and entryways. I especially like the impact that colorful cement tiles have when used as wall tile. Wall tiles create a stunning focal point. Do something daring and add colorful tile to your Spanish style home. Rustico Tile and Stone is the source for Mexican tile and stone. Make Every Space Count!
