

1: Truth (Finding Anna Book 3) - Finding Anna #3 - Lesen Sie das Buch online

The third instalment of the Finding Anna series. For the last two months, Brianna has discovered something she never thought she would again. Hope.

This title is perfect for this book. The theme is all about trust. Who do you trust? How does one learn to trust again after a horrific event leaving a person scarred for life? Brianna must now grow a pair to face her sadistic torturer. I like the author a lot. The lovely conclusion to a whirlwind rescue showcases a broken Brianna and a persecuted Stephen. This is why I read the book. The BDSM is very light. The amount of hatred against BDSM in all four books is a bit overwhelming. It leaves a reader in the lifestyle feeling as if a shower is needed to cleanse oneself of all the mudslinging. Hayes spends a good amount of time portraying how those in the lifestyle are judged and discriminated against. The number of characters against the BDSM lifestyle and their actions at times overpowers the essence of this story. This is undercut frequently by spiteful characters. The extremes in behaviour from many of these characters, Cal, Stephan and Brianna illustrate how young each of them are in the story. Cal is a bit of a paradox in the sense where he is very mature for his age and takes on a lot of responsibility yet his emotional responses tend to be exaggerated. While many females may coo over his protectiveness. Stephan is definitely less patronizing than Cal. He at least listens. Cal is roughly 2 to 3 years older than Brianna. At the age of 21 or 22, he seems to think he knows it all. Hayes captures him perfectly for a child of this age thinking they know everything and trying to force everyone into their idea of what is right and wrong. What I liked about these two males is how Brianna finally speaks up. What Cal does to her is basically disrespecting her choices. I need to keep reminding myself she is only 19 years old and lived a completely sheltered life. It is easy to see why everyone wants to make decisions for her because she behaves as a child of 3 or 4. She is nearly catatonic. BDSM as a method to heal mental issues is rare. One of the main reasons why I have difficulty with this story is why Stephan goes to such great length to help Brianna. He commends her to be strong and courageous. Our definitions of these two words do not coincide. I see a weak, dependent, scared little girl. Her one outstanding skill is her ability to cook. My lack of love for Brianna aside, the relationship dynamic between Stephan and Brianna is quite sweet. My favourite interaction between the two lovers is how they calm each other down. Hayes does a wonderful job using vivid imagery and incorporating several of the senses to show how two people can merge to be the missing pieces for each other. It makes me yearn for this kind of connection. Overall, this is a smoothly written story as to be expected by Ms. The characters are consistent with the first three books in this series. The conclusion is satisfying even if it is a bit too easily resolved. Recommended for New Adult readers who enjoy a star crossed lovers theme.

2: Feeling Fictional: Review: Truth - Sherri Hayes

*Truth (Finding Anna, #3) by Sherri Hayes on BookBub. ***This is book 3 of a 4 book series.*** The last two months of Brianna's life have far exceeded her expectations.*

Sherri Hayes I want to say thank you to all those who read *Slave* and loved it. Thank you to all of my Facebook and Twitter followers who I pester with random questions from time to time. Thank you for all your help and support, and your love of Stephan and Brianna. Brianna I stood, looking at myself in the mirror, the events of last night running through my head. Not like you think I did. I had the means to help you. When I brought you into my home, I knew that I wanted to keep you. Not as my slave, Brianna. I had so many questions, and yet no idea where to begin. What did it all mean? Was I no longer his? I fingered the metal collar still in place around my neck. There, in his arms, no one could hurt me. Maybe that was stupid, but it was true. The moment I sat down in his lap, his arms came around me, and I instantly felt better. All the uncertainty no longer mattered because he was there. Nothing could come and take that feeling away. He caressed me ever so softly over my arms and back. I had thought I would spend the rest of my life owned by someone, to be used and abused as they saw fit. I clung to his shirt with my right hand while my left lay close to my side. Nothing had felt right in my life for the last eleven months. He arose fluidly from his chair with me in his arms, and carried me to my bedroom. It had only made me hold on tighter. He sat me gently on the bed and began to move away. He pried my small fingers from his shirt. Gently, he began undressing me. His movements were unhurried. Never once did he try to do anything. He scooped me up again in his warm arms and laid me down in my bed. My eyes found his as he hovered over me. They were filled with concern. He brushed the hair away from my face. If you need me or want to talk, come wake me. He watched me for several more minutes before standing once again to his full height and turning to leave. Instead, I watched him leave. I woke several times during the night. Light was streaming in through my bedroom windows, leaking into the bathroom through the open doorway as I continued to look in the mirror. He would have already left for work by now. I had no idea what I was waiting for. The mirror held no answers. Also By Sherri Hayes.

3: "Truth" by Sherri Hayes

Fate brought us together, but the sins of my past threaten to rip us apart. In a city ruled by corruption and powerful men, only the ruthless survive.

As I was reading the beginning I was thinking to myself, oh boy, what is going to happen? What is Brianna going to do? What will Stephan do? But geez, he took her to a library after hours! I think I almost fainted when I read that part. All gushing aside, everything in was amped up a notch! with steam, character development, tension and drama. Okay, so Brianna cries still and she has major panic attacks. OH and the steam. I am just ticked with anticipation! Mahlet I could be Because I read Truth early and nothing, absolutely nothing else matters! Thank you so much, TWCS! In Truth, Stephan is still the controlled and s As I was to say: He lives and breathes it and he just IS. And you feel that tension just under the surface of this entire book. Or will simply being with Brianna be enough for him? Or will that leave him feeling incomplete? These are the questions that plagued me and kept me on edge. All issues are entwined and lead to a shocking conclusion I had a chance to speak with Hayes earlier this month. I think 4 books is the right number. I first became intrigued with this series when I randomly had breakfast with Hayes at the Reader Author Get Together. We were among the last stragglers making our way downstairs on the very last morning of the Con We talked about her writing process for and the extensive detail and care that went into some of the scenes. She reached out to people in the BDSM community - sometimes messaging back and forth into the wee hours of the morning - to get the dynamics of even a Dom to Dom conversation in the presence of a slave. Afterwards, I totally stalked Hayes into the parking lot after breakfast but she said it was okay! It was just one of those situations where you have a gut feeling and you KNOW Michael Dunellen When I found out this was available from and I could finally solve the cliffhanger, I requested it immediately. And had to wait a week to be approved. This is my review. Do you realize what Brianna just did? Take a moment When I found out this was available from and I could finally solve the cliffhanger, I requested it immediately. Take a moment to remember back to that Saturday two months ago. Can you imagine her even thinking of doing something like this back then? She has come a very long way in a very short time and you deserve a lot of the credit. But, and you probably knew this was coming, I think you really need to take this opportunity to think about Consent. At the Dinner, you made a pretty good case. At least not from you. And he has a point. I know you two have talked but how much of this is really what she wants and how much is it her wanting to please you? Because that is definitely what was happening when you sent her to the waxing. Because they came very close to pulling the plug on the whole thing. And I have got to say, I am a little confused over something. I thought you were into your basic Play in the Playroom type of relationship. But when you have her kneeling by the door to punish her, that seems way TPE to me, Brother. I do have to give you some props for avoiding the Impact Play because as we saw she is nowhere ready for that. Anyway, take a breath. Because I think Brianna is still in a lot of danger and you have got to realize that as well. We are all counting on you to do the right thing. I have been waiting for this book for a year. As soon as I begun to read it I was pulled right back into the complex world of Brianna and Stephan. Their story is such a bitter sweet one, that has me behaving as if I know these two people in real life! I am so emotionally invested in their story, that I laugh when they do, and cry when they cry! Sherri Hayes has written a book that has made it impossible not feel some When I saw that this book was finally coming out in July, I was super excited!! Sherri Hayes has written a book that has made it impossible not feel some form of empathy for what Brianna has endured and at such a young age to boot. My heart bleeds for her and the trauma she has endured. The only reason for my four star review is because of the cliff hanger at the end. I found myself extremely frustrated that I was going to have to wait again for the next installment. I do know that the book must be good if I am so upset that it is already over! Do I regret reading it, instead of waiting for book 4 as well? I adore the "Finding Anna" series, and there would have been no way that I would have been able to wait!! In book 3 we get to see more interaction with Stephan and Brianna, and even better we get front row seats to some pretty hot sex!! She really does have a child like quality to her, and I had to remind myself that she is only She is young, and to top it all off she has had evil

and vile things done to her. The strength it takes her to do some of the easiest tasks that we take for granted is so admirable, and even though it is taking her baby steps to heal she is doing all the same. The trust she puts in Stephan is amazing, but he has most definitely earned it! Stephan has got to be the most patient man in all of the "book world! He spends every minute of each day planning ahead to make life for Brianna go as smoothly as possible. She does not do well with the unexpected, so he spends tons of time trying to prepare her. Where can I find a Stephan of my own?!!!! I learned more about what makes Stephan tick this time around. Not only that but I figured out that not only does Brianna rely and need him; he also has a strong need for her in his life too. Will love conquer all, or will the outside forces get in the way of their happiness? This series is a must read. This is a romance, but there is so much more to it as well. This series will hold a special place in my heart for all time! Candace I have devoured this series. Stephan and Brianna are quickly becoming one of my favorite couples. Maybe he thinks he can get more for her the second time around??? A little late for paternal concern if you ask me! The only reason that this book was a 4 vs. It kind of weirded me out! I mostly listened to the other three and really liked the narration. It is not what I was speccing, but I liked it. I am glad I read this series. Very little happens in each book, and yet it evolves. The developvent goes slowly and in a monotonous way, but this is a good thing. In fact, that sameness, that repetitiveness is what diferenciates it from other books. It gives the series its own personality, you come to expect the routine and it is gratifying. And that feeling of conflicted conscience adds on to the appeal of the story. Is this right or not? Is there really harm? Would it have been better for the parties involved to have follow the current morally accepted society rules? Mersina Seena Okay just finished Need and eff me!! 5: REVIEW and GIVEAWAY: TRUTH (FINDING ANNA #3) by SHERRI HAYES

For the last two months, Brianna has discovered something she never thought she would again. Hope. After the horror of being Ian's slave for ten months, a fate she never imagined she'd escape, it feels as if she is living a dream.

6: Download Truth free ebook (pdf, epub, mobi) by Sherri Hayes by lamoreeserling67 - Issuu

Review: Truth by Sherri Hayes I have been following this series since day one and was happy when I saw the ARC available on Netgalley. I read Slave (read my review) and Need (read my review) in just less than a day.

7: Truth | Sherri Hayes | | NetGalley

Truth by Sherri Hayes starting at \$ Truth has 1 available editions to buy at Alibris.

8: Truth (Finding Anna, #3) by Sherri Hayes - BookBub

a big thanks to the publishers, the writer?s coffee shop for an advance reader copy of truth by sherri hayes. Exceptional, Enthralling, thought- provoking, soul gripping and shockingly intense! Truth by Sherri Hayes is another ACE and I was one of the lucky ones who got an ARC.

9: Raed Truth Online Free by [Sherri Hayes] â†• Good Books To Read

Sherri Hayes Unfortunately, no. My publisher decided against producing the audio book for Trust, which means I would have to have it produced myself. My publisher decided against producing the audio book for Trust, which means I would have to have it produced myself.
