

## 1: Unleash the Night Quotes by Sherrilyn Kenyon

*Unleash The Night "Oh my goodness!" Whitney exclaimed the instant they entered the famed Sanctuary biker bar. Marguerite's own eyes widened as she looked around the dark, grungy place that did appear to need a good and thorough cleaning.*

Danger haunts any given day. There is no one to trust. No one to love. Not if they want to live. An orphan with no clan that will claim him, Wren Tigarian grew to adulthood under the close scrutiny and mistrust of those around him. A forbidden blend of two animals - snow leopard and white tiger - Wren has never listened to anyone when there was something he wanted. Now he wants Marguerite. Still, she has no choice but to try and conform to a world where she feels like an outsider. But the world of rich and powerful humans is never to meet the world of the Were-Hunters who exist side by side with them, unseen, unknown, undetected. To break this law is to call down a wrath of the highest order. In order to have Marguerite, Wren must fight not just the humans who will never accept his animal nature, but the Were-Hunters who want him dead for endangering their world. Love me some Wren. He was odd even in the Were-Hunter world. When it came to the human world they would lock him in a cage if they ever learned of him. Wren is such a baby boy in Katagaria years. Less than 50 years old, he was unfortunate in terms of his parents who both apparently hated him. When they were both killed about 20 years ago, little Wren found refuge at Peltier House that sheltered creatures who were thrown out of their clans and all the misfits in need for help. Wren rarely talks; he has a monkey as his only friend and long hair to cover his eyes and his job is to clean tables. But for some reason almost everyone is scared of him. Maybe because he is deep down an animal. Maybe because he is half snow leopard and half white tiger and completely unstable. Maybe because he is more lethal than he looks. But when he takes a look at Maggie, his quiet world is shattered. Maggie is the daughter of a senator and she has strong Cajun roots from her mother side. Although rich, she is a simple, nice girl really. Her world will change as well when she meets her first Were-Hunter. As their story proceeds, many truths will be revealed. Wren is not really that poor and his father is not really that bad and Wren is not really that dangerous unless you harm the woman that he loves. That was an awesome story! I loved the chemistry between the two main characters. He is such a tortured hero. He is basically a male who just waits for the right girl in order to show his true self and shine. Senator and has been forced to lead the life of a socialite, which she despises. Beautiful and smart, she has always felt like an outsider. I loved Maggie and Wren together their story is sweet and so heart-warming. Finally, after such a long time, Wren meets someone who touches him. He dropped his gaze down to her hand on his chest. And yet she had a strength inside her that stunned him. And he brings into her life what she has been looking for such a long time. Wren You might say that. This morning it was in New Orleans, I was staring at you wondering what it would be like to have the ability to change into a tiger. Yeah, just your average day Her touch scalded him and it touched the tiny part of him that was human. More than that, it touched his animal heart and tamed it. He was at peace. There was no pain. No taunts echoing in his head. It is absolutely awesome! I loved both Wren and Maggie, a cute couple. Near the end when Maggie got some power, I felt a bit surprised but I liked it because that made them had their sweet HEA eventually. This is a great series! Ok, I must admit, I forgot how much I liked this series. And surprisingly, the 8th book is still really good! Most of the times, after the first couple of books, a series becomes "meh". The characters were lovely! Normally, it annoys me when the plot focuses more on their love story here, the plot was the love story! But this one was great! Nope, it was a cute, sweet, full of action and killing kind of plot. This book is worth trying, specially if you liked any of the dark-hunter books. I enjoyed the plot very much, as well as the high quality writing. It was simply unputdownable. I like to be informed. Cleverly measured tension, great suspense and worrisome conflicts, heartbreaking past, amazing secondary characters, and emotional, intimate, but also steamy erotic scenes. The main characters, their emotions, backgrounds, and motivations are fu Jan

04, Unleash the Night is a really great Were-Hunter story. The main characters, their emotions, backgrounds, and motivations are fully elaborated but never boring. Wren is half snow leopard, half white tiger, who needs to be tamed. He is practically pulled through the walls he had built around himself only by the presence of Maggie, the very first time they meet. His attraction for her is instant and unexpected, and he is scared of the tenderness he feels for Maggie. He thinks he is unworthy of her, so it is so uplifting to see as he becomes more and more confident, and starts to believe that maybe there is hope for him, for them together. Then somewhere in the middle of the book determination takes root in her that one day she will stand up for herself against her father. She is just an amazing character. So in my opinion, it hardly solves the problem. I really want to know how it works. It was why she meant so much to him. Why he never wanted to lose her. She was everything to him. Originally posted on my blog on January 4, That is not a bad thing. The books are usually light-hearted reads filled with plenty of romance, humor, and with just enough drama to keep things interesting. I liked the romance in this one. I was unsure about Wren to begin with, the guy is a bit weird, but enjoyed the way his feelings for Marguerite developed and how they helped bring him out of his shell. The pair made a good couple. The plot was fast paced and fun. Wren is set up by his uncle to take the blame for his parents death and a meeting of the Omegrion is called to vote on his fate. The vote goes badly for Wren and he is forced to try and clear his name. We met a few familiar faces from the previous Dark-Hunter books as they popped up to lend a hand to Wren. That is always fun. Amy and Fang featured as secondary characters and both had good showings. The other stand out secondary character was the mediator of the Omegrion Savatar. This might not have been one of the very best Dark-Hunter books but it was still a worthwhile and fun read. The Dark-Hunter series has a few audio narrators, but Fred Berman is probably my favorite of the bunch. But this one was a gem! I loved Wren and Maggie. Wren, as usual, had a heartbreaking history, but not nearly as bad as others. Maggie also had some sadness and shadows in her past, but together they were able to overcome. Was it perfect - well no, but I am not sure anything is anymore. Overall, I loved Wren and all of his issues and I loved watching Maggie help him through them. Even when he pushed her away, he could not let go and she did not let him, but also did not roll over and take shit from him.

### 2: Dark-Hunter - Wikipedia

*Unleash the Night is the story of Wren Tigarian and Maggie Goudeau. Wren is a one of a kind Katagaria, a hybrid between a tiger and a leopard. He can take human form, but his natural state is that of an animal.*

Danger haunts any given day. There is no one to trust. No one to love. Not if they want to live! An orphan with no clan that will claim him, Wren Tigarian grew to adulthood under the close scrutiny and mistrust of those around him. A forbidden blend of two animals—snow leopard and white tiger—Wren has never listened to anyone when there was something he wanted. Now he wants Marguerite. Marguerite DAubert Goudeau is the daughter of a prominent U. Senator who hates the socialite life she's forced to live. Like her mother before her, she has strong Cajun roots that her father doesn't understand. Still, she has no choice but to try and conform to a world where she feels like an outsider. But the world of rich and powerful humans is never to meet the world of the Were-Hunters who exist side by side with them, unseen, unknown, undetected. To break this law is to call down a wrath of the highest order. In order to have Marguerite, Wren must fight not just the humans who will never accept his animal nature, but the Were-Hunters who want him dead for endangering their world.
