2: The Usual Suspects () - Quotes - IMDb

"When everything looks unusual around you, your eyes and your mind mostly need anything usual! Unfamiliar disturbs us; familiar comforts us! But for the wise man, unusual is more precious than the usual because it offers us a new way, a new vision, a new idea, a new world!"

Who is Keyser Soze? What if you miss? The Usual Suspects movie has an incredible script. He is supposed to be Turkish. Some say his father was German. Nobody believed he was real. Nobody ever saw him or knew anybody that ever worked directly for him, but to hear Kobayashi tell it, anybody could have worked for Soze. That was his power. Do you believe in him, Verbal? After that, my guess is that you will never hear from him again. The greatest trick the devil ever pulled was convincing the world he did not exist. And like that€ he is gone. He is the Devil. Do you at least understand that? Keyser Soze, you ridiculous man. How do you shoot the devil in the back? Keyser Soze € or whatever you want to call him € he knows where I am right now. Immunity was just a deal with you assholes. I got a whole new problem when I post bail. So why play into his hands? We can protect you. Oh, gee, thanks, Dave. Bang-up job so far. The same fuckers that rounded us up and sank us into this mess are gonna bail me out? You think you can catch Keyser Soze? You think a guy like that comes this close to getting caught and sticks his head out? If he comes up for anything, it will be to get rid of me. He lets the last Hungarian go. He waits until his wife and kids are in the ground and then he goes after the rest of the mob. Then he burns down the houses they live in and the stores they work in, he kills people that owe them money. And like that he was gone. Nobody has ever seen him since. He becomes a myth, a spook story that criminals tell their kids at night. The way I hear it, Soze is some kind of butcher. A peerless, psycho, fucked-up butcher. One cannot be betrayed if one has no people. So why are you telling us? Because you have stolen from Mr. That you did not know you stole from him is the only reason you are still alive. He feels you owe him. You will repay your debt. All right, fuck the debt. How do we know you work for Soze? All five of you are responsible for the murder of Saul Berg and his bodyguards. Redfoot can testify to your involvement, and we can see to it that he will. Big fat guy, I mean like orca fat. What the fuck is going on? The strangest thing€ 13The Outlier Verbal: I mean, these guys were hard-core hijackers, but there I was. Besides, it was fun. I got to make like I was notorious. They tell me you got the cripple from New York in there. He mention Keyser Soze? Bear with me here€ Dave Kujan: What did you think of The Usual Suspects? After he had finished sacrificing the burnt offerings and fellowship offerings, he blessed the people in the name of the LORD Almighty. Then he gave a loaf of bread, a cake of dates and a cake of raisins to each person in the whole crowd of Israelites, both men and women. And all the people went to their homes. I started saving for my year long trip as soon as I got my very first job. I had the money to start my trip for a while but I had doubts and reservations of quitting my well paid high position job. One day, I woke up and literally decided there and then to quit everything, sell everything I had, and go traveling. On the outside, my job as a full-time travel writer seems easy. A pretty photo here and there, a long Instagram status about how beautiful this place is but, in reality, we too have bills to pay and struggle with every day living. Sometimes, all you need is a moment of madness or sheer brilliance to be able to work up the courage to defy the norm and live life on your own terms. It was a time in my life where I got to know myself, lived hard, and also eventually grew the courage to pursue my dreams. While leaving the place was difficult, it was also time. I often felt like I was in a rabbit hole and I needed a way out. Being a well-known vacation island, people were very transient. It is a place I know I can never return to and immediately feel at home because somewhere along the way, I realized that the people who were there with me at that point in time made it home. Have you ever felt like that about a specific place? Peripatetic on the other hand is another beautiful word which sums up the urge that most people feel to wander. I wanted to be happy. I wanted to live by the ocean and live a simple and content life. I guess this is why the German word *Livsnjutare* resonates so much with me. I am proud to say that although I am far from being financially stable working on it! *Sehnsucht* on the other hand is probably a word I would use on a daily basis if I spoke German. I kid you not, I often catch myself day dreaming about exotic places, remote islands, and exploring hidden destinations. So I totally understand the notion of longing for travels to come. Feel free to pin them! *Numinous* adjective Feeling both fearful and awed by what is before you. If I have an early flight, I end up waking up multiple times throughout the night in fear that I have somehow overslept and missed my flight. While some may call that slightly neurotic, I think I prefer the word *resfeber*. *Novaturient* is pretty much a word that sums up why I urge people to travel. I have seen what it has done for me and I have seen how it brings out the best and the worst in people. Travel for me is humbling. For some people, traveling alone is life changing. While I now travel with my partner, my solo trip abroad was what ultimately defined who I am. It taught me so many things about myself that I would never have found out. For example, I found out that I loved eating alone when I was in Italy. While I think eating alone started as a fear of being judged by the amount of pizza and pasta I would eat, I eventually loved every second of it and would excuse myself when I was traveling with big groups just so I could have some me and my meal time. I could name a million other things that came out of my solo travels but bottom line is, solo travel for me made me feel like superwoman which is why I could definitely relate to the word *Sturmfrei*. *Sonder* captures that as it speaks of how everyone is on their own journey. That grumpy waitress that you meet? She just might be having a horrible day. The person who stole your hat while in the hostel? Maybe they really needed. Being able to empathize with people is one of the things that I think every person should do more of. Traveling teaches you that. Every day I am humbled by the people I meet on the road and it serves as a constant reminder to be more understanding. One who loves to travel. *Acatalepsy* noun The idea that it is impossible to truly comprehend anything Origin: *Wayfarer* noun Someone who travels, especially on foot. Greek While I could write paragraph after paragraph how these words mean to me, I will let these unusual, yet beautiful words speak to you instead. Hopefully, you picked up a few unusual words which you were able to relate to. What I love most about these words is how they beautifully capture emotions, some of which take a lifetime to express.
