

1: Hans Wilhelm (Wilhelm, Hans,) | The Online Books Page

More frustratingly, Waldo manages to introduce a Santa-like God - almost a Karma God - to his little friend Michael, and never mentions Jesus. There's a later book in the series (which I have not read) entitled "Waldo, Tell me about Jesus," so the series is Probably intended to share an orthodox Christian worldview.

Waldo Sought a Truer Faith Anonymous Chronicle written about Robinson in Readings in European History, Adapted, modernized, introduced, and prepared for the web by Dan Graves. Troubadours who had become popular in the 11th century often sang ballads about saints. This particular troubadour recounted the story of Alexis, a fifth century mystic who abandoned wealth to live by begging and returned home unrecognized. Followers gathered around him. Lay preachers carried this word from place to place. Later, Waldensian peddlars also spread the gospel. Bishops became upset that Waldo and his followers were encroaching upon their turf and doing the tasks they had left undone. In , to counter their objections, Waldo and a disciple went to Rome to seek papal approval for their work. Pope Alexander III had them explain their position to a panel of three clergymen. No one seems to have taken them seriously and the pope did not approve their work, although he seems to have authorized them to preach wherever local bishops approved. This, of course, was to say nowhere. Shortly afterward, the Third Lateran Council condemned Waldensian teaching, but without excommunicating them. Driven from Lyon, the Waldensians settled in the high valleys of Piedmont, and in the Luberon region of France. For three centuries, Rome persecuted the Waldensians savagely. Driven from place to place, they clung to Scripture, and their lay preachers continued to spread reform views, which were far from heretical and in agreement with much that would later be found in the Franciscan movement and in Protestantism. Indeed, most Waldensians united with Protestants during the Reformation. Those who remained in the Alps, however, retained their separate identity. Italy finally awarded the Waldensians religious freedom in The account that follows was written around , the year in which Waldo is thought to have died. It tells of his conversion in typical Medieval terms. When morning came the prudent citizen hurried to the schools of theology to seek counsel for his soul; but when he was shown many different ways of going to God, he asked a master which way was more certain and more perfect than all others. The master answered him with this text: She was angry at having to make this choice, but she kept the real estate. A severe famine was then oppressing France and Germany. The prudent citizen, Waldo, gave bread, with vegetables and meat to every one who came to him for three days in every week from Pentecost [May 28th that year] to the feast of St. But going on to a higher place, he said. I know that many will blame me that I act thus openly. But I do it both for myself and for you; for myself, so that anyone who sees me from now on having any money may say that I am mad, and for you, that you may learn to put hope in God and not in riches. This moved everyone who was present to tears.
