Ha ha ha ha! Even their differences are not the same. A boy sputters and squawks, a girl putters and preens. And each wants to say what the other one means. Because of their differences, each is unique. A girl sees what she likes, a boy likes what he sees. He ruffles her feather, she wobbles his knees. A girl and a boy. Well, what more can I say? But does that mean Christopher Robin will no longer be interested in us? Its bite can cause lovesickness. Well, then we must get him to a doctor. Oh, my dear bear. This Smitten is merely a member of the Love Bug family. Whatever shall we do? We must proceed with caution. Then we got to do something, and do it fast. We got to go and get another Smitten to unsmite them. If a second Smitten smites him, it should cancel the first. Well, then we shall get him one. If you want to snare a Smitten, the first thing you need is bait. Hoo hoo hoo hoo hoo hoo hoo! But, Tigger, where is the bait? Right there, buddy bear. What self-respecting Smitten could resist a lovely young lad, standing on a hilltop holding a bouquet of forget-me-nots? Them forget-me-nots is poison ivy. Hoo hoo hoo hoo! Somebody or something has found my honey. Could it be the We must find it, or Christopher Robin will never again be as he was. And off they went in search of the creature. And they searched, and they searched, until at last they found themselves deep in the unknown heart of the Hundred Acre Wood. Why, it could be in most any part of anywhere. Oh, Smittens are monstrous thingies, all right. You scratch and scratch and scratch it, but the itch becomes a twitch. You get all googly woogly! I mean, follow that Smitten!

History Origin Original Winnie-the-Pooh stuffed toys. Clockwise from bottom left: Roo was lost long ago; the other characters were made up for the stories. Milne named the character Winnie-the-Pooh after a teddy bear owned by his son, Christopher Robin Milne , on whom the character Christopher Robin was based. Colebourn left Winnie at the London Zoo while he and his unit were in France; after the war she was officially donated to the zoo, as she had become a much loved attraction there. But his arms were so stiff And I think "but I am not sure" that that is why he is always called Pooh. In Milne, a Londoner, bought a country home a mile to the north of the forest at Cotchford Farm , near Hartfield. According to Christopher Milne, while his father continued to live in London " And we would spend a whole glorious month there in the spring and two months in the summer. In the centre of this hilltop was a clump of pines. Christopher added that, inspired by Ashdown Forest, his father had made it "the setting for two of his books, finishing the second little over three years after his arrival". As Christopher Milne wrote in his autobiography: The wooden bridge is now a tourist attraction, and it has become traditional to play the game there using sticks gathered in nearby woodland. It was illustrated by J. The Evening News Christmas story reappeared as the first chapter of the book. He was renamed after a black bear at London Zoo called Winnie who got her name from the fact that her owner had come from Winnipeg, Canada. Although he and his friends agree that he "has no Brain", Pooh is occasionally acknowledged to have a clever idea, usually driven by common sense. Pooh is also a talented poet, and the stories are frequently punctuated by his poems and "hums. Later, Pooh muses about the creative process as he composes the song. Pooh is very fond of food, particularly " hunny ", but also condensed milk and other items. When he visits friends, his desire to be offered a snack is in conflict with the impoliteness of asking too directly. Though intent on giving Eeyore a pot of honey for his birthday, Pooh could not resist eating it on his way to deliver the present, and so instead gives Eeyore "a useful pot to put things in". Pooh is very social. After Christopher Robin, his closest friend is Piglet, and he most often chooses to spend his time with one or both of them. But he also habitually visits the other animals, often looking for a snack or an audience for his poetry as much as for companionship. His kind-heartedness means he goes out of his way to be friendly to Eeyore, visiting him and bringing him a birthday present and building him a house, despite receiving mostly disdain from Eeyore in return.
