Beat about the bush a Discuss a matter without coming to the point b Roaming without any goal c Killing the snake near the bush d Taciturn 3 Arrange the below statements in the order of their occurrence. Note that the first S1 and last statement S6 are given. In the middle of one side of the square sits the Chairman of the committee, the most important person in the room. For a committee is not just a mere collection of individuals. On him rests much of the responsibility for the success or failure of the committee. As the meeting opens, he runs briskly through a number of formalities. From the moment its members meet, it begins to have a sort nebulous life of its own. There is an error in one of the parts. Point out the part which has an error. Another word is to be found from the given alternatives, having the same relationship with this word as the words in the given pair. Choose the correct alternative. Choose the most appropriate answer to each question. The story does not end here. This much for tax angle. The above represents only a few of the extraneous reasons for the high cost of Indian machines. The machine tool industry in India has an enviable record of very quick technology absorptions, assimilation and development. It will be a pity in fact a tragedy if we allow this industry to die and disappear from the scene. It is to be noted that India is at least km away from any dependable source of supply of machine tools. The Government of India has always given a great deal of importance to the development of small scale and medium scale industries. This industry has also performed pretty well. Then what is it that industry requests from Government. It wants level playing fields. In fact, all of us must have a deep introspection and recognise the fact that the machine tool industry has a very special place in the country from the point of strategic and vital intersects of the nation. Most important, it requests for the Govt. E severe competition among the small and medium scale industries. E None of these.
