The Word Biblical Commentary delivers the best in biblical scholarship, from the leading scholars of our day. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Individual volumes are now available, as well as the OT and NT sets. Multiple volumes for a single book are combined. New offerings are listed below. This set does not contain volumes for Acts or 1 Corinthians as they are still unpublished volumes. The publisher has required us to remove the following superseded original volumes from the new sets: Joshua, Psalms , and 2 Corinthians. As a courtesy to the users of the older WBC sets, we are adding these individual original volumes to the downloads of the original sets.
