Published on October 12, By Sarah E. On November 8, the 52nd anniversary of the Higher Education Act, institutions around the country are invited to celebrate the presence and experiences of first-generation college students, faculty, and staff on your campuses. While we hope you will take advantage of this particular day for celebrations, please consider this a charge to begin or expand celebrating first-generation experiences throughout the academic year. Feel free to use this list, add your own twist, share with colleagues, and get your students involved in planning! Some suggestions require little to no resources while others may need the creativity and support of campus partners, leaders, and your local community. Please remember that some first-generation students, faculty, and staff may still be actively navigating this part of their identity. Please obtain permission before highlighting or recognizing individuals publicly. Host a campus event or rally featuring notable first-generation alumni, faculty, staff, students. Empower first-generation student leaders to get involved in planning or to emcee the event. Host panel discussions or forums featuring first-generation members of your campus community to discuss their college experiences. Celebrate the legacy of TRIO programs on your campus. If possible, identify numbers of students served or major milestones. Coordinate a positive language campaign to combat the use of deficit language surrounding first-generation college students. Incorporate first-generation faculty experiences into classroom discussions. Create multimedia materials of first-generation students for use in admissions, orientation, and campus development sessions. Interviews with trustees, administrators, and faculty who are first-generation. Consider profiling these individuals in your campus newspaper, websites, or on campus TVs. Launch a first-generation student logo development contest to be use for programs, services, and events. Distribution first-generation swag to promote your celebration events and continued opportunities. Engage local and campus media to cover your celebrations and events. Prepare a short set of talking points to distribute so accurate and appropriate information regarding first-generation students is shared. Host a breakfast, luncheon, or snack break for first-generation students to celebrate their success. Invite first-generation leaders, faculty, and staff to attend. Partner with campus offices, bookstores, local eateries, and gas stations to add gift card raffles to your celebration events. Ask your university president or member of the leadership to send a public statement support first-generation student success. Launch a lecture series for the university community to understand recent media and scholarship surrounding first-generation student success. Start by identifying faculty or staff on your campus who may have scholarship in this area! Kick off a brown bag lecture series for faculty to discuss topics related to classroom experiences for first-generation students and offer approaches for improvement. Not sure who on your campus is first-generation? Use your celebrations as a way for faculty and staff to identify as first-gen and get them signed up to support first-gen students in some way! Highlight the contributions of first-generation students to your campus community. Think about campus leaders, those contributing through service hours, academic achievement, recent award winners, student-athletes. Create an infographic highlighting facts specific to first-generation students on your campus to post in academic and student spaces and online. Host first-generation alumni networking and career development events. Offer resume and interview workshops to offer tips on how to best frame first-generation status in the hiring process. Host a job recruitment fair featuring companies committed to hiring first-generation college students. Meet students where they are, literally! Set up stations in commuter student parking areas to offer breakfast-on-the-go or car winterization kits to students just to brighten their day and feel encouraged and encouraged. Offer a discount to attend. Profile first-generation students and programs on the university and departmental websites and social media Kick off a campaign to raise funds for first-generation student scholarships or program expansion. Announce your commitment to host a graduation ceremony or celebration for first-generation students and their families. Ask colleagues to identify how they are considering first-generation students on their programs and services. Partner with campus librarians to curate

### 2: College Days for Android - APK Download

*College Days is a great time to visit Pensacola Christian College to find out if PCC is the place for you or your child. Both spring and fall times are scheduled around major campus events, allowing visitors to have a fuller experience of life at PCC.*

Will it be like home? Will it be like your high school experience? Will you be able to handle it? Will it be fun and exciting? Will it be scary and nerve wracking? Well, hopefully a glimpse at a day in the life of a college student will help sort some things out! The college schedule is very different than the traditional high school schedule. Typically, there is a lot more flexibility with your college classes. In high school, you were probably told that you had to take US History, which was offered every day at The other cool thing about the college schedule is that you usually have more opportunities to explore your interests and passions. For example, you will be picking a major that will determine the types of classes you will specialize in. In high school, you have a set curriculum of classes you have to take across all subject areas. In college, think about your schedule as a pyramid. Find scholarships for your major Another big difference you should be aware of is the time structure. This will not be the case in college, where you usually take four or five classes at different times throughout the week. You might have a science class on Mondays, Wednesdays, and Fridays from Then, you might have your Introduction to Education class on Wednesday evenings from 6: There will always be some courses that are only offered on certain days at certain times, but for the most part, there are a lot of options to think about! However, college is like high school in that you will have the opportunity to get involved by joining different clubs, organizations, and maybe even by getting a part-time job. Most schools have hundreds of extracurricular activities, and it is pretty easy to start one as well. So, as you can imagine, your schedule can get crazy with meetings, band practice, sport practice, play rehearsal, work hours, etc.! Of course, the best way to see what a true day in the life of a college student is like is to actually get the schedules of some college students! Here are two undergraduates and their real-life experiences.

### 3: College Life | Cambridge Academy for Science and Technology

*I came home 2 days ago after completing my last semester (Jan-April) at IIT Madras. Convocation is usually scheduled in the month of July, so I will be officially graduating then. Last semester has been quite an emotional one for me. People say the friends you make in college last a life time. I am.*
