Email More than two years after filing for divorce, the battle between Denise Richards and Charlie Sheen has only become more bitter. Richards, 37, and Sheen, 42, have been fighting over the custody of their daughters, Lola, 2, and Sam, 3, since April. Other times they accuse each other of sending vile e-mails and indulging in underage porn. Much of their mud has been slung through the media, which is now playing an even bigger role in their saga. This is divorce wars, and I hope the children are not the losers. Sheen accused Richards of asking for his sperm; Richards called said sperm "prostitute-tranny infested. If one person keeps spouting off and the other person keeps being quiet -- as Kevin Federline did with Britney Spears -- then that other person can stay cool, calm and collected long enough for the situation to turn around. They can be downright nasty and dirty but they need to keep that behind closed doors. She also claims Sheen assaulted her and threatened her life during a incident at her Los Angeles home. Richards and Sheen take a break from mudslinging and agree to a temporary child custody settlement. Sheen and Richards are spotted out and about with their new partners. Sheen and Richards make peace. I grew up in Illinois, not L. He told me that was in the past, and I believed him. It was humiliating for me to have a lot of that out there. During an appearance on her talk show, Sheen tells Ellen DeGeneres that he and Richards are on good terms. Richards congratulates the happy couple. He files court papers requesting more visitation rights with his two kids and tells "Entertainment Tonight," "What I am doing is pursuing a relationship with my daughters that is unpolluted. He also claims that Richards makes "unnecessary phone calls to me and my home" and asks the court to forbid calls between them except in emergencies. Sheen tells "Entertainment Tonight" that Richards wants his sperm. I am having a baby in the next year. So, I did bring this up to him. There are so many couples having unhealthy children. Charlie and I have very beautiful healthy children together. Does that answer it? Richards files documents seeking "the assistance of the court to obtain orders to protect her children" from Sheen, according to her attorney. She accuses Sheen of "an attraction to underage women," providing numerous printouts of porn Web sites he allegedly visited during their marriage. Sheen lashes out at Richards in response, saying she "behaves as though she owns our children. A day of legal reckoning for her is fast approaching. Mueller tells People magazine that Richards "begged [she and Sheen] on a few different occasions not to tell the girls we were engaged. But she knows my character and humanity and knows that I would never do such a thing. The computers were returned two weeks later. He said that I wanted his sperm as a donor for a third child. I can get it elsewhere. If any proof can be established that these are not in fact her words and statements verbatim, I openly invite her and would even encourage Ms. Richards to sue me in a court of law. She had an opportunity to tell the truth. Here is the proof. I have two beautiful kids. Rot in hell you [bleeping] whore.
